BILLING CODE 6820-EP-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Announcement of Requirements and Registration for the 2018 Million Hearts® Hypertension Control Challenge

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

Authority: 15 U.S.C. 3719.

Award Approving Official: Anne Schuchat, M.D. (RADM, USPHS), Acting Director, Centers for Disease Control and Prevention, and Acting Administrator, Agency for Toxic Substances and Disease Registry.

SUMMARY: The Centers for Disease Control and Prevention (CDC) located within the Department of Health and Human Services (HHS) announces the

launch of the 2018 Million Hearts® Hypertension Control Challenge.

Million Hearts® is a national initiative to prevent one million heart attacks and strokes by 2022. In order to prevent one million events, we need to decrease smoking, sodium consumption and physical inactivity by 20%; improve performance on appropriate aspirin use, blood pressure control, cholesterol management, and smoking cessation to 80%; and improve outcomes for priority populations. Over the last five years we have seen tremendous progress by provider and health care systems that focus on improving their performance in controlling blood pressure. Getting to 80% control would mean that 10 million more Americans would have their blood pressure under control, and be at substantially lower risk for strokes, heart attacks and other cardiovascular events. For more information about the initiative, visit <https://millionhearts.hhs.gov/>.

The Million Hearts Hypertension Control challenge is an important way to call attention to the need for improved blood pressure control, provides a powerful motivation and target for clinicians, and will improve understanding of successful implementation strategies at the health system level. The Million Hearts Hypertension Control Challenge will identify clinicians, clinical practices, and health systems that have exceptional rates of hypertension control and recognize them as 2018 Million Hearts® Hypertension Control Champions. To support improved quality of care delivered to patients with hypertension, Million Hearts® will document and further disseminate the systems, strategies, processes, and staffing that contribute to the exceptional blood pressure control rates achieved by Champions.

DATES: The Challenge will accept applications from February 20, 2018 through April 6, 2018.

FOR FURTHER INFORMATION CONTACT:

Mary George, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control and Prevention, 4770 Buford Hwy. NE, Mailstop F-73, Chamblee, GA 30341, Telephone: 770-488-2424, Email: millionhearts@cdc.gov; subject line of email: Million Hearts Hypertension Control Challenge.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition: The challenge is authorized by Public Law 111-358, the America Creating Opportunities to Meaningfully Promote Excellence in Technology, Education

and Science Reauthorization Act of 2010 (COMPETES Act).

Applicants for the 2018 Million Hearts® Hypertension Control Challenge will be asked to provide two hypertension control rates for the practice's or health system's hypertensive population: A current rate for the most recent 12-month reporting period (e.g., 1/1/2017-12/31/2017) and a previous rate for a 12 month period 1 year before the most recent reporting period (e.g., 1/1/2016-12/31/2016). Applicants will also be asked to provide the prevalence of hypertension in their population, describe some population characteristics that present significant challenges in attaining hypertension control (such as percent minority, percent enrolled in Medicaid, percent with no health insurance or who are homeless, and percent whose primary language is not English) and strategies used by the practice or health system that support continued improvements in blood pressure control. Further details are provided in the application form.

Eligibility Rules for Participating in the Competition: To be eligible to be recognized as a Million Hearts® Hypertension Control Champion under this challenge, an individual or entity—

(1) Shall have completed the application form in its entirety to participate in the competition under the rules developed by HHS/CDC;

(2) Shall have complied with all the requirements in this section and;
