• Alerting capability (e.g. Security Information and Event Management or SIEM)

Each responding organization’s letter of interest should identify how their products address one or more of the following desired solution characteristics in section 3 of the Energy Sector Asset Management use case (for reference, please see the link in the PROCESS section above):

• OT/ICS asset inventory (to include devices using serial connections)
• high-speed communication mechanisms for remote asset management
• reliable/secure/encrypted communications
• continuous asset monitoring
• log analysis and correlation
• cybersecurity event/attack detection
• patch level information

Responding organizations need to understand and, in their letters of interest, commit to provide:

1. Access for all participants’ project teams to component interfaces and the organization’s experts necessary to make functional connections among security platform components.

2. Support for development and demonstration of the Energy Sector Asset Management use case in NCCoE facilities which will be conducted in a manner consistent with the following standards and guidance: NIST Special Publications 1800–5 (DRAFT); 1800–7 (DRAFT); 800–40; 800–53; 800–62; 800–160; 800–52; NIST Cybersecurity Framework; NIST Cryptographic Standards and Guidelines; ISO/IEC 27001 Information security management; and NERC CIP 002–5–004.

Additional details about the Energy Sector Asset Management use case are available at: https://nccoe.nist.gov/projects/use-cases/energy-sector/asset-management.

NIST cannot guarantee that all of the products proposed by respondents will be used in the demonstration. Each prospective participant will be expected to work collaboratively with NIST staff and other project participants under the terms of the consortium CRADA in the development of the Energy Sector Asset Management use case. Prospective participants’ contribution to the collaborative effort will include assistance in establishing the necessary interface functionality, connection and set-up capabilities and procedures, demonstration harnesses, environmental and safety conditions for use, integrated platform analysis instructions, and demonstration plans and scripts necessary to demonstrate the desired capabilities. Each participant will train NIST personnel, as necessary, to operate its product in capability demonstrations. Following successful demonstrations, NIST will publish a description of the security platform and its performance characteristics sufficient to permit other organizations to develop and deploy security platforms that meet the security objectives of the Energy Sector Asset Management use case. These descriptions will be public information.

Under the terms of the consortium CRADA, NIST will support development of interfaces among participants’ products by providing IT infrastructure, laboratory facilities, office facilities, collaboration facilities, and staff support to component composition, security platform documentation, and demonstration activities.

The dates of the demonstration of the Energy Sector Asset Management use case capability will be announced on the NCCoE website at least two weeks in advance at http://nccoe.nist.gov/. The expected outcome of the demonstration is to improve security across the energy sector. Participating organizations will gain from the knowledge that their products are interoperable with other participants’ offerings.

For additional information on the NCCoE governance, business processes, and NCCoE operational structure, visit the NCCoE website http://nccoe.nist.gov/.

Kevin Kimball,
NIST Chief of Staff.

National Institute of Standards and Technology

NIST Smart Grid Advisory Committee Meeting

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) Smart Grid Advisory Committee (SGAC or Committee) will meet in open session on Tuesday, April 24, 2018 from 8:30 a.m. to 5:00 p.m. Eastern time and Wednesday, April 25, 2018 from 8:30 a.m. to 12:00 p.m. Eastern time. The primary purposes of this meeting are to provide updates on NIST Smart Grid activities and the intersections with Cyber-Physical Systems program activities, and discuss development and stakeholder engagement for the NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 4.0. The agenda may change to accommodate Committee business. The final agenda will be posted on the Smart Grid website at http://www.nist.gov/smartgrid.

DATES: The SGAC will meet on Tuesday, April 24, 2018 from 8:30 a.m. to 5:00 p.m. Eastern time and Wednesday, April 25, 2018 from 8:30 a.m. to 12:00 p.m. Eastern time.

ADDRESSES: The meeting will be held in Conference Room C103, Building 215 (Advanced Measurement Laboratory), National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, Maryland 20899. Please note admittance instructions under the SUPPLEMENTARY INFORMATION section of this notice.

FOR FURTHER INFORMATION CONTACT: Mr. Cuong Nguyen, Smart Grid and Cyber-Physical Systems Program Office, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8200, Gaithersburg, MD 20899–8200; telephone 301–975–2254, fax 301–948–5668; or via email at cuong.nguyen@nist.gov.

SUPPLEMENTARY INFORMATION: The Committee was established in accordance with the Federal Advisory Committee Act, as amended, 5 U.S.C. App. The Committee is composed of nine to fifteen members, appointed by the Director of NIST, who were selected on the basis of established records of distinguished service in their professional community and their knowledge of issues affecting Smart Grid deployment and operations. The Committee advises the Director of NIST in carrying out duties authorized by section 1305 of the Energy Independence and Security Act of 2007 (Pub. L. 110–140). The Committee provides input to NIST on Smart Grid standards, priorities, and gaps, on the overall direction, status, and health of the Smart Grid implementation by the Smart Grid industry, and on the direction of Smart Grid research and standards activities. Background information on the Committee is available at http://www.nist.gov/smartgrid/.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the NIST Smart Grid Advisory Committee (SGAC or Committee) will meet in open session on Tuesday, April 24, 2018 from 8:30 a.m. to 5:00 p.m. Eastern time and Wednesday, April 25, 2018 from 8:30 a.m. to 12:00 p.m. Eastern time.
a.m. to 12:00 p.m. Eastern time. The meeting will be held in Conference Room C103, Building 215 (Advanced Measurement Laboratory), National Institute of Standards and Technology, 100 Bureau Drive, Gaithersburg, Maryland 20899. The primary purposes of this meeting are to provide updates on NIST Smart Grid activities and the intersections with Cyber-Physical Systems program activities and to discuss development and stakeholder engagement for the NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 4.0. The agenda may change to accommodate Committee business. The final agenda will be posted on the Smart Grid website at http://www.nist.gov/smartgrid.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Committee’s affairs are invited to request a place on the agenda by submitting their request to Cuong Nguyen at cuong.nguyen@nist.gov or (301) 975–2254 no later than 5:00 p.m. Eastern time, Tuesday, April 10, 2018. On Wednesday, April 25, 2018, approximately one-half hour will be reserved at the end of the meeting for public comments, and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about three minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to Mr. Cuong Nguyen, Smart Grid and Cyber-Physical Systems Program Office, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8200, Gaithersburg, MD 20899–8200; telephone 301–975–2254, fax 301–948–5668; or via email at cuong.nguyen@nist.gov.

All visitors to the NIST site are required to pre-register to be admitted. Anyone wishing to attend this meeting must register by 5:00 p.m. Eastern time, Tuesday, April 10, 2018, in order to attend. Please submit your full name, time of arrival, email address, and phone number to Cuong Nguyen. Non-U.S. citizens must submit additional information; please contact Mr. Nguyen. Mr. Nguyen’s email address is cuong.nguyen@nist.gov and his phone number is (301) 975–2254. For participants attending in person, please note that federal agencies, including NIST, can only accept a state-issued driver’s license or identification card for access to federal facilities if such license or identification card is issued by a state that is compliant with the REAL ID Act of 2005 (Pub. L. 109–13), or by a state that has an extension for REAL ID compliance. NIST currently accepts other forms of federal-issued identification in lieu of a state-issued driver’s license. For detailed information, please contact Mr. Nguyen or visit: http://www.nist.gov/public_affairs/visit/.

Kevin Kimball, NIST Chief of Staff.

National Oceanic and Atmospheric Administration

RIN 0648–XF995

Initiation of 5-Year Review for the Endangered New York Bight, Chesapeake Bay, Carolina and South Atlantic Distinct Population Segments of Atlantic Sturgeon and the Threatened Gulf of Maine Distinct Population Segment of Atlantic Sturgeon; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of initiation of 5-year review and request for information; correction.

SUMMARY: We, NMFS, published a notice in the Federal Register of March 16, 2018, announcing our intent to conduct a 5-year review for the threatened Gulf of Maine distinct population segment (DPS) of Atlantic sturgeon (Acipenser oxyrinchus oxyrinchus), the endangered New York Bight DPS of Atlantic sturgeon, the endangered Chesapeake Bay DPS of Atlantic sturgeon, the endangered Carolina DPS of Atlantic sturgeon and the endangered South Atlantic DPS of Atlantic sturgeon under the Endangered Species Act of 1973, as amended (ESA). The notice contained an incorrect link to the Federal e-Rulemaking Portal for submitting comments. This document corrects the link.

ADDRESSES: Submit your comments by including NOAA–NMFS–2018–0041, by either of the following methods:

• Electronic Submissions: Submit all electronic public comments via the Federal e-Rulemaking Portal.

1. Go to https://www.regulations.gov/
   #!docketDetail;D=NOAA-NMFS-2018-0041.

2. Click the “Comment Now!” icon, complete the required fields.

3. Enter or attach your comments.
   • Mail: Submit written comments to Lynn Lanksheath, NMFS, Greater Atlantic Region Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930 or Andrew Herndon, NMFS, Southeast Regional Office, 263 13th Avenue South, Saint Petersburg, FL 33701.

   Instructions: We may not consider comments if they are sent by any other method, to any other address or individual, or received after the end of the specified period. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. We will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT:

Lynn Lanksheath at the above address, by phone at 978–282–8473 or Lynn.Lankshear@noaa.gov or Andrew Herndon at the above address, by phone at 727–824–5312 or Andrew.Herndon@noaa.gov.

SUPPLEMENTARY INFORMATION:

Need for Correction

In the Federal Register of March 16, 2018, in FR Doc. 2018–05306, on page 11731, in the third column, the

ADDRESSES section contained an incorrect link to the Federal e-Rulemaking Portal and is corrected in this document.

Authority: 16 U.S.C. 1531 et seq.

Angela Somma,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.
