

duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status components noted below, the company would be able to choose the duty rates during customs entry procedures that apply to passenger motor vehicles (duty rate—2.5%). Volkswagen would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components sourced from abroad include T-Piece/plastic pipes and stainless-steel flanges (duty rate ranges from 3.1 to 6.2%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 24, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: February 5, 2018.

Andrew McGilvray,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-07-2018]

Foreign-Trade Zone (FTZ) 49—Newark, New Jersey; Notification of Proposed Production Activity; Movado Group, Inc. (Timepieces and Jewelry); Moonachie, New Jersey

Movado Group, Inc. (Movado) submitted a notification of proposed production activity to the FTZ Board for its facility in Moonachie, New Jersey. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on January 31, 2018.

Movado's facility is located within Subzone 49J. The facility is used for the assembling of parts and components into finished watches and clocks, as

well as kitting activities involving watches and jewelry. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Movado from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status components noted below, Movado would be able to choose the duty rates during customs entry procedures that apply to wrist watches, travel clocks, and electrically operated alarm clocks (duty rate ranges from duty-free to 27.8%). Movado would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Rings for fingers of precious metal; earrings of precious metal; necklaces of precious metal; wrist bracelets of precious metal; jewelry of precious or semiprecious stones (natural, synthetic or reconstructed); imitation jewelry: Cuff links and studs; rings for fingers of base metal; earrings of base metal; necklaces of base metal; wrist bracelets of base metal; coins (other than gold), not being legal tender; key chains; watch movements, electrically operated and with mechanical displays only or devices for incorporating mechanical displays (complete/assembled); watch movements, electrically operated and with opto-electronic display only (complete/assembled); watch movements, electrically operated and with other than mechanical or opto-electronic display only (complete/assembled); watch movements, with automatic winding (complete/assembled); watch movements, other than electrically operated or with automatic winding (complete/assembled); watch movements (complete/unassembled or partly assembled); watch movements (incomplete/assembled); watch movements (rough movements); clock movements; watch cases, precious metal or of metal clad with precious metal; watch cases, of base metal, whether or not gold- or silver-plated; watch cases, other than precious metal or base metal; watch case parts: Crown tubes/gaskets; crystals; crystal gaskets; case back crystals; case backs; case back gaskets; case back screws; case tubes; bezels; gaskets; bezel screws; ring flanges;

movement holders; watch straps/bands/bracelets, precious metal or of metal clad with precious metal; watch straps/bands/bracelets, base metal, whether or not gold- or silver-plated; watch straps/bands/bracelets, other than precious metal or base metal; springs, including hairsprings; dials; plates and bridges; other watches or clock parts: Bracelet decors; hands; crystals; pushers; crowns; bezels; case back screws; bezel screws; bracelet screws; case back gaskets; bezel gaskets; crystal gaskets; case tubes; movement holders; ring flanges; movement screws; deployment buckles; tongue buckles; clasps; jewelers' clasps; logo covers for bracelets; sizing link screws; pins; tubes; set case to bracelet attachments; and, silver oxide and lithium batteries (duty rate ranges from duty-free to 13.5%). The request indicates that lithium-ion batteries will be admitted to the zone in privileged foreign status (19 CFR 146.41), thereby precluding inverted tariff benefits on such items.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 26, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov or (202) 482-1963.

Dated: February 6, 2018.

Andrew McGilvray,

Executive Secretary.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-489-815]

Light-Walled Rectangular Pipe and Tube From Turkey: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Agir Haddecilik A.S. (Agir) did not make sales of subject merchandise at prices below normal value during the period of review (POR) May 1, 2016, through April 30, 2017.

DATES: Applicable February 12, 2018.

FOR FURTHER INFORMATION CONTACT: Jonathan Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3518.

SUPPLEMENTARY INFORMATION:

Background

This administrative review covers nine exporters of the subject merchandise, including the sole mandatory respondent, *i.e.*, Agir. Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the preliminary result is now February 5, 2018.¹ Interested parties are invited to comment on these preliminary results.

