Centers for Disease Control and Prevention

Solicitation of Nominations for Appointment to the Advisory Committee on Breast Cancer in Young Women (ACBCYW)

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC) is seeking nominations for membership on the ACBCYW. The ACBCYW consists of 15 experts in fields associated with breast cancer, disease prevention, early detection, diagnosis, public health, social marketing, genetic screening and counseling, treatment, rehabilitation, palliative care, and survivorship in young women, or in related disciplines with a specific focus on young women. Nominations are being sought for individuals who have expertise and qualifications necessary to contribute to the accomplishments of the committee's objectives. Nominees will be selected based on expertise in the fields of breast health, breast cancer, disease prevention and risk reduction, survivorship (including metastatic breast cancer), hereditary breast and ovarian cancer (HBOC), or in related disciplines with a specific focus on young women. Persons with personal experience with early onset breast cancer are also eligible to apply. This includes, but may not be limited to breast cancer survivors <45 years of age and caregivers of said persons. Federal employees will not be considered for membership. Members may be invited to serve up to four-year

terms. Selection of members is based on candidates' qualifications to contribute to the accomplishment of ACBCYW objectives (<http://www.cdc.gov/maso/facm/facmacbcyw.html>).

DATES: Nominations for membership on the ACBCYW must be received no later than March 26, 2018. Packages received after this time will not be considered for the current membership cycle.

ADDRESSES: All nominations should be mailed to Temeika L. Fairley, Ph.D. c/o ACBCYW Secretariat, Centers for Disease Control and Prevention, 3719 North Peachtree Road, Building 100 Chamblee, Georgia 30341, or emailed (recommended) to acbcyw@cdc.gov.

FOR FURTHER INFORMATION CONTACT: Temeika L. Fairley, Ph.D., Designated Federal Officer, National Center for Chronic Disease Prevention and Health Promotion, CDC, 4770 Buford Highway NE, Mailstop F–76, Atlanta, Georgia 30341; 770–488–4518; acbcyw@cdc.gov.

SUPPLEMENTARY INFORMATION: The U.S. Department of Health and Human Services policy stipulates that committee membership be balanced in terms of points of view represented, and the committee's function. Appointments shall be made without discrimination on the basis of age, race, ethnicity, gender, sexual orientation, gender identity, HIV status, disability, and cultural, religious, or socioeconomic status. Nominees must be U.S. citizens, and cannot be full-time employees of the U.S. Government. Current participation on federal workgroups or prior experience serving on a federal advisory committee does not disqualify a candidate; however, HHS policy is to avoid excessive individual service on advisory committees and multiple committee memberships. Committee members are Special Government Employees, requiring the filing of financial disclosure reports at the beginning and annually during their terms. CDC reviews potential candidates for ACBCYW membership each year, and provides a slate of nominees for consideration to the Secretary of HHS for final selection. HHS notifies selected candidates of their appointment near the start of the term in December 2018, or as soon as the HHS selection process is completed. Note that the need for different expertise varies from year to year and a candidate who is not selected in one year may be reconsidered in a subsequent year.

Nominees must be U.S. citizens, and cannot be full-time employees of the U.S. Government. Candidates should submit the following items:

- Current curriculum vitae, including complete contact information

(telephone numbers, mailing address, email address);

- At least one letter of recommendation from person(s) not employed by the U.S. Department of Health and Human Services. (Candidates may submit letter(s) from current HHS employees if they wish, but at least one letter must be submitted by a person not employed by an HHS agency (e.g., CDC, NIH, FDA, etc.).

Nominations may be submitted by the candidate him- or herself, or by the person/organization recommending the candidate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Notice of closed meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended, and the Determination of the Director, Management Analysis and Services Office, CDC, pursuant to Public Law 92–463. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP) Funding Opportunity Announcement (FOA), PAR 16–098, Cooperative Research Agreements to the World Trade Center Health Program (U01).

Dates: April 11, 2018 and April 12, 2018.

Times: 8:00 a.m.–5:00 p.m., EDT, April 11, 2018 and 8:00 a.m.–2:00 p.m. EDT, April 12, 2017.

Place: Courtyard Marriott Decatur Downtown/Emory, 130 Clairmont Avenue, Decatur, Georgia 30030, Telephone: (404)371-0204.

Agenda: To review and evaluate grant applications.

