

through cable ownership, an indefeasible right of use (IRU), or an inter-carrier lease (ICL).

The Commission uses the circuit capacity data for such purposes as analyzing international transport markets in merger reviews. More importantly, these data are essential for our national security and public safety responsibilities in regulating communications, an important linchpin of the Commission's statutory authority. Submarine cables are critical infrastructure and the circuit capacity data are important for the Commission's contributions to the national security and defense of the United States. The Commission uses the data, for example, to have a complete understanding of the ownership and use of submarine cable capacity and to assist in the protection, restoration, and resiliency of the infrastructure during national security or public safety emergencies, such as hurricanes. The Department of Homeland Security (DHS) filed comments stating that it also finds this information to be critical to its national and homeland security functions, and states that this information, when combined with other data sources, is used to protect and preserve national security and for its emergency response purposes. There are no alternative reliable third party commercial sources for the reported data. Although some sources collect general capacity information from cable owners, neither the FCC nor DHS has found any alternative sources for capacity holder data. Commercial source data may include capacity information, but the data are not verified by company officials and do not include capacity holder data. Although the Commission obtains the ownership and location of individual cables through the licensing process, distribution of a cable's capacity among providers is not required to be reported under our current submarine cable licensing rules and is provided only annually through the Circuit Capacity Reports. Further, the Commission's licensing rules do not require an applicant to include the entities that have acquired capacity on the cable through an IRU or ICL.

(b) Registration Form [Section 43.82 (b)]

The Registration Form provides basic information about the filing and about the entity itself—such as address, phone number, email address, and the international Section 214 authorizations and cable landing licenses held by the filer. This information will assist in keeping track of who holds international circuit capacity and how to contact them. The Registration Form also

includes a certification by the filing entity to certify the accuracy and completeness of its report. The Registration Form provides the means by which the filing entity may request confidential treatment of the data filed in the report.

(c) Filing Manual [Section 43.82(c)]

The Filing Manual sets forth instructions on how to file the reports.

FEDERAL ELECTION COMMISSION

[NOTICE 2018-03]

Price Index Adjustments for Expenditure Limitations and Lobbyist Bundling Disclosure Threshold

AGENCY: Federal Election Commission.

ACTION: Notice of adjustments to expenditure limitations and lobbyist bundling disclosure threshold.

SUMMARY: As mandated by provisions of the Federal Election Campaign Act (“the Act”), the Federal Election Commission (“the Commission”) is adjusting certain expenditure limitations and the lobbyist bundling disclosure threshold set forth in the Act, to index the amounts for inflation. Additional details appear in the supplemental information that follows.

DATES: These adjustments are applicable January 1, 2018.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth S. Kurland, Information Division, 999 E Street NW, Washington, DC 20463; (202) 694-1100 or (800) 424-9530.

SUPPLEMENTARY INFORMATION: Under the Federal Election Campaign Act, 52 U.S.C. 30101-46, coordinated party expenditure limits (52 U.S.C. 30116(d)(3)) and the disclosure threshold for contributions bundled by lobbyists (52 U.S.C. 30104(i)(3)(A)) are adjusted periodically to reflect changes in the consumer price index. *See* 52 U.S.C. 30104(i)(3), 30116(c); 11 CFR 109.32, 110.17(a), (f). The Commission is publishing this notice to announce the adjusted limits and disclosure threshold for 2018.

Coordinated Party Expenditure Limits for 2018

Under 52 U.S.C. 30116(c), the Commission must adjust the expenditure limitations established by

52 U.S.C. 30116(d) (the limits on expenditures by national party committees, state party committees, or their subordinate committees in connection with the general election campaign of candidates for Federal office) annually to account for inflation. This expenditure limitation is increased by the percent difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 1974). 52 U.S.C. 30116(c).

1. Expenditure Limitation for House of Representatives in States With More Than One Congressional District

Both the national and state party committees have an expenditure limitation for each general election held to fill a seat in the House of Representatives in states with more than one congressional district. *See* 52 U.S.C. 30116(d)(3)(B). This limitation also applies to the District of Columbia and territories that elect individuals to the office of Delegate or Resident Commissioner.¹ *Id.* The formula used to calculate the expenditure limitation in such states and territories multiplies the base figure of \$10,000 by the difference in the price index (4.97135), rounding to the nearest \$100. *See* 52 U.S.C. 30116(c)(1)(B), (d)(3)(B); 11 CFR 109.32(b), 110.17. Based upon this formula, the expenditure limitation for 2018 general elections for House candidates in these states, districts, and territories is \$49,700.

2. Expenditure Limitation for Senate and for House of Representatives in States With Only One Congressional District

Both the national and state party committees have an expenditure limitation for a general election held to fill a seat in the Senate or in the House of Representatives in states with only one congressional district. *See* 52 U.S.C. 30116(d)(3)(A). The formula used to calculate this expenditure limitation considers not only the price index but also the voting age population (“VAP”) of the state. *Id.* The VAP figures used to calculate the expenditure limitations were certified by the U.S. Census Bureau. The VAP of each state is also published annually in the **Federal Register** by the U.S. Department of Commerce. 11 CFR 110.18. The general election expenditure limitation is the

greater of: The base figure (\$20,000) multiplied by the difference in the price index, 4.97135 (which totals \$99,400); or \$0.02 multiplied by the VAP of the state, multiplied by 4.97135. Amounts

are rounded to the nearest \$100. See 52 U.S.C. 30116(c)(1)(B), (d)(3)(A); 11 CFR 109.32(b), 110.17. The chart below provides the state-by-state breakdown of the 2018 general election expenditure

limitation for Senate elections. The expenditure limitation for 2018 House elections in states with only one congressional district² is \$99,400.

³ This expenditure limit does not apply to the District of Columbia, the Commonwealth of Puerto Rico, and the territories of American Samoa, Guam, the United States Virgin Islands, and the Northern

Limitations on Contributions by Individuals, Non-Multicandidate Committees and Certain Political Party Committees Giving to U.S. Senate Candidates for the 2017–2018 Election Cycle

For the convenience of the readers, the Commission is also republishing the

contribution limitations for individuals, non-multicandidate committees and for certain political party committees giving to U.S. Senate candidates and national party committees for the 2017–2018 election cycle:

Statutory provision	Statutory amount	2017–2018 limit
52 U.S.C. 30116(a)(1)(A)	\$2,000	\$2,700
52 U.S.C. 30116(a)(1)(B)	25,000	33,900
52 U.S.C. 30116(h)	35,000	47,400

Lobbyist Bundling Disclosure Threshold for 2018

The Act requires certain political committees to disclose contributions bundled by lobbyists/registrants and lobbyist/registrant political action committees once the contributions exceed a specified threshold amount. 52 U.S.C. 30104(i)(1), (3)(A). The Commission must adjust this threshold amount annually to account for inflation. 52 U.S.C. 30104(i)(1). The disclosure threshold is increased by multiplying the \$15,000 statutory disclosure threshold by 1.21588, the difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 2006). The resulting amount is rounded to the nearest multiple of \$100. See 52 U.S.C. 30104(i)(3), 30116(c)(1)(B); 11 CFR 104.22(g). Based upon this formula (\$15,000 × 1.21588), the lobbyist bundling disclosure threshold for calendar year 2018 is \$18,200.

On behalf of the Commission.
