

OFFICE OF MANAGEMENT AND BUDGET**Request for Comments on Identity, Credential, and Access Management (ICAM)**

AGENCY: Office of Management and Budget.

ACTION: Notice of public comment period.

SUMMARY: The Office of Management and Budget (OMB) is seeking public comment on a draft memorandum titled “*Strengthening the Cybersecurity of Federal Agencies through Improved Identity, Credential, and Access Management.*”

DATES: The public comment period on the draft memorandum begins on April 6, 2018 in the **Federal Register** and will last for 30 days. The public comment period will end on May 6, 2018.

ADDRESSES: Interested parties should provide comments at the following link: <https://policy.cio.gov/identity-draft>. The Office of Management and Budget is located at 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Jordan Burris at ofcio@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) is proposing a new policy for identity, credential, and access management (ICAM) across the Federal enterprise. This memorandum would establish new government-wide responsibilities for the Department of Commerce (DOC), the General Services Administration (GSA), the Department of Homeland Security (DHS), and the Office of Personnel Management (OPM) and provide agencies with implementation guidance on the requirements defined in National Institute of Standards and Technology (NIST) Special Publication 800–63–3. It would also reduce the policy compliance burden to agencies by rescinding and replacing five older memoranda, which collectively outline direction to agencies related to E-Authentication and acceptance of external credentials, among other matters.

Margaret H. Graves,
Deputy U.S. Federal Chief Information Officer.

NATIONAL SCIENCE FOUNDATION**Notice of Permit Modification Received Under the Antarctic Conservation Act of 1978**

AGENCY: National Science Foundation.

ACTION: Notice of Permit Modification Request Received and Permit Issued.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of requests to modify permits issued to conduct activities regulated and permits issued under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of a requested permit modification and permit issued.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; 703–292–8224; email: ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation (NSF), as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95–541, 45 CFR 671), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection.

NSF issued a permit (ACA 2017–013) to George Watters on October 21, 2016. The issued permit allows the applicant to conduct waste management associated with ship- and shore-based research and logistic activities conducted by the National Oceanic and Atmospheric Administration’s (NOAA) Antarctic Marine Living Resources (AMLR) Program. The permit covers the deployment of a variety of oceanographic instruments.

Now the applicant proposes a permit modification to provide further details about two types of oceanographic instruments that would be deployed during future research cruises. Up to six moorings would be deployed, as described in the original permit, and up to three Slocum gliders would be deployed and retrieved. The Environmental Officer has reviewed the modification request and has determined that the amendment is not a material change to the permit, and it will have a less than a minor or transitory impact.

Dates of permitted activities: March 30, 2018–July 30, 2021.

The permit modification was issued on March 30, 2018.

Nadene Kennedy,
Polar Coordination Specialist, Office of Polar Programs.
