

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the DOL-Only Performance Accountability, Information, and Reporting System. The following programs are required to report through this system: Workforce Innovation and Opportunity Act (WIOA) Adult; National Dislocated Worker and Youth; Wagner Peyster Employment Service; National Farmworker Jobs Program; YouthBuild; Job Corps; and Indian and Native American. Requiring these programs to use a standard set of data elements, definitions, and specifications at all levels of the workforce system helps improve the quality of the performance information that is received by the DOL. While the H1-B discretionary grant, Senior Community Service Employment, Jobs for Veterans State Grants, the Reintegration of Ex-Offenders program (Adult and Youth), and the Trade Adjustment Assistance programs are not authorized under the WIOA, they will be utilizing the data element definitions and reporting templates proposed in this ICR. The accuracy, reliability, and comparability of program reports submitted by states and grantees using Federal funds are fundamental elements of good public administration. The subject information collection requirements are necessary tools for maintaining and demonstrating system integrity. More specifically, this ICR covers several information collection instruments including—the Quarterly Program Performance Report (Form ETA-9173), WIOA Pay-for-Performance Report (Form ETA-9174), and Participant Individual Record Layout (PIRL) (Form ETA-9172). It should also be noted that the required data elements are noted within the PIRL with respect to the Job Corps; however, the burden associated with that data collection currently is counted under the ICR entitled, “Placement Verification and Follow-up of Job Corps Participants,” (OMB Control Number 1205-0426) as part of the follow-up survey process. The information collection subject to this Notice has been classified as a revision, because of the agency is adding citations for recently promulgated regulations that contain information collections as part of the authority for the collection. See 20 CFR 641.700, 641.710, 641.720, 641.730, 641.740, and 641.750. These regulations pertain to the Senior Community Service Employment Program. WIOA section 416(d) authorizes this information collection. See 29 U.S.C. 3141(d).

This information collection is subject to the PRA. A Federal agency generally

cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0521. The current approval is scheduled to expire on September 30, 2018; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 12, 2017 (82 FR 58446).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0521. The OMB is particularly interested in comments that:
