

of that information.⁸ Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives. All segments of any antidumping duty or countervailing duty proceedings initiated on or after August 16, 2013, should use the formats for the revised certifications provided at the end of the *Final Rule*.⁹ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable revised certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by the Secretary. See 19 CFR 351.302. In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) Case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning U.S. Customs and Border Protection data; and (5) quantity and value questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This modification also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time

limits. These modifications are effective for all segments initiated on or after October 21, 2013. Please review the final rule, available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

DATES: Applicable March 16, 2018.

FOR FURTHER INFORMATION CONTACT: Toni Page, Lingjun Wang, or Jun Jack Zhao, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1398, (202) 482-2316, or (202) 482-1396, respectively.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the preliminary results of this administrative review of passenger tires from China on

September 7, 2017.¹ We verified Sentury and its U.S. affiliate from December 11 through 15, 2017, and December 20 through 22, 2017. We invited interested parties to comment on the *Preliminary Results*. On January 3, 2017, Commerce postponed the final results of review until March 6, 2018. Between February 5 and 12, 2018, Commerce received timely filed briefs and rebuttal briefs from various interested parties. Based on an analysis of the comments received, Commerce has made changes to the weighted-average dumping margins determined for respondents. The weighted-average dumping margins are listed in the "Final Results of Administrative Review" section below.

Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the final results of this review is now March 9, 2018.²

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the accompanying Issues and Decision Memorandum.⁴ The issues are identified in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://trade.gov/enforcement/frn/index.html>. The signed Issues and Decision Memorandum and electronic versions of the Issues and Decision Memorandum are identical in content.

Affiliation and Single Entity Determination

In the *Preliminary Results* Commerce continued to find, based on its finding in the investigation of this proceeding, that Giti, Giti Tire (USA) Ltd. (Giti USA); Giti Radial Tire (Anhui) Company Ltd. (Giti Radial Anhui); Giti Tire (Fujian) Company Ltd. (Giti Fujian); and Giti Tire (Hualin) Company Ltd. (Giti Hualin) are affiliated exporters/manufacturers of subject merchandise and should be treated as a single entity (the Giti Entity) for purposes of this review.⁵ No interested party has disputed this treatment, and so these findings remain unchanged for these final results. Commerce stated in the *Preliminary Results* that we would analyze whether to collapse (*i.e.*, treat as a single entity) Giti with its other affiliated producers Giti Tire Greatwall

Company, Ltd. (Giti Greatwall), Giti Tire (Anhui) Company, Ltd. (Giti Anhui), Giti Tire (Yinchuan) Company, Ltd. (Giti Yinchuan), and Giti Tire (Chongqing) Company, Ltd. (Giti Chongqing) after the preliminary results.⁶ For these final results, Commerce finds that Giti is also affiliated with Giti Greatwall, Giti Anhui, Giti Yinchuan, and Giti Chongqing pursuant to section 771(33)(E) of the Act, and that the four producers are affiliated with each other, pursuant to section 771(33)(F) of the Act. Additionally, Commerce finds that it is appropriate to collapse these entities with the Giti Entity, pursuant to 19 CFR 351.401(f). The proprietary discussion of Commerce's decision is included in a separate memorandum.⁷

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined Highpoint Trading, Ltd.; Federal Tire (Jiangxi), Ltd.; Federal Corporation; Weihai Ping'an Tyre Co., Ltd.; Qingdao Free Trade Zone Full-World International Trading Co., Ltd.; Seatex PTE. Ltd.; Wendeng Sanfeng Tyre Co., Ltd.; Shandong Hawk International Rubber Industry Co., Ltd.; Qingdao Honghua Tyre Factory (Honghua); and Zenith Holding (HK) Limited each had no shipments during the POR.⁸ As we have not received any information to contradict our preliminary finding, we determine that these entities did not have any shipments of subject merchandise during the POR. We will issue appropriate instructions that are consistent with our "automatic assessment" clarification, for these final results.⁹

Separate Rates

In the *Preliminary Results*, we found that evidence provided by Giti, Sentury,

⁶ *Id.* at 12.

