Extension: Form 13F
SEC File No. 270–022, OMB Control No. 3235–0006

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (the “Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Section 13(f) 1 of the Securities Exchange Act of 1934 2 (the “Exchange Act”) empowers the Commission to: (1) Adopt rules that create a reporting and disclosure system to collect specific information; and (2) disseminate such information to the public. Rule 13f–1 3 under the Exchange Act requires institutional investment managers that exercise investment discretion over accounts that have in the aggregate a fair market value of at least $100,000,000 of certain U.S. exchange-traded equity securities, as set forth in Rule 13f–1(c), to file quarterly reports with the Commission on Form 13F. 4

The information collection requirements apply to institutional investment managers that meet the $100 million reporting threshold. Section 13(f)(6)(A) of the Exchange Act defines an “institutional investment manager” as any person, other than a natural person, investing in or buying and selling securities for its own account, and any person exercising investment discretion with respect to the account of any other person. Rule 13f–1(b) under the Exchange Act defines “investment discretion” for purposes of Form 13F reporting.

The reporting system required by Section 13(f) of the Exchange Act is intended, among other things, to create in the Commission a central repository of historical and current data about the investment activities of institutional investment managers, and to improve the body of factual data available to regulators and the public.

The Commission staff estimates that 5,837 respondents make approximately 23,348 responses under the rule each year. The staff estimates that on average, Form 13F filers spend 80.8 hours/year to prepare and submit the report. In addition, the staff estimates that 223 respondents file approximately 829 amendments each year. The staff estimates that on average, Form 13F filers spend 4 hours/year to prepare and submit amendments to Form 13F. The total annual burden of the rule’s requirements for all respondents therefore is estimated to be 472,521.6 hours [(471,629.6 hours (5,837 filers × 80.8 hours)) + (892 (223 filers × 4 hours))].

A representative survey or study of the costs of Commission rules or forms. The Commission does not include in the estimate of average burden hours the time preparing registration statements and sales literature disclosure regarding the restrictions on redeem ability imposed by Texas law. The estimate of burden hours for completing the relevant registration statements are reported on the separate PRA submissions for those statements.
