Health Resources and Services Administration

Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request; Federal Tort Claims Act (FTCA) Program Deeming Application for Health Centers, OMB No. 0906-XXXX-NEW

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.
ACTION: Notice.

SUMMARY: In compliance with of the Paperwork Reduction Act of 1995, HRSA has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received no later than April 5, 2018.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to OIRA_submission@omb.eop.gov or by fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at paperwork@hrsa.gov or call (301) 443-1984.

SUPPLEMENTARY INFORMATION:
Information Collection Request Title: Federal Tort Claims Act (FTCA) Program Deeming Application for Health Centers, OMB No. 0906-XXXX-NEW.

Abstract: Section 224(g)-(n) of the Public Health Service (PHS) Act (42 U.S.C. 233(g)-(n)), as amended, authorizes the “deeming” of entities receiving funds under section 330 of the PHS Act as PHS employees for the purposes of receiving Federal Tort Claims Act (FTCA) coverage. The Health Center Program is administered by HRSA. Health centers submit deeming applications to HRSA in the prescribed form and manner in order to obtain deemed PHS employee status, with the associated FTCA coverage.

Need and Proposed Use of the Information: Deeming applications must address certain specified criteria required by law in order for deeming determinations to be issued, and FTCA application forms are critical to HRSA’s deeming determination process. These forms provide HRSA with the information essential for application evaluation and a deeming determination for the purposes of FTCA coverage. The application information is also used to determine whether a site visit is appropriate to assess issues relating to the health center’s quality of care and to determine technical assistance needs.

Likely Respondents: Respondents include Health Center Program funds recipients seeking deemed PHS employee status for purposes of FTCA coverage.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
FTCA Health Center Program Initial Application	35	1	35	2.5	87.5
FTCA Health Center Program Redeeming Application	1125	1	1125	2.5	2812.5
Total	1160	1160	2900

**Announcing Project Period Extensions
With Funding for Health Center
Program Award Recipients in Puerto
Rico; Health Center Program**

AGENCY: Health Resources and Services
Administration (HRSA), Department of
Health and Human Services (HHS).

ACTION: Announcing project period
extensions with Funding for Health
Center Program Award recipients in
Puerto Rico.

SUMMARY: HRSA provided additional
grant funds to 4 award recipients in
Puerto Rico with project periods ending
in fiscal year 2018 to extend their
current project periods by 12 months to
prevent interruptions in the provision of
critical health care services while they
recover from Hurricane Maria.

SUPPLEMENTARY INFORMATION:

Recipients of the Award: Four Health
Center Program award recipients in
Puerto Rico vulnerable to a lapse in
service provision in their service areas
due to the impact of Hurricane Maria on
the operational resources available for
competitive application preparation for
fiscal year 2018, as listed in Table 1.

Amount of Non-Competitive Awards:
Four awards for \$17,482,070.

Period of Supplemental Funding:
Fiscal year 2018.

CFDA Number: 93.224.

Authority: Section 330 of the Public
Health Service Act, as amended (42
U.S.C. 254b, as amended).

Justification: In September 2017, HHS
declared a hurricane-related public
health emergency in Puerto Rico. Health
centers in Puerto Rico and the patients
they serve continue to face significant
challenges associated with recovery
from Hurricane Maria. For these four
award recipients, the funding permits
them to continue to operate in the
current fiscal year before submitting
competitive applications by the end of
the 12-month extension period.
Extending the project period and
providing flexibility for competing
applications for these four award
recipients aligns with the Office of
Management and Budget's
memorandum to provide short-term
relief to affected award recipients,
"Administrative Relief for Grantees
Impacted by Hurricanes Harvey, Irma,
and Maria," signed on October 26, 2017.

HRSA awarded approximately \$17
million to the four existing Health
Center Program award recipients noted
in Table 1.
