

it finds compelling reasons to deny the request.³

On February 27, 2018, Berwick Offray, LLC (the petitioner) submitted a timely request pursuant to section 703(c)(1)(A) of the Act and 19 CFR 351.205(e) to postpone fully the preliminary determination. The petitioner stated that the purpose of its request was to provide Commerce with adequate time to solicit information from the respondents and to allow Commerce sufficient time to analyze respondents' questionnaire responses.⁴

In accordance with 19 CFR 351.205(e), the reason for requesting a postponement of the preliminary determination and the record does not present any compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, and in light of the closure of the Federal Government from January 20 through 22, 2018, Commerce is postponing the deadline for the preliminary determination to May 29, 2018.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: March 6, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

ADDRESSES: *Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The New England Fishery Management Council (Council) is convening an ad-hoc sub-panel of its Scientific and Statistical Committee to peer review two reports. These reports are:

- Powell, Eric N., Kelsey Kuykendall, and Paula Moreno. Analysis of ancillary survey data and surfclam fishery tow data for the Georges Shoals Habitat Management Area on Georges Bank and the Great South Channel Habitat Management Area. Science Center for Marine Fisheries, August 2016. 29p.
- Powell, Eric N., Roger Mann, Kelsey M. Kuykendall, M. Chase Long, and Jeremy Timbs. The "East of Nantucket" Survey. Science Center for Marine Fisheries, February 2018. 33p.

The Council plans to use the results of these studies to support decision making in a fishery management plan framework adjustment. The Council is seeking advice from peer reviewers about how the data and conclusions from the two studies might be used to support development and evaluation of alternatives to consider possible exemption areas for hydraulic clam dredge gear within the newly designated Great South Channel habitat management area. This 748 nm² management area overlaps Nantucket Shoals, and is located approximately 12 nm southeast of Cape Cod, Massachusetts, and 6 nm east of Nantucket Island. The reports summarize hydraulic dredge survey information for the habitat management area, including catches of clams and clam shells as well as other components of the seafloor substrate. Other business will be discussed as needed.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 7, 2018.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
