

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-570 and 731-TA-1346 (Final)]

### Aluminum Foil From China

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of aluminum foil from China that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”) and to be subsidized by the government of China.<sup>2</sup>

#### Background

The Commission, pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)), instituted these investigations effective March 9, 2017, following receipt of a petition filed with the Commission and Commerce by The Aluminum Association Trade Enforcement Working Group and its individual members. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of aluminum foil from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on November 22, 2017 (82 FR 55633). The hearing was held in Washington, DC, on February 8, 2018, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to sections 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on April 9, 2018. The views of the Commission are contained in USITC Publication 4771

(April 2018), entitled *Aluminum Foil From China: Investigation Nos. 701-TA-570 and 731-TA-1346 (Final)*.

## DEPARTMENT OF LABOR

### Agency Information Collection Activities; Submission for OMB Review; Comment Request, Reentry Employment Opportunities Evaluation, New Collection

**AGENCY:** Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, DOL is soliciting comments concerning the collection of data about the Reentry Employment Opportunities (REO) Program. A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed in the addressee section of this notice.

**DATES:** Written comments must be submitted to the office listed in the addressee’s section below on or before June 12, 2018.

#### SUPPLEMENTARY INFORMATION:

I. *Background:* The information collection activities described in this notice will provide data for the Reentry Employment Opportunities (REO) program evaluation. As part of the REO program, DOL awarded \$73 million in Reentry Project (RP) grants during 2017, \$31 million in Reentry Demonstration Project grants during 2016, and \$21 million in Training to Work grants during 2015 and 2016. DOL also is considering awarding grants during 2018. Although each grant program is distinctive, the overarching aim of the REO program is to improve employment outcomes and workforce readiness for people involved in the justice system by way of employment services, case management, and other supportive services.

The REO program evaluation will involve grantees that received grants during 2016, 2017, and/or 2018. The evaluation will involve an implementation study and an impact study. The implementation study will address four main research questions: (1) How were programs implemented and what factors influenced implementation?; (2) What are the variations in the model, structure, partnerships, and services of the REO grants?; (3) How did implementation vary by organization type (such as an intermediary organization that operates in more than one state or a community-based organization) and target population?; and (4) What key program elements appear to be promising? Research questions for the impact study include: (1) What impact do grantees or strategies implemented by grantees have on participants’ outcomes, such as employment and recidivism?; (2) Does program effectiveness vary by grantee characteristics, such as population served and services offered?; and (3) To what extent do impacts vary across selected subpopulations, such as age group and type of offense?

This **Federal Register** Notice provides the opportunity to comment on the following proposed REO evaluation data collection instruments:

\* *Grantee survey.* To obtain information about the REO grantees’ approaches to project management, recruitment and outreach, and service
