

Needs and Uses: On April 28, 2017, the Commission released the *Business Data Services Order*, WC Docket No. 16–143 *et al.*, FCC 17–43, which establishes a new regulatory framework for business data services. Under this framework, price cap incumbent LECs are no longer subject to price cap regulation of their: (a) Packet-based business data services; (b) time-division multiplexing (TDM) transport business data services; (c) TDM business data services with bandwidth in excess of a DS3; and (d) DS1 and DS3 end user channel terminations, and other lower bandwidth TDM business data services, to the extent a price cap incumbent LEC provides them in counties deemed competitive under the Commission's competitive market test or in counties for which the price cap incumbent LEC had obtained Phase II pricing flexibility under the Commission's prior regulatory regime. The *Business Data Services Order* required that, within 36 months of its effective date (*i.e.*, by August 1, 2020), price cap incumbent LECs must remove all business data services that are no longer subject to price cap regulation from their interstate tariffs. The Order also required that, by that same deadline, competitive LECs must remove all business data services from their interstate tariffs.

The information collected through the carriers' tariffs is used by the Commission and state commissions to determine whether services offered are just and reasonable as the Act requires. The tariffs and any supporting documentation are examined in order to determine if the services are offered in a just and reasonable manner.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–XXXX]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or

Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 7, 2018. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–XXXX.
Title: Next Gen TV/ATSC 3.0 Local Simulcasting Rules; 47 CFR 73.3801 (full-power TV), 73.6029 (Class A TV), and 74.782 (low-power TV) and FCC Form 2100 (Next Gen TV License Application).

Form Number: FCC Form 2100 (Next Gen TV License Application).

Type of Review: New collection.

Respondents: Business or other for-profit entities, state, local, or tribal government and not for profit institutions.

Number of Respondents and Responses: 1,130 respondents; 4,760 responses.

Estimated Time per Response: 0.017–8 hours.

Frequency of Response: On occasion reporting requirement; Recordkeeping requirement; Third party disclosure.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of information is contained in Sections 1, 4, 7, 301, 303, 307, 308, 309, 316, 319, 325(b), 336, 338, 399b, 403, 614, and 615 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, 157, 301, 303, 307, 308, 309, 316, 319, 325(b), 336, 338, 399b, 403, 534, and 535.

Total Annual Burden: 3,504 hours.

Total Annual Cost: \$130,500.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection.

Needs and Uses: On November 20, 2017, the Commission released a Report and Order (Order), FCC 17–158, in GN Docket No. 16–142, authorizing television broadcasters to use the “Next Generation” broadcast television (Next Gen TV) transmission standard, also called “ATSC 3.0” or “3.0,” on a voluntary, market-driven basis. This authorization is subject to broadcasters continuing to deliver current-generation digital television (DTV) service, using the ATSC 1.0 transmission standard, also called “ATSC 1.0” or “1.0,” to their viewers. The requirement to continue to provide ATSC 1.0 service is called “local simulcasting.” The local simulcasting rules (47 CFR 73.3801 (full-power TV), 73.6029 (Class A TV), and 74.782 (low-power TV),) contain the following information collection requirements which require OMB approval.

License Application to FCC/FCC Form 2100 (Reporting Requirement; 47 CFR 73.3801(f), 73.6029(f), and 74.782(g)): A broadcaster must file an application (FCC Form 2100) with the Commission, and receive Commission approval, before: (i) Moving its ATSC 1.0 signal to the facilities of a host station, moving that signal from the facilities of an existing host station to the facilities of a different host station, or discontinuing an ATSC 1.0 guest signal; (ii) commencing the airing of an ATSC 3.0 signal on the facilities of a host station (that has already converted to ATSC 3.0 operation), moving its ATSC 3.0 signal to the facilities of a different host station, or discontinuing an ATSC 3.0 guest signal; or (iii) converting its existing station to transmit an ATSC 3.0 signal or converting the station from ATSC 3.0 back to ATSC 1.0 transmissions. As directed by the Commission, the Media Bureau will be amending FCC Form

2100 and the relevant schedules (Schedules B, D & F)(See Schedule B—Full Power License to cover application (OMB control number 3060–0837); Schedule D—LPTV/Translator License to cover application (OMB control number 3060–0017); and Schedule F—Class A License to cover application (OMB control number 3060–0928)) as necessary to implement the Next Gen TV licensing process and collect the required information (detailed below). The form will be revised to establish the streamlined “one-step” licensing process for Next Gen TV applicants, including adding the above listed purposes (i–iii) to the form. FCC staff will use the license application to determine compliance with FCC rules and to determine whether the public interest would be served by grant of the application for a Next Gen TV station license.

Next Gen TV Broadcaster On-Air Notices to Consumers (Third-Party Disclosure Requirement; 47 CFR 73.3801(g), 73.6029(g), and 74.782(h)): Commercial and noncommercial educational (NCE) broadcast TV stations that relocate their ATSC 1.0 signals (*e.g.*, moving to a host station’s facility, subsequently moving to a different host, or returning to its original facility) are required to air daily Public Service Announcements (PSAs) or crawls every day for 30 days prior to the date that the stations will terminate ATSC 1.0 operations on their existing facilities. Stations that transition directly to ATSC 3.0 will be required to air daily PSAs or crawls every day for 30 days prior to the date that the stations will terminate ATSC 1.0 operations. Broadcaster on-air notices to consumers will be used to inform consumers if stations they watch will be changing channels and encouraged to rescan their receivers for new channel assignments.

Next Gen TV Broadcaster Written Notices to MVPDs (Third-Party Disclosure Requirement; 47 CFR 73.3801(h), 73.6029(h), and 74.782(i)): Next Gen TV stations relocating their ATSC 1.0 signals (*e.g.*, moving to a temporary host station’s facilities, subsequently moving to a different host, or returning to its original facility) must provide notice to MVPDs that: (i) No longer will be required to carry the station’s ATSC 1.0 signal due to the relocation; or (ii) carry and will continue to be obligated to carry the station’s ATSC 1.0 signal from the new location. Broadcaster notices to multichannel video programming distributors (MVPDs) will be used to notify MVPDs that carry a Next Gen TV broadcast station about channel changes and facility information.

Local Simulcasting Agreements (Recordkeeping Requirement; 47 CFR 73.3801(e), 73.6029(e), and 74.782(f)): Broadcasters must maintain a written copy of any local simulcasting agreement and provide it to the Commission upon request. FCC staff will review the local simulcasting agreement (when applicable) to determine compliance with FCC rules and to determine whether the public interest would be served by grant of the application for a Next Gen TV station license.
