SUPPLEMENTARY INFORMATION: Section 7(e)(2)(A) of the United States Grain Standards Act (USGSA) designates that if the Secretary determines, pursuant to paragraph (3) of Section 7(e), that a State agency is qualified to perform official inspection, meets the criteria in subsection (f)(1)(A) of Section 7, and (i) was performing official inspection at an export port location under this chapter on July 1, 1976, or (ii)(I) performed official inspection at an export port location at any time prior to July 1, 1976, (II) was designated under subsection (f) of Section 7 on December 22, 1982, to perform official inspections at locations other than export port locations, and (III) operates in a State from which total annual exports do not exceed, as determined by the Secretary, five per centum of the total amount of grain exported from the United States annually, the Secretary may delegate authority to the State agency to perform all or specified functions involving official inspection (other than appeal inspection) at export port locations within the State, including export port locations which may in the future be established, subject to such rules, regulations, instructions, and oversight as the Secretary may prescribe, and any such official inspection shall continue to be the direct responsibility of the Secretary. Any such delegation may be revoked by the Secretary, at the discretion of the Secretary, at any time upon notice to the State agency without opportunity for a hearing. Under Section 7(e) of the USGSA, every five years, the Secretary shall certify that each State agency with a delegation of authority is meeting the criteria described in subsection (f)(1)(A). Delegations shall be renewed according to the criteria and procedures set forth in Section 7(e)(2)(B) of the USGSA.

Area of Delegation*Virginia*

Pursuant to Section 7(e)(2) of the USGSA, the following export port locations in the State of Virginia are assigned to this State agency.

In Virginia:

All export port locations in the State of Virginia.

Request for Comments

We are publishing this Notice to provide interested persons the opportunity to comment on the quality of services provided by the State of Virginia. We are particularly interested

in receiving comments citing reasons and pertinent data supporting or objecting to the delegation of the applicant. Submit all comments to Mark Wooden at the above address or at <http://www.regulations.gov>.

We consider comments and other available information when determining certification.

Authority: 7 U.S.C. 71-87k.

Dated: April 2, 2018.

Greg Ibach,

Under Secretary, Marketing and Regulatory Programs.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE**Natural Resources Conservation Service**

[Docket No. NRCS-2018-0003]

Notice of Availability of the Alabama Trustee Implementation Group Draft Restoration Plan II/Environmental Assessment: Wetlands, Coastal and Nearshore Habitats, Habitat Projects on Federally Managed Lands, Nutrient Reduction (Nonpoint Source), Sea Turtles, Marine Mammals, Birds, and Oysters

AGENCY: Natural Resources Conservation Service (NRCS), Agriculture.

ACTION: Notice of availability.

SUMMARY: In accordance with the Oil Pollution Act (OPA) of 1990 and the National Environmental Policy Act (NEPA), the *Deepwater Horizon* Federal and State natural resource trustee agencies for the Alabama Trustee Implementation Group (Alabama TIG) have prepared a draft Restoration Plan II/Environmental Assessment (RP II/EA). The draft RP II/EA describes the restoration project alternatives considered by the Alabama TIG to meet the Trustee's goals to restore and conserve habitat, to replenish and protect living coastal and marine resources, to restore water quality, and to provide for monitoring and adaptive management. The Alabama TIG evaluated these alternatives under criteria set forth in the OPA natural resource damage assessment (NRDA) regulations, as well as the environmental consequences in accordance with NEPA. Monitoring and adaptive management activities to address information gaps necessary to inform future restoration are also included in the draft plan. The purpose of this notice is to inform the public of

the availability of the draft RP II/EA and to seek public comments on the document.

DATES: The Alabama TIG will consider public comments received on or before May 4, 2018.

Public Meeting: On April 18, 2018, the Alabama TIG will host a public meeting to facilitate public review of the draft RP II/EA. The meeting will begin with an open house and be followed by a formal meeting where the Alabama TIG will present the draft RP II/EA and receive verbal comments from members of the public. Alabama TIG representatives will be present during the open house and will be available to answer questions. The Alabama TIG also will accept written comments during the public meeting. The public meeting schedule and details are listed in the **SUPPLEMENTARY INFORMATION** section.

