SUPPLEMENTARY INFORMATION:

General Description of the Program

Under 49 U.S.C. 47118, the MAP provides capital development assistance to civilian airport sponsors of designated joint-use military airfields or former military airports that are included in the FAA's National Plan of Integrated Airport Systems (NPIAS). Airport sponsors designated to the MAP may receive set-aside grant funds from the Airport Improvement Program (AIP) (4 percent of discretionary funds) for airport development that will assist the airport sponsor in successfully transitioning the airport from military to civilian use. The MAP is described in detail in FAA Order 5100.38D, Airport Improvement Program (AIP) Handbook.

Number of Airports

As set forth by 49 U.S.C. 47118, a maximum of 15 airports may participate in the MAP at any time. Three of the 15 may be general aviation (GA) airports; the remainder must be commercial service or reliever airports. In FY 2018, there are 12 slots available in the program; however, there are no openings available for GA airports.