Scope of the Order

The merchandise covered by the antidumping order is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 millimeters. The merchandise subject to the order is classified in the Harmonized Tariff Schedule of the United States at subheadings 7306.61.50.00 and 7306.61.70.60. For a full description of the scope of the order, see Preliminary Decision Memorandum.²

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance

with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. Further, a list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://iaaccess.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Partial Rescission of Administrative Review

On August 2, 2017, Atlas Tube and Searing Industries (collectively, the petitioners) timely withdrew their request for an administrative review of each of the companies for which they had requested a review, except for Agir. On September 7, 2017, Noksel timely withdrew its request for an administrative review of itself. No other parties requested a review of the companies for which the petitioners and Noksel timely withdrew their review requests. Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. Therefore, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review of the AD order on LWRPT from Turkey with respect to Toscelik Profil ve Sac Endustrisi A.S., Toscelik Metal Ticaret A.S., Tasyali Dis Ticaret A.S., Noksel Celik Boru Sanayi A.S., Yucel Boru ve Profil Endustrisi A.S., Yucelboru Ihracat Ithalat ve Pazarlama A.S., Cayirova Boru Sanayi ve Ticaret A.S., and CINAR Boru Profil Sanayi ve Ticaret A.S.

Preliminary Results of Review

The Department preliminarily determines the weighted-average dumping margin for Agir for the period

May 1, 2016, through April 30, 2017, as follows:

Manufacturer/exporter	Weighted-average margin (percent)
Agir Haddecilik A.S.	0.00

Assessment Rates

Upon issuance of the final results, Commerce will determine, and Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with 19 CFR 351.212(b)(1). We will calculate importer-specific assessment rates equal to the ratio of the total amount of dumping calculated for examined sales with a particular importer to the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future deposits of estimated duties, where applicable.

For entries of subject merchandise during the POR produced by the respondent for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of LWRPT from Turkey entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Agir will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate

¹ See Memorandum for The Record from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Shutdown of the Federal Government" (Tolling Memorandum), dated January 23, 2018. All deadlines in this segment of the proceeding have been extended by 3 days.

² See Memorandum, "Decision Memorandum for Preliminary Results of the 2016-2017 Antidumping Duty Administrative Review of Light-Walled Rectangular Pipe and Tube from Turkey," dated concurrently with this notice (Preliminary Decision Memorandum).

published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established in the most recently completed segment of the proceeding for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 27.04 percent *ad valorem*, the all-others rate established in the less-than-fair-value investigation.³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

Commerce intends to disclose the calculations used in our analysis to interested parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties are invited to comment on the preliminary results of this review. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the time limit for filing case briefs.⁴ Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each brief: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities.⁵ Executive summaries should be limited to five pages total, including footnotes.⁶ Case and rebuttal briefs should be filed using ACCESS.⁷

Pursuant to 19 CFR 351.310(c), any interested party may request a hearing within 30 days of the publication of this notice in the **Federal Register**. If a hearing is requested, Commerce will notify interested parties of the hearing date. Interested parties who wish to request a hearing, or who wish to participate in a hearing if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically *via* ACCESS within 30 days after the date of publication of this notice. Requests should contain: (1) The party's name, address, and telephone

number; (2) the number of participants; and (3) a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.

We intend to issue the final results of this administrative review, including the results of our analysis of issues raised by the parties in the written comments, within 120 days of publication of these preliminary results in the **Federal Register**, unless otherwise extended.⁸

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1).

Dated: February 5, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

National Institute of Standards and Technology

National Construction Safety Team Advisory Committee Meeting

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Construction Safety Team (NCST) Advisory Committee (Committee) will meet in person and via teleconference on Tuesday, February 20, 2018 from 1:00 p.m. to 4:00 p.m. Eastern Time. The primary purpose of this meeting is to update the Committee on the progress of the implementation of the recommendations made as a result of the National Institute of Standards and Technology (NIST) Technical Investigation of the May 22, 2011, Tornado in Joplin, Missouri and provide the Committee with an overview of the ongoing work related to the recent reconnaissance teams deployed to Texas, Florida, Puerto Rico and California. The agenda may change to accommodate Committee business. The final agenda will be posted on the NIST website at <https://www.nist.gov/topics/disaster-failure-studies/national-construction-safety-team-ncst/advisory-committee>.

DATES: The NCST Advisory Committee will meet on Tuesday, February 20, 2018 from 1:00 p.m. until 4:00 p.m. Eastern Time. The meeting will be open to the public.

ADDRESSES: The meeting will be held via teleconference and in Conference Room B205 of Building 226, NIST, 100 Bureau Drive, Gaithersburg, Maryland 20899. For instructions on how to attend and participate in the meeting, please see the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Benjamin Davis, Management and Program Analyst, Community Resilience Program, Engineering Laboratory, NIST, 100 Bureau Drive, Mail Stop 8615, Gaithersburg, Maryland 20899-8604. Mr. Davis' email address is Benjamin.Davis@nist.gov; and his phone number is (301) 975-6071.

SUPPLEMENTARY INFORMATION: The Committee was established pursuant to
