SUPPLEMENTARY INFORMATION:**I. Abstract**

The Census Bureau proposes consolidating the contents of the four forms used to collect information on job applicants into two new forms: The BC-170, U.S. Census Employment Application and the BC-171, Additional Applicant Information forms.

Currently, the Census Bureau uses the BC-170A, BC-170B, and BC-170D forms to collect applicant information such as personal data and work experience. Selecting officials review the applicant information indicated on these forms to evaluate the eligibility and quality of an applicant for employment at the Census Bureau. In addition, the Census Bureau uses the Equal Employment Opportunity Commission (EEOC) common use form 3046-0046, *Demographic Information on Applicants for Federal Employment*, to collect voluntary applicant data. All of these forms are available online in a PDF fillable format for applicants to complete and submit to the Regional

Office. Paper forms of the BC-170A, B and D are available as a secondary option under some circumstances (*i.e.*, special request, lack of internet access).

The Census Bureau currently uses the:

- BC-170A to collect applicant information for temporary office and field positions for current surveys such as the Current Population Survey (CPS).
- BC-170B to collect applicant information for temporary office and field positions for special censuses.
- BC-170D to collect applicant information for temporary office and field positions for Decennial censuses.
- EEOC common use form 3046-0046, *Demographic Information on Applicants for Federal Employment*, which asks about voluntary applicant information including *Race, Hispanic Origin, and Disability*.

Because the Census Bureau uses three different BC-170 forms based on the specific applicant information required for each operation, applicants interested in multiple positions across operations often need to submit duplicative information on different forms, which causes unnecessary burden on the applicants. Consequently, selecting officials often need to assess multiple forms that comprise duplicate information from the same applicant, which causes unnecessary burden on the selecting officials. Additionally, voluntary applicant information is currently captured across the three BC-

170 forms and the EEOC common use form, *Demographic Information on Applicants for Federal Employment*, adding to the undue burden on both the applicant and human resources staff.

To address this issue, the Census Bureau intends to consolidate the contents of the four forms into two new forms, the BC-170, *U.S. Census Employment Application* and the BC-171, *Additional Applicant Information* forms. The current EEOC common use form 3046-0046, *Demographic Information on Applicants for Federal Employment* will be replaced by the BC-171. The BC-171 collects the same information as the EEOC common use form, including *Race, Hispanic Origin, and Disability*. In addition, the BC-171 contains the *Education and Recruiting Sources* questions needed to evaluate Census Bureau recruitment strategies. Upon receiving OMB approval for this submission, we would submit a "discontinue use" request for the EEOC common form.

The Census Bureau conducted a thorough review of the three BC-170 forms and the EEOC common form to identify, assess, and eliminate redundant and/or nonessential collection of data that contributed to unnecessary burden on the applicant. Table A below includes additional information on how the four forms were consolidated into the BC-170 and BC-171.

TABLE A

Content	Old forms				New forms	
	BC-170A	BC-170B	BC-170D	EEOC common use form	BC-170	BC-171
General Applicant Information	X	X	X	X
Voluntary Applicant Information	X	X	X	X	X

The specific changes made to consolidate the BC-170A, B, and D are as follows:

1. Rearranged the contents so that the general applicant information questions, regardless of position and operations, appear in the BC-170 (*e.g.*, *Name, Address*);

2. Removed the *Prior Work Experience* and *Education* fields as the Census Bureau no longer requires them to determine eligibility and/or qualifications of an applicant;

3. Removed the *Driver's License* field as the Census Bureau does not use this to determine eligibility and/or qualifications of an applicant;

4. Removed the *Period of Service* and *Branch/Rank/Campaign Expeditionary*

Badge or Award sub-fields in the *Veterans' Preference* field as the Census Bureau already collects them elsewhere on the application through the DD-214 attachment;

5. Removed the *Types of Work* field as it is not needed to determine eligibility and/or qualifications of an applicant;

6. Added a *Selective Service Number* sub-field in the *Selective Service* field in the BC-170 so that the Census Bureau could use this information to adjudicate the application since the OF-306 is not required from all applicants;

7. Added additional lines to the *Additional Information* section in the BC-170 to allow applicants to provide detailed information, as needed;

8. Updated the *Introduction* section in the BC-170 with updated descriptions of the *Types of Work, Duration of Work, Applicant Instructions, Eligibility, Pay, Training, Privacy Act Statement, and Assessment Instructions*;

9. Updated the *Availability* field to capture general applicant availability broken down into *Evenings, Weekends, and Weekdays* in lieu of specific applicant availability broken down into *Any Hours, Mornings, Afternoons, and Evenings* segmented by days of the week;

10. Moved the *Education* question to the BC-171 to make it voluntary, as it is used to determine recruitment strategies and is not needed to

determine eligibility and/or qualifications of an applicant;

11. Moved the *Recruiting Sources* question to the BC-171 to make it voluntary, as it is used to determine recruitment strategies and is not needed to determine eligibility and/or qualifications of an applicant.

The Census Bureau intends for applicants to access, complete, and submit both the BC-170 and BC-171 to human resources staff via the Census Schedule A Recruitment, Assessment, and Payroll System (C-SHARPS) online applicant system. The Census Bureau also intends for a paper form of the BC-170 and BC-171 to be accessible to applicants under some circumstances (*i.e.*, special request, lack of internet access) and all forms will be available electronically in PDF format for applicants to complete and submit to the Regional Office. Lastly, C-SHARPS, paper forms and the online PDF format forms will be available in Spanish for both stateside and Puerto Rico.

II. Method of Collection

The main method of collection will be online using Census Schedule A Recruitment, Assessment, and Payroll System (C-SHARPS) accessible in English and Spanish for both stateside and Puerto Rico. The BC-170 and BC-171 will also be available in English and Spanish for both stateside and Puerto Rico:

- On paper as a secondary option under some circumstances (*i.e.*, special request, lack of internet access),
- Online in PDF format for applicants to complete and submit to the Regional Office.
