

with the project costs and descriptions noted elsewhere in the application.

Redesignation Applications

Airport sponsors applying for redesignation to the MAP must submit the same information required of new candidate airport sponsors. Airport sponsors requesting redesignation must also answer the following questions:

1. Why is a redesignation and additional MAP-eligible project funding needed to accomplish the conversion to a civilian-use airport?

2. What is the preferred time period for redesignation (not to exceed 5 years)?

3. Why would funding of eligible work under other categories of AIP or other sources of funding not accomplish the development needs of the airport?

4. Airport sponsors applying for redesignation must provide a reanalysis of their original business/marketing plans (for example, a plan previously funded by the DOD's Office of Economic Adjustment or the original master plan for the airport) and prepare an updated plan. If no business/marketing plan exists, a business/marketing plan or strategy must be developed. The report must address these questions:

a. Is the airport sponsor continuing to work towards the goals established in the business/marketing plan?

b. How do the MAP projects contained in the application contribute to the goals of the airport sponsor and its plans?

c. If the business/marketing plan no longer applies to the current goals of the airport sponsor, how has the airport sponsor altered the business/marketing plan to establish a new direction for the facility and how do the projects contained in the MAP application aid in the completion of the new direction and goals and by what date does the airport sponsor anticipate graduating from the MAP?

This notice is issued pursuant to 49 U.S.C. 47118. Issued from Washington, DC, on April 4, 2018.

Elliott Black

Director, Office of Airport Planning and Programming.
