**SUPPLEMENTARY INFORMATION:**

*Background:* In the withdrawal of direct final rule published in the **Federal Register** on January 9, 2018 (83 FR 984), EPA stated the intent to institute an extended comment period for the November 14, 2017 proposed rule (82 FR 52682) by publishing a notice of data availability.

*Extension of Comment Period:* The adverse comment received on EPA's direct final rule requested that EPA hold a new public comment period, because EPA did not make all relevant

documents available in the docket at [www.regulations.gov](http://www.regulations.gov). EPA has made available all documents, which are compatible with the electronic docket system, at the docket identified by Docket ID No. EPA-R01-OAR-2009-0436 at [www.regulations.gov](http://www.regulations.gov). All other documents, including emissions modeling files submitted as part of Rhode Island's enhanced motor vehicles inspection and maintenance program SIP revision, are available for public review by visiting the EPA New England Regional Office or by contacting the contact listed in the **FOR FURTHER INFORMATION CONTACT** section. This reopening of comment period also serves as the notice of data availability referenced in the January 9, 2018 withdrawal of direct final rule.
