

NPS National NAGPRA Program provides templates for notices of inventory completion to assist museums in drafting these notices.

After receiving a request from an Indian tribe or Native Hawaiian organization to repatriate an object described in a summary, if a museum determines that the object being requested is an unassociated funerary object, a sacred object, or an object of cultural patrimony, and is culturally affiliated with the requestor, the museum drafts and sends a notice of intent to repatriate cultural items to the NPS National NAGPRA Program, which publishes the notice in the **Federal Register**. The information in a notice of intent to repatriate cultural items collected by the NPS National NAGPRA Program is based on the information in the museum's summary, and is supplemented by information pertinent to the identity and cultural affiliation of the cultural item. The NPS National NAGPRA Program provides a template for a notice of intent to repatriate cultural items to assist museums in drafting this notice.

A museum that revises its decision in a way that changes the number or cultural affiliation of cultural items listed in a notice that was previously published in the **Federal Register** must draft and send a correction notice to the NPS National NAGPRA Program, which publishes the correction notice in the **Federal Register**. The NPS National NAGPRA Program provides a template for a correction notice to assist museums in drafting this notice.

The NPS National NAGPRA Program collects and makes publicly available the above described information in order to ensure the protection of the constitutional due process rights of lineal descendants, Indian tribes and Native Hawaiian organizations related to property. As evidence of a museum's compliance with the Act, the information collected by the NPS National NAGPRA Program serves the reporting museum because only where a museum repatriates a cultural item in good faith pursuant to the Act will it be immune from liability for claims by an aggrieved party or for claims of breach of fiduciary duty, public trust, or violations of state law that are inconsistent with the provisions of NAGPRA.

#### SUPPLEMENTARY INFORMATION:

*Background.*—In August 2016, the Commission issued its unanimous determination in *Hydrofluorocarbon Blends and Components from China*, Inv. No. 731-TA-1279 (Final), USITC Pub. 4629 (August 2016). Applying the five-factor finished/semi-finished product analysis, the Commission found that there were two domestic like products, and consequently two

domestic industries, one comprised of domestic producers of HFC components and the other of domestic producers of HFC blends. The Commission then determined that the domestic industry producing HFC blends was materially injured by reason of subject imports of HFC blends, whereas the domestic industry producing HFC components was not materially injured or threatened with material injury by reason of subject imports of HFC components. Petitioners appealed the determination to the U.S. Court of International Trade ("CIT"), challenging the Commission's determination that there were two domestic like products consisting of HFC blends and HFC components. The CIT remanded two issues to the Commission and affirmed all other aspects of the Commission's like product determination. *Arkema, Inc. v. United States*, Court No. 16-00179, Slip. Op. 18-12 (Ct. Int'l Trade Feb. 16, 2018).

*Participation in the proceeding.*—Only those persons who were interested parties that participated in the investigations (*i.e.*, persons listed on the Commission Secretary's service list) and also parties to the appeal may participate in the remand proceedings. Such persons need not make any additional notice of appearances or applications with the Commission to participate in the remand proceedings, unless they are adding new individuals to the list of persons entitled to receive business proprietary information ("BPI") under administrative protective order. BPI referred to during the remand proceedings will be governed, as appropriate, by the administrative protective order issued in the investigation. The Secretary will maintain a service list containing the names and addresses of all persons or their representatives who are parties to the remand proceedings, and the Secretary will maintain a separate list of those authorized to receive BPI under the administrative protective order during the remand proceedings.

*Written Submissions.*—The Commission is not reopening the record and will not accept the submission of new factual information for the record. The Commission will permit the parties to file comments concerning how the Commission could best comply with the Court's remand instructions.

The comments must be based solely on the information in the Commission's record. The Commission will reject submissions containing additional factual information or arguments pertaining to issues other than those on which the Court has remanded this matter. The deadline for filing

comments is March 30, 2018. Comments shall be limited to no more than ten (10) double-spaced and single-sided pages of textual material.

Parties are advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission. All written submissions must conform to the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform to the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on E-Filing*, available on the Commission's website at <http://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, will not be accepted unless good cause is shown for accepting such submissions or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

By order of the Commission.

Issued: March 20, 2018.

*Secretary to the Commission.*

#### **Agency Information Collection Activities; Submission for OMB Review; Comment Request; Workforce Flexibility (Workflex) Plan Submission and Reporting Requirements**

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA) sponsored information collection request (ICR) revision titled, "Workforce Flexibility (Workflex) Plan Submission

and Reporting Requirements" to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995. Public comments on the ICR are invited.

**DATES:** The OMB will consider all written comments that agency receives on or before April 25, 2018.

**ADDRESSES:** A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* website at [http://www.reginfo.gov/public/do/PRAViewICR?ref\\_nbr=1205-0432](http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=1205-0432) or by contacting Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not toll-free numbers) or sending an email to [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; or by email: [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

**FOR FURTHER INFORMATION CONTACT:** Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not toll-free numbers) or sending an email to [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

**SUPPLEMENTARY INFORMATION:** This ICR seeks approval under the PRA for revisions to the Workforce Flexibility (Workflex) Plan Submission and Reporting Requirements. The Workforce Innovation and Opportunity Act (WIOA), 29 U.S.C. 3101 *et seq.*, and regulations 20 CFR 679.630 provide that the Secretary may grant Workflex waiver authority for up to five years pursuant to a Workflex plan submitted by a state. Workflex authorizes governors to approve local area requests to waive certain statutory and regulatory provisions of WIOA Title I programs. States may also request waivers from the Secretary of certain Wagner-Peyser Act requirements, as well as certain provisions of the Older Americans Act of 1965 (OAA) for state agencies on aging with respect to activities carried under OAA funding. One of the

underlying principles for granting Workflex waivers is that the waivers will result in improved performance outcomes for persons served and that waiver authority will be granted in consideration of improved performance. This information collection has been classified as a revision, because it incorporates WIOA statutory and regulatory authorities; however, it should be noted that the WIOA information collections are substantively the same as those previously approved under the Workforce Investment Act. WIOA section 190 authorizes this information collection. See 29 U.S.C. 3250.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0432. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 17, 2017 (82 FR 54414).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0432. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
