

Section 74.602(h)(5)(ii) requires 600 MHz licensees to notify the licensee of a studio-transmitter link (TV STL), TV relay station, or TV translator relay station of their intent to commence wireless operations and the likelihood of harmful interference from the TV STL, TV relay station, or TV translator relay station to those operations within the wireless licensee's licensed geographic service area. The notification is to be in the form of a letter, via certified mail, return receipt requested and must be sent not less than 30 days in advance of approximate date of commencement of operations.

Section 74.602(h)(5)(iii) requires all TV STL, TV relay station and TV translator relay station licensees to modify or cancel their authorizations and vacate the 600 MHz band no later than the end of the post-auction transition period as defined in 47 CFR 27.4.

These rules which contain information collection requirements are designed to provide for flexible use of this spectrum by allowing licensees to choose their type of service offerings, to encourage innovation and investment in mobile broadband use in this spectrum, and to provide a stable regulatory environment in which broadband deployment would be able to develop through the application of standard terrestrial wireless rules. Without this information, the Commission would not be able to carry out its statutory responsibilities.

Federal Communications Commission.

SUPPLEMENTARY INFORMATION: On June 15, 1984, the Office of Management and

Budget (OMB) delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board. In exercising this delegated authority, the Board is directed to take every reasonable step to solicit comment. In determining whether to approve a collection of information, the Board will consider all comments received from the public and other agencies.

Request for comment on information collection proposal:

The Board invites public comment on the following information collection, which is being reviewed under authority delegated by the OMB under the PRA. Comments are invited on the following:

a. Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions; including whether the information has practical utility;

b. The accuracy of the Federal Reserve's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Federal Reserve should modify the proposal.

Proposal to approve under OMB delegated authority the extension for three years, with revision, of the following report:

Report title: Holding Company Report of Insured Depository Institutions' Section 23A Transactions with Affiliates.

Agency form number: FR Y-8.

OMB control number: 7100-0126.

Frequency: Quarterly.

Respondents: Certain bank holding companies (BHCs) and savings and loan holding companies (SLHCs).

Estimated number of respondents: 933.

Estimated average hours per response: 7.8 hours.

Estimated annual burden hours: 29,110.

General description of report: The FR Y-8 collects information on covered transactions between an insured depository institution and its affiliates that are subject to the quantitative limits and requirements of section 23A of the Federal Reserve Act and the Board's Regulation W (12 CFR Pt. 223). The FR Y-8 is filed quarterly by all U.S. top-tier BHCs and SLHCs, and by foreign banking organizations (FBOs) that directly own or control a U.S. subsidiary insured depository institution. If an FBO indirectly controls a U.S. insured depository institution through a U.S. holding company, the U.S. holding company must file the FR Y-8. A respondent must file a separate report for each U.S. insured depository institution it controls. The primary purpose of the data is to enhance the Board's ability to monitor the credit exposure of insured depository institutions to their affiliates and to ensure that insured depository institutions are in compliance with section 23A of the Federal Reserve Act and Regulation W. Section 23A of the Federal Reserve Act limits an insured depository institution's exposure to affiliated entities and helps to protect against the expansion of the federal safety net to uninsured entities.

Proposed revisions: In order to reduce reporting burden, the Board proposes to eliminate the FR Y-8 declaration page. Currently, respondents that own or control insured depository institutions may, instead of completing the entire form, submit a declaration page each quarter attesting to the fact that the institutions do not have any covered transactions with their affiliates. The Board proposes to revise the instructions to eliminate the declaration page and to clarify that respondents that own or control insured depository institutions that do not have any covered transactions with their affiliates would not have to file the FR Y-8.

Legal authorization and confidentiality: The FR Y-8 is mandatory for respondents that control an insured depository institution that has engaged in covered transactions with an affiliate during the reporting period. Section 5(c) of the Bank Holding Company Act authorizes the Board to require BHCs to file the FR Y-8 reporting form with the Board. (12 U.S.C. 1844(c)). Section 10(b)(2) of the Home Owners' Loan Act authorizes the Board to require SLHCs to file the FR Y-8 reporting form with the Board. (12 U.S.C. 1467a(b)(2)). The release of data collected on this form includes financial information that is not normally disclosed by respondents, the release of which would likely cause substantial

harm to the competitive position of the respondent if made publicly available. The data collected on this form, therefore, would be kept confidential under exemption 4 of the Freedom of Information Act, which protects from disclosure trade secrets and commercial or financial information. (5 U.S.C. 552(b)(4)).

Board of Governors of the Federal Reserve System, March 12, 2018.

Ann E. Misback,

Secretary of the Board.
