SUPPLEMENTARY INFORMATION: The U.S. Consumer Product Safety Commission (CPSC) staff,¹ with input from the Child and Family Research Section staff at the National Institute of Child Health and Human Development (NICHD) within the National Institutes of Health (NIH), has revised the current (2002) *Age Determination Guidelines: Relating Children’s Ages to Toy Characteristics and Play Behavior*, based on a literature review, parent toy survey, and observational study of children from multiple age groups playing with select toys. The draft revised guidance document, *Guidelines for Determining Age Appropriateness of Toys*, addresses toys that have come onto the market since the last update and provides changes to the recommended age group for certain classic toys. Many toy-related injuries could be prevented by age-labeling products for the age group for whom they are intended. Providing the consumer product toy industry with better age-grading guidance, and describing how these principles can be applied to their products, can help reduce product-related incidents and reduce costly compliance and enforcement actions.

The draft guidance document is intended for CPSC staff, industry stakeholders, third party testing laboratories, and manufacturers in the consumer product toy sector. The draft guidance can be tailored to meet the needs of a particular toy, recognizing that not all guidance applies to all products. The draft guidance document is not a rule and does not establish legally enforceable responsibilities.

The draft guidance document is available on the Commission’s website at: https://www.cpsc.gov/s3fs-public/DRAFT%20Age%20Determination%20Guidelines%20for%20Toys.pdf?xc38j_e7mgBIBA.wPVonS_Q0_MN3fYHz, and from the Commission’s Office of the Secretary, at the location

listed in the **ADDRESSES** section of this notice.

The Commission invites comments on the draft document, “Determining Age Appropriateness of Toys.” Specifically, the Commission is seeking comments on the recommended age groups for all toys that have been added to or changed in the document since the last update, and on the research methodology and analyses performed in the study. See “*Draft Summary Table for Updating Age Determination Guidelines for Toys*” (available at <https://www.cpsc.gov/s3fs-public/Draft%20Summary%20Spreadsheet%20for%20Updating%20Age%20Determination%20Guidelines%20for%20Toys.xlsx?uQIGW9pCK4nDRnWBjiYUyUaMG99bNQA>) for a list of all toys and respective age recommendations; and “*CPSC Toy Guidelines: Research Document*” (available at https://www.cpsc.gov/s3fs-public/Draft%20Research%20Document%20for%20Updating%20Age%20Determination%20Guidelines%20for%20Toys.pdf?oap6_dYUWpkLn.Bqc.S2qXpJnr3Ll3N) for a summary of research methods and analyses performed in the study. Comments should be submitted by June 11, 2018. Information on how to submit comments can be found in the **ADDRESSES** section of this notice.
