Title: Request Pertaining to Military Records.

OMB number: 3095–0029.

Agency form number: SF 180 & NA Form 13176.

Type of review: Regular.

Affected public: Veterans, their authorized representatives, state and local governments, and businesses.

Estimated number of respondents: 1,028,769.

Estimated time per response: 5 minutes.

Frequency of response: On occasion (when respondent wishes to request information from a military personnel record).

Estimated total annual burden hours: 85,731 hours.

Abstract: The authority for this information collection is contained in 36 CFR 1233.18(d). In accordance with rules issued by the Department of Defense (DOD) and Department of Homeland Security (DHS, US Coast Guard), the National Personnel Records Center (NPRC) of the National Archives and Records Administration (NARA) administers military service records of veterans after discharge, retirement, and death. When veterans and other authorized individuals request information from or copies of documents in military service records, they must provide in forms or in letters certain information about the veteran and the nature of the request. Federal agencies, military departments, veterans, veterans' organizations, and the general public use Standard Forms (SF) 180, Request Pertaining to Military Records, in order to obtain information from military service records stored at NPRC. Veterans and next-of-kin of deceased veterans can also use eVetRecs (http://www.archives.gov/research_room/vetrecs/) to order copies. A new form, NA Form 13176, Status Update to Request for Military Service Records, was added to allow the veteran or other authorized individuals to follow-up on their request.

NATIONAL SCIENCE FOUNDATION

Reporting Requirements Regarding Findings of Sexual Harassment, Other Forms of Harassment, or Sexual Assault

AGENCY: National Science Foundation (NSF).

ACTION: Request for public comment on new reporting requirement for sexual

harassment, other forms of harassment, or sexual assault.

SUMMARY: The National Science Foundation (NSF) is soliciting public comment on the agency's proposed implementation of the new reporting requirements specified in NSF Important Notice No. 144, dated February 8, 2018.

The National Science Foundation (NSF) does not tolerate sexual harassment, or any kind of harassment, within the agency, at awardee organizations, field sites, or anywhere NSF-funded science and education are conducted. The 2,000 U.S. institutions of higher education and other organizations that receive NSF funds are responsible for fully investigating complaints and for complying with federal non-discrimination law. NSF has taken steps to help ensure research environments are free from sexual harassment. Additionally, NSF is bolstering our policies, guidelines and communications so that organizations funded by NSF clearly understand expectations and requirements.

NSF is working to make certain that recipients of grants and cooperative agreements respond promptly and appropriately to instances of sexual harassment, other forms of harassment, or sexual assault. A community effort is essential to eliminate sexual and other forms of harassment in science and to build scientific workspaces where people can learn, grow and thrive.

DATES: Comments must be received by May 4, 2018.

ADDRESSES: Comments should be addressed to Suzanne H. Plimpton, Reports Clearance Officer, Office of the General Counsel, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314, email splimpto@nsf.gov; telephone: (703) 292–7556; FAX (703) 292–9240. We encourage respondents to submit comments electronically to ensure timely receipt. We cannot guarantee that comments mailed will be received before the comment closing date. Please include “*Reporting Requirement Regarding Findings of Sexual Harassment, other Forms of Harassment, or Sexual Assault*” in the subject line of the email message; please also include the full body of your comments in the text of the message and as an attachment. Include your name, title, organization, postal address, telephone number, and email address in your message.

FOR FURTHER INFORMATION CONTACT: For any questions, comments or concerns regarding sexual or other forms of harassment, please contact the Office of

Diversity and Inclusion (ODI), National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314, email: harassmentnotifications@nsf.gov; telephone (703) 292–8020; FAX: (703) 292–9482.

SUPPLEMENTARY INFORMATION: As the primary funding agency of fundamental science and engineering research in the United States, NSF is committed to promoting safe, productive research and education environments for current and future scientists and engineers. We consider the Principal investigator (PI) and any co-PI(s) identified on an NSF award to be in positions of trust. The PI, any co-PI(s) and all personnel supported by an NSF award must comport themselves in a responsible and accountable manner during the performance of award activities whether at the awardee institution, online, or conducted outside the organization, such as at field sites or facilities, or during conferences and workshops.

NSF has developed a new proposed term and condition that will require awardee organizations to report findings/determinations of sexual harassment, other forms of harassment, or sexual assault, regarding an NSF funded PI, or any co-PI. The term and condition also will require the awardee to notify NSF if it places the PI or any co-PI on administrative leave relating to a harassment finding or investigation. This term and condition also will make it clear that NSF may take unilateral action as necessary to protect the safety of all awardee personnel, to include requiring the substitution or removal of a PI, or any co-PI, suspension or termination of an award, or a reduction in the funding amount. NSF is soliciting public comment on this new proposed term and condition, including the information required to be reported by the awardee, the full text of which is provided below:
