

(ii) Species, number, location, and behavior of any marine mammals, observed throughout all monitoring activities.

(iii) An estimate of the number (by species) of marine mammals that are known to have been exposed to visual and acoustic stimuli associated with the helicopter operations, restoration, and maintenance activities.

(iv) A description of the implementation and effectiveness of the monitoring and mitigation measures of the IHA and full documentation of methods, results, and interpretation pertaining to all monitoring.

(b) Reporting injured or dead marine mammals:

(i) In the unanticipated event that the specified activity clearly causes the take of a marine mammal in a manner prohibited by this IHA, such as an injury (Level A harassment), serious injury, or mortality, the Society shall immediately cease the specified activities and report the incident to the Office of Protected Resources (301-427-8401) and/or by email to Amy.Fowler@noaa.gov, and the Assistant West Coast Regional Stranding Coordinator (562-980-3264, Justin.Greenman@noaa.gov). The report must include the following information:

1. Time and date of the incident;
2. Description of the incident;
3. Environmental conditions (*e.g.*, wind speed and direction, sea state, cloud cover, and visibility);
4. Description of all marine mammal observations and active sound source use in the 24 hours preceding the incident;
5. Species identification or description of the animal(s) involved;
6. Fate of the animal(s); and
7. Photographs or video footage of the animal(s).

Activities shall not resume until NMFS is able to review the circumstances of the prohibited take. NMFS will work with the Society to determine what measures are necessary to minimize the likelihood of further prohibited take and ensure MMPA compliance. The Society may not resume their activities until notified by NMFS.

(ii) In the event that the Society discovers an injured or dead marine mammal, and the lead observer determines that the cause of the injury or death is unknown and the death is relatively recent (*e.g.*, in less than a moderate state of decomposition), the Society shall immediately report the incident to the Office of Protected Resources, NMFS, and the West Coast Regional Stranding Coordinator, NMFS.

The report must include the same information identified in 6(b)(i) of this IHA. Activities may continue while NMFS reviews the circumstances of the incident. NMFS will work with the Society to determine whether additional mitigation measures or modifications to the activities are appropriate.

(iii) In the event that the Society discovers an injured or dead marine mammal, and the lead observer determines that the injury or death is not associated with or related to the activities authorized in the IHA (*e.g.*, previously wounded animal, carcass with moderate to advanced decomposition, or scavenger damage), the Society shall report the incident to the Office of Protected Resources, NMFS, and the West Coast Regional Stranding Coordinator, NMFS, within 24 hours of the discovery. The Society shall provide photographs or video footage or other documentation of the stranded animal sighting to NMFS.

7. This Authorization may be modified, suspended or withdrawn if the holder fails to abide by the conditions prescribed herein, or if NMFS determines the authorized taking is having more than a negligible impact on the species or stock of affected marine mammals.

Request for Public Comments

We request comment on our analyses, the proposed authorization, and any other aspect of this Notice of Proposed IHA for the proposed lighthouse restoration and maintenance project. We also request comment on the potential for renewal of this proposed IHA as described in the paragraph below. Please include with your comments any supporting data or literature citations to help inform our final decision on the request for MMPA authorization.

On a case-by-case basis, NMFS may issue a second one-year IHA without additional notice when (1) another year of identical or nearly identical activities as described in the Specified Activities section is planned or (2) the activities would not be completed by the time the IHA expires and a second IHA would allow for completion of the activities beyond that described in the Dates and Duration section, provided all of the following conditions are met:

- A request for renewal is received no later than 60 days prior to expiration of the current IHA.
- The request for renewal must include the following:

(1) An explanation that the activities to be conducted beyond the initial dates either are identical to the previously analyzed activities or include changes so minor (*e.g.*, reduction in pile size)

that the changes do not affect the previous analyses, take estimates, or mitigation and monitoring requirements.

(2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

- Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures remain the same and appropriate, and the original findings remain valid.

Dated: February 23, 2018.

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

SUPPLEMENTARY INFORMATION:

I. Background

Section 4(j) of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2053(j)) requires the Commission to establish an agenda for action under the laws the Commission administers, and to the extent feasible, select priorities for action at least 30 days before the beginning of each fiscal year. Section 4(j) of the CPSA provides further that before establishing its agenda and priorities, the Commission conduct a public hearing and provide an opportunity for the submission of comments.

II. Oral Presentations and Submission of Written Comments

The Commission is preparing the agency's fiscal year 2019 Operating Plan and fiscal year 2020 Congressional Budget Request. Fiscal year 2019 begins on October 1, 2018, and fiscal year 2020 begins on October 1, 2019. Through this notice, the Commission invites the public to comment on the following questions:

1. What are the priorities the Commission should consider emphasizing and dedicating resources toward in the fiscal year 2019 Operating Plan and/or the fiscal year 2020 Congressional Budget Request?

2. What activities should the Commission consider deemphasizing in the fiscal year 2019 Operating Plan and/or the fiscal year 2020 Congressional Budget Request?

3. What retrospective review of rules should the Commission consider in the fiscal year 2019 Operating Plan and/or the fiscal year 2020 Congressional Budget Request?

4. The CPSC's programs will align with the strategic goals outlined in the CPSC's 2018-2022 Strategic Plan. The CPSC's fiscal year 2019 Budget Request, submitted to Congress on February 12, 2018, is based on four agency priorities: (1) Focusing the agency's resources on the highest-priority consumer product safety risks; (2) continuing to support import surveillance by incrementally developing the Risk Assessment Methodology (RAM) system to identify and stop noncompliant imported products from entering the U.S. marketplace; (3) emphasizing outreach and education by engaging all stakeholders through forums and workshops; and (4) expanding the sources and types of data analysis used to identify and assess product safety risks and inform compliance decisions. The Commission requests comments on the priorities as presented in the FY 2019 Budget Request. The CPSC's Budget Request for fiscal year 2019 can be found at: www.cpsc.gov/about-cpsc/agency-reports/performance-and-budget. The Commission also requests comments on whether the Commission should consider making any changes or adjustments to the agency's proposed or ongoing safety standards activities, regulation and enforcement efforts in fiscal years 2019 and 2020 (16 CFR 1009.8). Comments are welcome on whether particular action items should be higher priority than others, should not be included, or should be added to the fiscal year 2019 and/or fiscal year 2020 agendas.

Persons who desire to make oral presentations at the hearing on April 11, 2018 should send an email, call, or write Alberta E. Mills, Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; email: cpsc-os@cpsc.gov; telephone: (301) 504-7923; facsimile (301) 504-0127 not later than 5 p.m. EDT on March 28, 2018. The Commission reserves the right to impose further time limitations on all presentations and further restrictions to avoid duplication of presentations.

If you do not want to make an oral presentation, but would like to provide written comments, you may do so. Please submit written comments in the manner described in the previous
