SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs administers the Longshore and Harbor Workers' Compensation Act. The Act provides benefits to workers' injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several acts extend the Longshore Act's coverage to certain other employees.

Under sections 914(b) & (c) of the Longshore Act, a self-insured employer or insurance carrier is required to pay compensation within 14 days after the employer has knowledge of the injury or death and immediately notify the district director of the payment. Under Section 914(g), the employer/carrier is required to issue notification of final payment of compensation. Form LS–208 has been designated as the proper form on which report of those payments is to be made.