For Further Information Contact: Nina Turner, Ph.D., Scientific Review Officer, CDC/NIOSH, 1095 Willowdale Road, Mailstop G905, Morgantown, West Virginia 26505, Telephone: (304) 285-5975.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Statement of Organization, Functions, and Delegations of Authority

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772-76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 81 FR 84583-84591, dated November 23, 2016) is amended to reflect the reorganization of the National Center for Environmental Health, Office of Noncommunicable Diseases, Injury and Environmental Health, Centers for Disease Control and Prevention.

Section C-B, Organization and Functions, is hereby amended as follows:

Delete in its entirety the titles and mission and function statements for the *National Center for Environmental Health (CUG)* and insert the following:

National Center for Environmental Health (CUG). Plans, directs, and coordinates a national program to maintain and improve the health of the American people by promoting a healthy environment and by preventing premature death and avoidable illness and disability caused by non infectious, non occupational environmental and related factors. In carrying out this mission, the Center: (1) Assists in increasing the capacity of States to

prevent and control environmental public health problems through training, technology transfer, grants, cooperative agreements, contracts, and other means; (2) provides services, advice, technical assistance, and information to State and local public health officials, other Federal agencies, academic, professional, international, and private organizations, and the general public; (3) plans for and provides emergency response assistance to States, localities, other Federal agencies, and international organizations; (4) identifies, designs, develops, implements, influences, and evaluates interventions to reduce or eliminate environmental hazards, exposures to these hazards, and adverse health outcomes resulting from exposure to these hazards; (5) measures, estimates, and predicts the incidence of adverse health outcomes through surveillance, surveys, and registries; (6) measures, estimates, and predicts the incidence of exposure to substances, conditions, or forces in the environment through surveillance, surveys, and registries; (7) describes and evaluates associations between environmental exposures and adverse health outcomes by using information from surveillance systems, surveys, registries, epidemiologic and laboratory studies, and by developing and maintaining a broad base of normative and diagnostic laboratory data; (8) develops and validates advanced laboratory technology for diagnosing selected chronic diseases and for assessing exposure and health effects in persons exposed or potentially exposed to environmental toxicants or other environmental agents; (9) develops and validates new epidemiologic techniques for use in study of the effects of exposure to environmental hazards; (10) provides leadership in coordinating efforts in States and in national and international organizations concerned with standardizing selected laboratory measurement systems; (11) conducts special programs, *e.g.*, coordination and review of Environmental Impact Statements; and (12) in carrying out the above functions, collaborates, as appropriate, with other Centers/Institute/Offices of CDC.

Office of the Director (CUG1). (1) Manages, directs, coordinates, and evaluates all health-related programs of National Center for Environmental Health and Agency for Toxic Substances and Disease Registry (NCEH & ATSDR); (2) provides overall leadership in health-related activities for hazardous substances, hazardous waste sites and chemical releases; (3) provides overall

coordination for the research programs and science policies of the agencies; (4) develops goals and objectives and provides leadership, policy formulation, scientific oversight, and guidance in program planning and development; (5) provides overall programmatic direction for planning and management oversight of allocated resources, human resource management and administrative support; (6) provides information, publication and distribution services to NCEH & ATSDR; (7) maintains liaison with other Federal, State, and local agencies, institutions, and organizations; (8) coordinates NCEH & ATSDR program activities with other CDC components, other Federal, State and local Government agencies, the private sector, and other nations; and (9) directs and coordinates activities in support of the Department's Equal Employment Opportunity program and employee development.

Office of Communication (CUG12). (1) Serves as the principal advisor to the center director and divisions on communication and marketing science, research, practice, and public affairs; (2) leads center strategic planning for communication and marketing science and public affairs programs and projects; (3) analyzes context, situation, and environment to inform center-wide communication and marketing programs and projects; (4) ensures use of scientifically sound research for marketing and communication programs and projects; (5) ensures accurate, accessible, timely, and effective translation of science for use by multiple audiences; (6) leads identification and implementation of information dissemination channels; (7) provides communication and marketing project management expertise; (8) collaborates with external organizations and the news, public service, and entertainment and other media to ensure that scientific findings and their implications for public health reach the intended audiences; (9) collaborates closely with divisions to produce materials tailored to meet the requirements of news and other media channels, including press releases, letters to the editor, public service announcements, television programming, video news releases, and other electronic and printed materials; (10) coordinates the development and maintenance of accessible public information through the internet, social media and other applicable channels; (11) provides training and technical assistance in the areas of health communication, risk communication, social marketing, and public affairs; (12)
