DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request; Radiation Exposure Screening and Education Program, OMB No. 0906-0012—Revision

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, HRSA has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. A 60-day **Federal Register** Notice was published on January 9, 2018. There were no comments. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received no later than April 30, 2018.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to *OIRA_submission@omb.eop.gov* or by fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at *paperwork@hrsa.gov* or call (301) 443-1984.

SUPPLEMENTARY INFORMATION:
Information Collection Request Title: Radiation Exposure Screening and Education Program, OMB No. 0906-0012—Revision.

Abstract: The Radiation Exposure Screening and Education Program (RESEP) is authorized by section 417C of the Public Health Service Act (42 U.S.C. 285a-9). The purpose of RESEP is to assist individuals who live (or lived) in areas where U.S. nuclear weapons testing occurred and who are diagnosed with cancer and other radiogenic diseases caused by exposure to nuclear fallout or nuclear materials such as uranium. RESEP funds support eligible health care organizations in implementing cancer screening programs; developing education programs; disseminating information on radiogenic diseases and the importance of early detection; screening eligible individuals for cancer and other radiogenic diseases; providing appropriate referrals for medical treatment; and facilitating documentation of radiation exposure.

Need and Proposed Use of the Information: For this program, performance measures were drafted to provide data useful to the program and to enable HRSA to provide aggregate program data required by Congress under the Government Performance and Results Act of 1993 (Pub. L. 103-62). These measures cover the principal topic areas of interest to the Federal

Office of Rural Health Policy (FORHP), including demographics for the RESEP program user population, medical screening activities for cancers and other radiogenic diseases, exposure and presentation types for eligible radiogenic malignant and nonmalignant diseases, referrals for appropriate medical treatment, eligibility counseling and referral assistance for the Radiation Exposure Compensation Act, and program outreach and education activities. These measures speak to FORHP's progress toward meeting the established goals. In order to reduce the reporting burden by the award recipients, a number of questions have been removed with the new set of measures reflecting an effort to streamline data collection and collect consistent and uniform measures across FORHP's grant programs.

Likely Respondents: RESEP award recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Radiation Exposure Screening and Education Program	8	1	8	12	96
Total	8	8	96

 BILLING CODE 4165-15-P

**DEPARTMENT OF HEALTH AND
 HUMAN SERVICES**

**Health Resources and Services
 Administration**

**Agency Information Collection
 Activities: Submission to OMB for
 Review and Approval; Public Comment
 Request; Rural Health Care Services
 Outreach Program Performance
 Improvement and Measurement
 Systems Measures, OMB No. 0915-
 0009—Revision**

AGENCY: Health Resources and Services
 Administration (HRSA), Department of
 Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the
 Paperwork Reduction Act of 1995,
 HRSA has submitted an Information
 Collection Request (ICR) to the Office of
 Management and Budget (OMB) for
 review and approval. Comments
 submitted during the first public review
 of this ICR will be provided to OMB.
 OMB will accept further comments from
 the public during the review and
 approval period. This proposed
 information collection was previously
 published in the **Federal Register** on
 November 27, 2017, and allowed 60-
 days for public comment. No public
 comments were received.

DATES: Comments on this ICR should be
 received no later than April 30, 2018.

ADDRESSES: Submit your comments,
 including the ICR Title, to the desk
 officer for HRSA, either by email to
OIRA_submission@omb.eop.gov or by
 fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To
 request a copy of the clearance requests
 submitted to OMB for review, email Lisa
 Wright-Solomon, the HRSA Information
 Collection Clearance Officer at
paperwork@hrsa.gov or call (301) 443-
 1984.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title:
 Rural Health Care Services Outreach
 Program Performance Improvement and
 Measurement Systems (PIMS) Measures.

OMB No.: 0915-0009—Revision.
Abstract: The Rural Health Care
 Services Outreach (Outreach) Program is
 authorized by Section 330A(e) of the
 Public Health Service (PHS) Act (42
 U.S.C. 254c(e)), as amended, to
 “promote rural health care services
 outreach by expanding the delivery of
 health care services to include new and
 enhanced services in rural areas.” The
 goals for the Outreach Program are as
 follows: (1) Expand the delivery of
 health care services in rural
 communities; (2) deliver health care
 services through a strong consortium, in
 which every consortium member
 organization is actively involved and
 engaged in the planning and delivery of
 services; (3) utilize and/or adapt an
 evidence-based or promising practice
 model(s) in the delivery of health care
 services; and (4) improve population
 health, demonstrate health outcomes
 and sustainability.

*Need and Proposed Use of the
 Information:* The PIMS measures for the
 Outreach Program enable HRSA and the
 Federal Office of Rural Health Policy to
 capture awardee-level and aggregate
 data that illustrate the impact and scope
 of federal funding. The collection of this
 information helps further inform and
 substantiate the focus and objectives of
 the grant program. The measures
 encompass the following topics: (a)
 Access to care; (b) population
 demographics; (c) consortium/network;

(d) sustainability; and (f) project specific
 domains.

There are proposed revisions to the
 previously approved Outreach Program
 PIMS measures. The proposed Outreach
 PIMS measures reflect a reduced
 number of measures including the
 following: 16 process measures
 applicable to all awardees (previously
 22), consolidation of the project-specific
 measures (currently 7, previously 8),
 and 8 clinical measures (previously 9).
 In addition, the proposed measures
 include the addition of two Centers for
 Disease Control and Prevention (CDC)
 calculators: The CDC Heart Age
 calculator and the CDC BMI Percentile
 Calculator for Child and Teen. Data for
 both calculators will be collected on an
 aggregate level and only from awardees
 with applicable projects; the CDC Heart
 Age calculator is specific to awardees
 participating in the Health Improvement
 Special Project while the CDC BMI
 calculator is for projects focusing on
 childhood obesity.

Likely Respondents: The respondents
 would be award recipients of the Rural
 Health Care Services Outreach Program.

Burden Statement: Burden in this
 context means the time expended by
 persons to generate, maintain, retain,
 disclose or provide the information
 requested. This includes the time
 needed to review instructions; to
 develop, acquire, install and utilize
 technology and systems for the purpose
 of collecting, validating and verifying
 information, processing and
 maintaining information, and disclosing
 and providing information; to train
 personnel and to be able to respond to
 a collection of information; to search
 data sources; to complete and review
 the collection of information; and to
 transmit or otherwise disclose the
 information. The total annual burden
 hours estimated for this ICR are
 summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Rural Health Care Services Outreach Program Performance Improvement and Measurement Systems (PIMS) Measures	25	1	25	3.5	87.5
Total	25	25	87.5
