##### Background

This notice provides information regarding FHWA's decision to issue a Buy America waiver for the obligation of Federal-aid funds for 151 State projects involving the acquisition of vehicles (including sedans, vans, pickups, trucks, buses, and street sweepers) and equipment (such as trail grooming equipment) on the condition that they be assembled in the United States. The waiver would apply to approximately 955 vehicle and equipment acquisitions. The requests for vehicle-related waivers received between April 2016 and December 2016 are incorporated by reference into this notice. These requests are available on FHWA's Buy America website at the following locations:

- April to June, 2016: <https://www.fhwa.dot.gov/construction/contracts/cmaq161207.cfm>;
- July to September, 2016: <https://www.fhwa.dot.gov/construction/contracts/cmaq170321.cfm>; and
- October to December, 2016: <https://www.fhwa.dot.gov/construction/contracts/cmaq170725.cfm>.

These projects are being undertaken to implement air quality improvement, safety, and mobility goals under FHWA's Congestion Mitigation and Air Quality Improvement Program and the Recreational Trails Program.

The statute and regulations create a process for granting waivers from the Buy America requirements when its application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. In 1983, FHWA determined