⁷ See Commerce Memorandum, "Administrative Review of Certain Passenger Vehicle and Light Truck Tires from the People's Republic of China: Collapsing of Giti Tire Global Trading Pte. Ltd. and Affiliated Producers," (dated concurrently with the instant notice).

and 63 other exporters supported finding an absence of both *de jure* and *de facto* government control, and, therefore, we preliminarily granted a separate rate to each of these companies.¹⁰ We received no information since the issuance of the *Preliminary Results* that provides a basis for reconsidering these determinations with respect to the separate rate status of the 65 entities. Therefore, for the final results, we continue to find that these entities are eligible for separate rates.

In addition, Commerce inadvertently listed Haohua Orient International Trade Ltd. and Nankang (Zhangjiagang Free Trade Zone) Rubber Industrial Co., Ltd as both qualifying for and not qualifying for separate rate status.¹¹ We clarify that we find both companies are eligible for separate rates and Appendix II below has been corrected for these final results.

Further, Commerce continues to find that the remaining entities listed as not qualifying for separate rates have failed to demonstrate an absence of *de jure* and/or *de facto* government control, and, thus, are not eligible for separate rates. A list of entities that are not entitled to separate rate status for this administrative review are included in Appendix II of this notice.

Adjustments for Export Subsidies and Double-Remedies

Pursuant to section 772(c)(1)(C) of the Act, Commerce has granted an export subsidy adjustment to Giti and Sentury. In addition, pursuant to sections 777A(f)(1)(A)–(C) of the Act, Commerce has granted a double-remedy adjustment to Giti and Sentury for these final results. The antidumping duty rate assigned to the non-examined exporters which qualify for a separate rate reflects the export subsidy and double-remedy adjustments granted to the mandatory respondents.

Final Results of Review

Commerce finds that the following weighted-average dumping margins exist for the POR:

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and CBP

shall assess, antidumping duties on all appropriate entries of subject merchandise, where applicable, in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of these

final results of review.¹³ For each individually examined respondent in this review whose weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent), Commerce calculated importer-specific assessment rates, in accordance with 19

¹² In the *Preliminary Results*, Commerce inadvertently listed "Giti Radial Tire (Anhui) Company Ltd." as "Giti Tire (Anhui) Company Ltd." The name is corrected for these final results.

¹³ See 19 CFR 351.212(b)(1).

CFR 351.212(b)(1).¹⁴ Where the respondent reported reliable entered values, Commerce calculated importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer, and dividing this amount by the total entered value of the sales to the importer.¹⁵ Where the importer did not report entered values, Commerce calculated an importer-specific assessment rate by dividing the amount of dumping for reviewed sales to the importer by the total sales quantity associated with those transactions. Where an importer-specific *ad valorem* assessment rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁶ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate.

Pursuant to Commerce practice, for entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.¹⁷ Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's CBP case number will be liquidated at the rate for the PRC-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on POR entries, and for future deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

Commerce will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which NV exceeds U.S. price. The following cash deposit

requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis* (*i.e.*, less than 0.5 percent), then the cash deposit rate will be zero for that exporter), adjusted, where appropriate, for export subsidies and domestic subsidies passed through; (2) for previously investigated or reviewed China and non-China exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all China exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 76.46 percent)¹⁸ and (4) for all non-China exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notifications to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or

destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 9, 2018.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Background

Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** on September 7, 2017.¹ On September 22, 2017, United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, CLC (the petitioner) submitted comments regarding alleged deficiencies in the record. In response to the petitioner's deficiency comments letter, on September 28, 2017, Commerce issued supplemental questionnaires to GITI and Cooper. GITI and Cooper submitted timely responses to the September 28, 2017, supplemental questionnaires on October 13, 2017.

We invited interested parties to comment on the *Preliminary Results*. On November 22, 2017, we received case briefs from the following interested parties: Cooper; GITI; the petitioner; and the Government of China (GOC). On December 4, 2017, the Commerce received timely rebuttal comments from GITI, and on December 5, 2017, we received timely rebuttal comments from Cooper, the petitioner and the GOC.
