shipments during the POR.7 Because there has not been any contradictory information added to the record of this review since the Preliminary Results, based on record evidence, Commerce continues to find that AMLT did not ship subject merchandise during the POR. Accordingly, consistent with Commerce’s practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of subject merchandise made during the POR that were produced by AMLT, but exported by other parties without their own rate, at the all-others rate effective during the POR.8

Final Results of Administrative Review

Commerce finds that the following estimated weighted-average dumping margin exists during the POR, as referenced below:

Assessment and Cash Deposit Requirements

In accordance with 19 CFR 351.222(b)(1), Commerce intends to issue appropriate instructions to CBP 41 days after publication of the final results of this review.9 For Deacero, because its weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent), Commerce has calculated importer-specific antidumping duty assessment rates. We calculated importer-specific ad valorem antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered value associated with those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is not zero or de minimis. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is zero or de minimis.

As noted in the “Final Determination of No Shipments” section, above, Commerce will instruct CBP to liquidate any existing entries of merchandise produced by AMLT but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Deacero will be the rate established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producer or exporters will continue to be 20.11 percent, the all-others rate established in the investigation.10 These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

United States Patent and Trademark Office

Submission for OMB Review;
Comment Request: “Public Key Infrastructure (PKI) Certificate Action Form”

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposals for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: Public Key Infrastructure (PKI) Certificate Action Form.

OMB Control Number: 0651–0045.

Form Number(s):

- PTO–2042

Type of Request: Regular.
Number of Respondents: 3,825 responses per year.

Average Hours per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.50 hours) to read the instructions and subscribe agreement, gather the necessary information, prepare the Certificate Action Form, and submit the completed request.

Needs and Uses:
This information collection covers the Certificate Action Form (PTO–2042), which is used by the public to request a new digital certificate, revoke a current certificate, or recover a lost or corrupted certificate. Customers may also change the name listed on the certificate or associate the certificate with one or more Customer Numbers. A Customer Number allows an applicant to associate all correspondence and USPTO actions regarding multiple patent applications to a single address and name. The Certificate Action Form must include a notarized signature in order to verify the identity of the application. The Certificate Action Form has an accompanying subscriber agreement to ensure that customers understand their obligations regarding the use of the digital certificates and cryptographic software. When generating a new certificate, customers also register to receive a set of seven codes that will enable customers to recover a lost certificate online without having to contact USPTO support staff.

Frequency: On occasion.

Respondent’s Obligation: Required to Obtain or Retain Benefits.

OMB Desk Officer: Nicholas A. Fraser, email: Nicholas_A_Fraser@omb.eop.gov. Once submitted, this request will be publicly available in electronic format through www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Further information can be obtained by:
• Email: InformationCollection@uspto.gov. Include “0651–0041 copy request” in the subject line of the message.
• Mail: Marcie Lovett, Records and Information Governance Division Director, Office of the Chief Technology Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313–1450.

Written comments and recommendations for the proposed information collection should be sent on or before May 17, 2018 to Nicholas A. Fraser, OMB Desk Officer, via email to Nicholas_A_Fraser@omb.eop.gov or by fax to 202–395–5197, marked to the attention of Nicholas A. Fraser.

Marcie Lovett,
Records and Information Governance Division Director, Office of the Chief Technology Officer, United States Patent and Trademark Office.

Submission for OMB Review; Comment Request; “Public Search Facility User ID and Badging”

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title: Public Search Facility User ID and Badging.

OMB Control Number: 0651–0041.

Forms:
• PTO–2030
• PTO–2224

Number of Respondents: 6,250 responses per year.

Average Hours per Response: The USPTO estimates that it will take the public between approximately 5 minutes (0.08 hours) and 10 minutes (0.17 hours) to complete the information in this collection, depending on the application. This includes the time to gather the necessary information, prepare the appropriate form, and submit the completed request to the USPTO.

Burden Hours: 500 hours.

Cost Burden: $1,501.96.

Needs and Uses:
This collection covers information that individuals submit in applications to establish a USPTO online access account. This application allows users to obtain, renew, or replace online access account cards which provide access to the electronic search system at the Public Search Facility. The public may apply for an online access account only at the Public Search Facility reference desk by providing the completed application (including contact information) and proper identification. The access account cards include a bar-coded user number and an expiration date. Users may renew their account card in person by validating and updating the required information and may obtain a replacement for a lost account card by providing proper identification. Users who wish to register for the voluntary training courses may do so by completing the appropriate form.

This collection also covers information in applications to establish, renew, or replace security identification badges issued under the authority provided in 41 CFR part 102–81 to members of the public who wish to access the Public Search Facility. Users may apply for a security badge in person at the USPTO Security Office by providing the completed application (including applicant and contact information) and presenting a valid form of identification with photograph. The security badges include a color photograph of the user and must be worn always while at the USPTO facilities.

Frequency: On occasion.

Respondent’s Obligation: Required to Obtain or Retain Benefits.