ADDRESSES: *Obtaining Documents:* You may download the draft RP II/EA at [http://](http://www.gulfspillrestoration.noaa.gov)

www.gulfspillrestoration.noaa.gov. Alternatively, you may request a CD of the draft RP II/EA (see **FOR FURTHER INFORMATION CONTACT**). Also, you may view the document at any of the public facilities listed at [http://](http://www.gulfspillrestoration.noaa.gov)

www.gulfspillrestoration.noaa.gov. *Submitting Comments:* You may submit comments on the draft RP II/EA by one of following methods:

- *The web:* <https://parkplanning.nps.gov/XXXX>
- *U.S. Mail:* U.S. Fish and Wildlife Service, P.O. Box 49567, Atlanta, Georgia 30345. Please note that mailed comments must be postmarked on or before the comment deadline of May 4, 2018, to be considered.

FOR FURTHER INFORMATION CONTACT:

- USDA—Ronald Howard, ron.howard@ms.usda.gov.
- State of Alabama—Amy Hunter, amy.hunter@dcnr.alabama.gov.

SUPPLEMENTARY INFORMATION:**Introduction**

On April 20, 2010, the mobile offshore drilling unit, *Deepwater Horizon*, which was being used to drill a well for BP Exploration and Production Inc. (BP), in the Macondo prospect (Mississippi Canyon 252-MC252), exploded, caught fire, and subsequently sank in the Gulf of Mexico, resulting in an unprecedented volume of oil and other discharges from the rig and from the wellhead on the seabed. The *Deepwater Horizon* Oil Spill is the largest oil spill in United States history, discharging millions of barrels of oil over a period of 87 days.

In addition, well over one million gallons of dispersants were applied to the waters of the spill area in an attempt to disperse the spilled oil. Also, an undetermined amount of natural gas was released into the environment as a result of the spill.

The *Deepwater Horizon* State and Federal natural resource trustees (DWH Trustees) conducted the natural resource damage assessment (NRDA) for the *Deepwater Horizon* Oil Spill under OPA 1990 (OPA, 33 U.S.C. Sec. 2701 *et seq.*). Pursuant to OPA, Federal and State agencies act as trustees on behalf of the public to assess natural resource injuries and losses, and to determine the actions required to compensate the public for those injuries and losses. OPA further instructs the designated trustees to develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship, including the loss of use and services from those resources from the time of injury until the time of restoration to baseline (the resource quality and conditions that would exist if the spill had not occurred) is complete.

The DWH Trustees are—

- U.S. Department of the Interior (DOI), as represented by the National Park Service (NPS), U.S. Fish and Wildlife Service (FWS), and Bureau of Land Management (BLM)
- National Oceanic and Atmospheric Administration (NOAA), on behalf of the U.S. Department of Commerce (DOC)
- U.S. Department of Agriculture (USDA)
- U.S. Environmental Protection Agency (EPA)
- State of Louisiana Coastal Protection and Restoration Authority, Oil Spill Coordinator's Office, Department of Environmental Quality, Department of Wildlife and Fisheries, and Department of Natural Resources
- State of Mississippi Department of Environmental Quality
- State of Alabama Department of Conservation and Natural Resources and Geological Survey of Alabama
- State of Florida Department of Environmental Protection and Fish and Wildlife Conservation Commission
- For the State of Texas, Texas Parks and Wildlife Department, Texas General Land Office, and Texas Commission on Environmental Quality

The DWH Trustees reached and finalized a settlement of their natural resource damage claims with BP in a

Consent Decree¹ approved by the United States District Court for the Eastern District of Louisiana. Pursuant to that Consent Decree, restoration projects in Alabama are now chosen and managed by the Alabama TIG. The Alabama TIG is composed of the following Trustees:

- DOI, as represented by NPS, FWS, and BLM
- NOAA, on behalf of DOC
- USDA
- EPA
- State of Alabama Department of Conservation and Natural Resources
- Geological Survey of Alabama

This restoration planning activity is proceeding in accordance with the *Deepwater Horizon* Oil Spill: Final Programmatic Damage Assessment and Restoration Plan (PDARP) and Final Programmatic Environmental Impact Statement (PEIS). Restoration types evaluated in the draft RP II/EA include: Wetlands, Coastal and Nearshore Habitats; Habitat Projects on Federally Managed Lands; Nutrient Reduction (Nonpoint Source), Sea Turtles, Marine Mammals, Birds, and Oysters. Information on the Restoration Types evaluated in the draft RP II/EA, as well as the OPA criteria against which project ideas are being evaluated, can be viewed in the PDARP/PEIS (<http://www.gulfspillrestoration.noaa.gov/restoration-planning/gulf-plan>).

Background

In December 2016, as part of its restoration planning efforts, the Alabama TIG asked the public for project ideas that could benefit Wetlands, Coastal, and Nearshore Habitats; Habitat Projects on Federally Managed Lands, Nutrient Reduction (Nonpoint Source), Sea Turtles, Marine Mammals, Birds, and Oysters in the Alabama Restoration Area. The project submissions received through this process, along with projects previously submitted during prior restoration planning processes, resulted in the project alternatives evaluated in the draft RP II/EA.

Overview of the Draft RP II/EA

The draft RP II/EA is being released in accordance with the OPA NRDA regulations in the Code of Federal Regulations (CFR) at 15 CFR part 990, and the NEPA (42 U.S.C. Sec. 4321 *et seq.*). In the draft RP II/EA, the Alabama TIG proposes implementation of the following projects:

- Five projects within the Wetlands, Coastal, and Nearshore Habitats Restoration Type
 - Magnolia River Land Acquisition (Holmes Tract)
 - Weeks Bay Land Acquisition East Gateway Tract
 - Weeks Bay Land Acquisition Harrod Tract
 - Lower Perdido Islands Restoration Phase I (Engineering & Design [E&D])
 - Southwestern Coffee Island Habitat Restoration Project-Phase I (also proposed for funding under the Birds Restoration Type) (E&D)
- Two projects within the Habitat Projects on Federally Managed Lands Restoration Type
 - Little Lagoon Living Shoreline
 - Restoring the Night Sky—Assessment, Training, and Outreach (also proposed for funding under the Sea Turtles Restoration Type and for monitoring and adaptive management [MAM] funding) (E&D)
- Three projects within the Nutrient Reduction (Nonpoint Source) Restoration Type
 - Toulmins Springs Branch E&D (E&D)
 - Fowl River Nutrient Reduction
 - Weeks Bay Nutrient Reduction
- Four projects within the Sea Turtles Restoration Type
 - Coastal Alabama Sea Turtle (CAST) Conservation Program—“Share the Beach”
 - CAST Triage
 - CAST Habitat Usage and Population Dynamics
 - CAST Protection: Enhancement and Education
- Two projects within the Marine Mammals Restoration Type
 - Enhancing Capacity for the Alabama Marine Mammal Stranding Network
 - Alabama Estuarine Bottlenose Dolphin Protection: Enhancement and Education
- Two projects within the Birds Restoration Type
 - Southwestern Coffee Island Habitat Restoration Project-Phase I (also proposed for funding under the Wetlands, Coastal, and Nearshore Habitats Restoration Type) (E&D)
 - Colonial Nesting Wading Bird Tracking and Habitat Use Assessment—Two Species
- Four projects within the Oysters Restoration Type
 - Oyster Cultch Relief and Reef Configuration
 - Side-scan Mapping of Mobile Bay Relic Oyster Reefs (E&D)

¹ <https://www.justice.gov/enrd/file/838066/download>.

- Oyster Hatchery at Claude Peteet Mariculture Center—High Spat Production with Study
- Oyster Grow-Out and Restoration Reef Placement

Two activities are proposed for funding, in whole or in part, with the Alabama TIGs Monitoring and Adaptive Management Allocation

- Assessment of Alabama Estuarine Bottlenose Dolphin Populations and Health
- Restoring the Night Sky—Assessment, Training, and Outreach (also proposed for funding under the Habitats on Federally Managed Lands Restoration Type) (E&D)

The draft RP II/EA also evaluates No Action Alternatives for each of the Restoration Types.

The Alabama TIG has determined that the restoration projects and monitoring and adaptive management activities proposed for funding are appropriate to partially compensate for the injuries for these Restoration Types described in PDARP/PEIS. In the draft RP II/EA, the Alabama TIG presents to the public its plan for providing partial compensation to the public for natural resources and ecological services injured or lost in Alabama as a result of the Deepwater Horizon Oil Spill. The projects described in the draft RP II/EA are most appropriate for addressing injuries to: Wetlands, Coastal and Nearshore Habitats; Habitat Projects on Federally Managed Lands, Nutrient Reduction (Nonpoint Source), Sea Turtles, Marine Mammals, Birds, and Oysters, and as

monitoring and adaptive management activities.

Next Steps

The public is encouraged to review and comment on the draft RP II/EA. As described above, a public meeting is scheduled to facilitate the public review and comment process. After the close of the public comment period, the Alabama TIG will consider and address the comments received before issuing a final RP II/EA. A summary of comments received, the Alabama TIG's responses, and any revisions to the document, as appropriate, will be included in the final document.

PUBLIC MEETING SCHEDULE

Date	Time (local times)	Location
Wednesday, April 18, 2018	6 p.m. Open House; 6:30 p.m. Public Meeting.	Five River Tensaw Theater, 31115 Five River Boulevard, Spanish Fort, Alabama 36527.

Invitation to Comment

The Alabama TIG seeks public review and comment on the draft RP II/EA. Before including your address, telephone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be publicly available at any time.

Administrative Record

The documents included in the Administrative Record can be viewed electronically at the following location: <http://www.doi.gov/deepwaterhorizon/adminrecord>.

Authority: The authority of this action is the OPA of 1990 (33 U.S.C. Sec. 2701 *et seq.*), the implementing NRDA regulations at 15 CFR part 990, and NEPA (42 U.S.C. Sec. 4321 *et seq.*).

Signed this 20th day of March, 2018, in Washington, DC.

Leonard Jordan,

Acting Chief, Natural Resources Conservation Service.

BILLING CODE 3410-16-P

DEPARTMENT OF COMMERCE

Bureau of Economic Analysis

[Docket No. 180129092-8092-01]

RIN 0691-XC079

BE-9: Quarterly Survey of Foreign Airline Operators' Revenues and Expenses in the United States

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of reporting requirements.

SUMMARY: By this Notice, the Bureau of Economic Analysis (BEA), Department of Commerce, is informing the public that it is conducting the mandatory survey titled Quarterly Survey of Foreign Airline Operators' Revenues and Expenses in the United States (BE-9). The data collected on the BE-9 survey are needed to measure U.S. trade in transport services and to analyze the impact of U.S. trade on the U.S. and foreign economies. This survey is authorized by the International Investment and Trade in Services Survey Act.

FOR FURTHER INFORMATION CONTACT: Christopher Stein, Chief, Services Surveys Branch (BE-50), Balance of Payments Division, Bureau of Economic Analysis, U.S. Department of Commerce, 4600 Silver Hill Road, Washington, DC 20233; phone (301) 278-9189; or via email at Christopher.Stein@bea.gov.

SUPPLEMENTARY INFORMATION: Through this Notice, BEA publishes the reporting requirements for the BE-9 survey form. As noted below, all entities required to respond to this mandatory survey will be contacted by BEA. Entities must submit the completed survey forms within 45 days after the end of each calendar quarter. This Notice is being issued in conformance with the rule BEA issued on April 24, 2012 (77 FR 24373), establishing guidelines for collecting data on international trade in services and direct investment through notices, rather than through rulemaking. Additional information about BEA's collection of data on international trade in services and direct investment can be found in the 2012 rule, the International Investment and Trade in Services Survey Act (22 U.S.C. 3101 *et seq.*), and 15 CFR part 801. Survey data on international trade in services and direct investment that are not collected pursuant to the 2012 rule are described separately in 15 CFR part 801. The BE-9 survey form and instructions are available at www.bea.gov/ssb.

Reporting

Notice of specific reporting requirements, including who is to report, the information to be reported, the manner of reporting, and the time and place of filing reports, will be mailed to those required to complete this survey.

Who Must Report: (a) Reports are required from U.S. offices, agents, or
