Abstract: The regulations at 30 CFR part 203, concern relief or reduction in royalty rates and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTLs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

The BSEE uses the information to make decisions on the economic viability of leases requesting a suspension or elimination of royalty or net profit share. These decisions have enormous monetary impact on both the lessee and the Federal Government. Royalty relief can lead to increased production of natural gas and oil, creating profits for lessees, and royalty and tax revenues for the Federal Government that they might not otherwise receive. We could not make an informed decision without the collection of information required by 30 CFR part 203.

Title of Collection: 30 CFR part 203, *Relief or Reduction in Royalty Rates.*

OMB Control Number: 1014-0005.

Total Estimated Number of Annual Burden Hours: 724.

Total Estimated Annual Nonhour Burden Cost: We have identified application and audit fees; as well as an independent certified public accountant report. The non-hour cost burdens associated with this collection of information amount to \$27,950.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
