[Docket No. FR–7001–N–08]

30-Day Notice of Proposed Information Collection: Closeout Instruction for Community Development Block Grant (CDBG) Program

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 30 days of public comment.

DATES: Comments Due Date: April 16, 2018.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202–395–5806; Email: OIRA Submission@omb.eop.gov

FOR FURTHER INFORMATION CONTACT: Anna P. Guido, Reports Management Officer, QMAC, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Anna P. Guido at Anna.P.Guido@hud.gov or telephone 202–402–5535. This is not a toll-free number. Person with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339. Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTAL INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The Federal Register notice that solicited public comment on the information collection for a period of 60 days was published on August 25, 2017 at 82 FR 40590.

A. Overview of Information Collection

Title of Information Collection: Closeout instruction for CDBG Program.

OMB Approval Number: 2506–0193.

Type of Request: Reinstatement of a currently approved collection.

Form Number: HUD 7082-Funding Approval Form.

Description of the need for the information and proposed use: The closeout instructions apply to Community Development Block Grant (CDBG) programs (State CDBG Program, CDBG Disaster Recovery Supplemental Funding, CDBG-Recovery Act (CDBG–R)) and Neighborhood Stabilization Programs (NSP) 1, 2, & 3. Section 570.509 of the CDBG regulations contains the grant closeout criteria for Entitlement jurisdictions when HUD determines, in consultation with the recipients that a grant can be closed. The State CDBG program does not have a regulatory requirement for closeouts but has relied on administrative guidance. This is also true for the NSP, CDBG Disaster Recovery and CDBG–R programs administered by the state. States will use the Notice as a vehicle to verify that State CDBG funds have been properly spent before a grant may be officially closed. The HUD field office will prepare and send a closeout package that includes a transmittal letter, grant closeout agreement, grantee closeout certification and a closeout checklist to the grantee via email or standard mail. The information in the closeout package will assist the Department in determining whether all requirements of the contract between the Department and the Grantee have been completed.

The HUD 7082 Funding Approval Form—The Grant Agreement between the Department of Housing and Urban Development (HUD) and the Grantee is made pursuant to the authority of Title I of the Housing and Community Development Act of 1974, as amended, (42 U.S.C. 5301 et seq.). HUD will make the funding assistance as specified to the grantee upon execution of the Agreement.

Respondents (i.e. affected public): This information collection applies to all States, Entitlement jurisdictions, Insular Areas, non-entitlement counties in Hawaii and those non-entitlement counties directly funded by NSP 3 and CDBG–DR.

Estimated Number of Respondents/ Estimated Number of Responses: The estimated combined number of respondents is 3,294 for the grant closeout task and for the HUD 7082 funding approval form. The proposed frequency of the response to the collection of information is annual to initiate the grant closeout reporting and submission of the funding approval agreement.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

1. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. The accuracy of the agency’s estimate of the burden of the proposed collection of information;
3. Ways to enhance the quality, utility, and clarity of the information to be collected; and
4. Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Dated: February 27, 2018.

Anna P. Guido,
Department Reports Management Officer,
Office of the Chief Information Officer.

Notice of Availability; Florida Trustee Implementation Group Deepwater Horizon Oil Spill Final Phase V.2 Restoration Plan and Supplemental Environmental Assessment; Florida Coastal Access Project

AGENCY: Department of the Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the Oil Pollution Act of 1990 (OPA), the National Environmental Policy Act of 1969 (NEPA), the Deepwater Horizon Oil Spill Final Programmatic Damage Assessment and Restoration Plan and Final Programmatic Environmental Impact Statement (Final PDARP/PEIS), and the resulting Consent Decree, the Federal and State natural resource trustees agencies for the Florida Trustee Implementation Group (Florida TIG) have approved the Final Phase V.2 Restoration Plan and Supplemental Environmental Assessment (Final Phase V.2 RP/SEA) and Finding of No Significant Impact (FONSI). The Final Phase V.2 RP/SEA supplements the 2016 Final Phase V Early Restoration Plan and Environmental Assessment (Final Phase V ERP/EA) and selects to fund the second phase of the Florida Coastal Access Project intended to continue the process of restoring natural resources and services injured or lost as a result of the Deepwater Horizon oil spill.

ADDRESSES: Obtaining Documents: You may download the Final Phase V.2 RP/SEA at any of the following sites:

SUPPLEMENTARY INFORMATION:

Introduction

On or about April 20, 2010, the mobile offshore drilling unit Deepwater Horizon, which was being used to drill a well for BP Exploration and Production, Inc. (BP), in the Macondo prospect (Mississippi Canyon 252–MC252), experienced a significant explosion, fire, and subsequent sinking in the Gulf of Mexico, resulting in an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed. The Deepwater Horizon oil spill is the largest offshore oil spill in U.S. history, discharging millions of barrels of oil over a period of 87 days. In addition, well over 1 million gallons of dispersants were applied to the waters of the spill area in an attempt to disperse the spilled oil. An undetermined amount of natural gas was also released into the environment as a result of the spill.

The Trustees conducted the natural resource damage assessment (NRDA) for the Deepwater Horizon oil spill under the Oil Pollution Act (33 U.S.C. 2791 et seq.; OPA). Pursuant to OPA, Federal and State agencies act as trustees on behalf of the public to assess natural resource injuries and losses and to determine the actions required to compensate the public for those injuries and losses. OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship, including the loss of use and services from those resources from the time of injury until the time of restoration to baseline (the resource quality and conditions that would exist if the spill had not occurred) is complete.

The Deepwater Horizon Trustees are:
- U.S. Department of the Interior (DOI), as represented by the National Park Service, U.S. Fish and Wildlife Service, and Bureau of Land Management;
- National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce;
- U.S. Department of Agriculture (USDA);
- U.S. Environmental Protection Agency (EPA);
- State of Louisiana Coastal Protection and Restoration Authority, Oil Spill Coordinator’s Office, Department of Environmental Quality, Department of Wildlife and Fisheries, and Department of Natural Resources;
- State of Mississippi Department of Environmental Quality;
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama;
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission; and
- State of Texas: Texas Parks and Wildlife Department, Texas General Land Office, and Texas Commission on Environmental Quality.

Upon completion of the NRDA, the Trustees reached and finalized a
