

§ 165.T11–916 Safety Zone; St. Francis Yacht Club Fireworks Display, San Francisco Bay, San Francisco, CA.

(a) *Location.* The following area is a safety zone: All navigable waters of the San Francisco Bay within 100 feet of the fireworks barge during loading at Pier 50, as well as transit to and arrival at St. Francis Yacht Club. The safety zone will expand to all navigable waters around and under the fireworks barge within a radius of 560 feet in approximate position 37°48'37" N, 122°26'49" W (NAD 83) 30 minutes prior to the start of the 18 minute fireworks display, scheduled to begin at 9:40 p.m. on March 5.

(b) *Enforcement period.* The zone described in paragraph (a) of this section will be enforced from 8 a.m. until approximately 10:30 p.m. March 5, 2018. The Captain of the Port San Francisco (COTP) will notify the maritime community of periods during which these zones will be enforced via Broadcast Notice to Mariners.

(c) *Definitions.* As used in this section, “designated representative” means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer on a Coast Guard vessel or a Federal, State, or local officer designated by or assisting the COTP in the enforcement of the safety zone.

(d) *Regulations.* (1) Under the general regulations in 33 CFR part 165, subpart C, entry into, transiting or anchoring within this safety zone is prohibited unless authorized by the COTP or the COTP’s designated representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted by the COTP or a designated representative.

(3) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or a designated representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the COTP or a designated representative. Persons and vessels may request permission to enter the safety zones on VHF–23A or through the 24-hour Command Center at telephone (415) 399–3547.

Dated: February 23, 2018.

Patrick S. Nelson,

Captain, U.S. Coast Guard, Alternate Captain of the Port, San Francisco.

DEPARTMENT OF EDUCATION

34 CFR Part 230

RIN 1855–AA15

Innovation for Teacher Quality; Troops-to-Teachers Program

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Final regulations.

SUMMARY: The Department of Education (Department) is rescinding its Troops-to-Teachers (TTT) regulations because that program has been transferred to the Department of Defense (DoD) and is no longer administered or managed by the Department. Therefore, the associated regulations are outdated and unnecessary.

DATES: This action is effective March 5, 2018.

FOR FURTHER INFORMATION CONTACT: Margarita L. Meléndez, U.S. Department of Education, 400 Maryland Avenue SW, Room 4W115, Washington, DC 20202. Telephone: (202) 260–3548 or by email: Margarita.Melendez@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION: The TTT program was established in 1994 to assist transitioning service members in beginning new careers as school teachers. The program provides counseling and referral services for participants to help them meet education and licensing requirements to teach and subsequently helps them secure a teaching position.

On February 24, 2017, President Trump signed Executive Order 13777, “Enforcing the Regulatory Reform Agenda,” which established a Federal policy “to alleviate unnecessary regulatory burdens” on the American people. Section 3(a) of the Executive order directed each Federal agency to establish a Regulatory Reform Task Force, the duty of which is to evaluate existing regulations and “make recommendations to the agency head regarding their repeal, replacement, or modification.” Section 3(d)(ii) of the Executive order specifically instructs the Task Force to identify regulations that are “are outdated, unnecessary, or ineffective.” The Department is undertaking this regulatory action consistent with that objective.

The TTT program was jointly administered by the Department of Education and the Department of Defense Activity for Non-Traditional

Education Support (DANTES) until fiscal year 2013, when full responsibility and authority for the TTT program was transferred from the Secretary of Education to the Secretary of Defense by the National Defense Authorization Act of 2013 (Pub. L. 112–239). For this reason, the Troops-to-Teachers program regulations in 34 CFR part 230 are obsolete and we are proposing to rescind those regulations.

Waiver of Proposed Rulemaking and Delayed Effective Date

Under the Administrative Procedure Act (5 U.S.C. 553) (APA) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, this regulatory action merely rescinds regulations that have become obsolete due to statutory changes, and does not involve any exercise of discretion on the part of the Department. This regulatory action adopts no new regulations and does not establish or affect substantive policy. Therefore, under 5 U.S.C. 553(b)(B), the Secretary has determined that obtaining public comment on the removal of the regulations in 34 CFR part 230 is unnecessary.

The APA also generally requires that regulations be published at least 30 days before their effective date, unless the agency has good cause to implement its regulations sooner (5 U.S.C. 553(d)(3)). Again, because this final regulatory action merely removes outdated regulations that are unnecessary because administration of the affected program has been transferred to another agency, the Secretary is also waiving the 30-day delay in the effective date of these regulatory changes under 5 U.S.C. 553(d)(3).

Executive Orders 12866, 13563, and 13771

Regulatory Impact Analysis

Under Executive Order 12866, the Secretary must determine whether this regulatory action is “significant” and, therefore, subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a “significant regulatory action” as an action likely to result in a rule that may—

(1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or Tribal governments or communities in a material way (also referred to as an “economically significant” rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles stated in the Executive order.

This final regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed these regulations under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

(1) Propose or adopt regulations only on a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);

(2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations;

(3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);

(4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency “to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.” The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include “identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.”

We are issuing this final regulatory action only on a reasoned determination that its benefits justify its costs. In choosing among alternative regulatory

approaches, we selected those approaches that maximize net benefits. Based on the analysis that follows, the Department believes that these final regulations are consistent with the principles in Executive Order 13563.

We also have determined that this regulatory action does not unduly interfere with State, local, and Tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, the Department has assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. Because the rescission of these regulations comports with statutory changes that have already taken effect, this action will not result in any additional costs or benefits.

Under Executive Order 13771, for each new regulation that the Department proposes for notice and comment or otherwise promulgates that is a significant regulatory action under Executive Order 12866 and that imposes total costs greater than zero, it must identify two deregulatory actions. For FY 2018, any new incremental costs associated with a new regulation must be fully offset by the elimination of existing costs through deregulatory actions. Because this final rule is not a significant regulatory action, the requirement to offset new regulations in Executive Order 13771 does not apply.

Regulatory Flexibility Act Certification

The Secretary certifies that these regulations will not have a significant economic impact on a substantial number of small entities. As detailed above, this regulatory action merely removes outdated regulations from the Code of Federal Regulations and imposes no costs.

Paperwork Reduction Act of 1995

These regulations do not contain any information collection requirements.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900–AQ01

Reimbursement of Qualifying Adoption Expenses for Certain Veterans

AGENCY: Department of Veterans Affairs.
ACTION: Interim final rule.

SUMMARY: The Department of Veterans Affairs (VA) amends its regulation to provide for reimbursement of qualifying adoption expenses incurred by a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. Under the Continuing Appropriations and Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2017, and Zika Response and Preparedness Act, VA may use funds appropriated or otherwise made available to VA for the “Medical Services” account to provide adoption reimbursement to these veterans. Under the law, reimbursement may be for the adoption-related expenses for an
