#### **POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

Records are maintained in both electronic and hard copy form. Records maintained in electronic form, including hard copy records loaded into an imaging system accessible through internal systems only, are stored in IBM Content Manager. For the first 12 months after receiving a hard copy record, the record is stored in a locked file cabinet at the GDOS storage facility in Coralville, Iowa. After the initial 12-month period, the hard copy record is stored at the Iron Mountain storage facility. After three years from the termination or closure of an enrollment account of a user of the SAIG, Participation Management System, all records (electronic and hard copy) are transferred to NARA-operated Federal Records Centers for further storage in accordance with the applicable retention and disposition schedule.

#### **POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

All users of the SAIG, Participation Management System, have a unique user identification (ID) with a password. Records are retrieved by the names of the individual user and/or their unique system User ID.

The computer system employed by the Department offers a high degree of resistance to tampering and circumvention with firewalls, encryption, and password protection. All interactions by users of the SAIG, Participation Management System, are recorded.
