Abstract: The Higher Education Opportunity Act (HEOA) (Pub. L. 110-315) was enacted on August 14, 2008 and reauthorized the Higher Education Act of 1965, as amended, (HEA). It requires participating Title IV institutions to apply for funds and report expenditures for the Federal Perkins Loan (Perkins), the Federal Supplemental Educational Opportunity Grant (FSEOG) and the Federal Work-Study (FWS) Programs on an annual basis.

The data submitted electronically in the Fiscal Operations Report and Application to Participate (FISAP) is used by the Department of Education to determine the institution's funding need for the award year and monitor program effectiveness and accountability of fund expenditures. The data is used in

conjunction with institutional program reviews to assess the administrative capability and compliance of the applicant. There are no other resources for collecting this data.

The HEA requires that if an institution anticipates not using all of its allocated funds for the FWS, and FSEOG programs by the end of an award year, it must specify the anticipated remaining unused amount to the Secretary, who reduces the institution's allocation accordingly.

The changes to the Perkins Loan Program in this annual update reflect the immediate reporting needs. There will be more extensive changes to the FISAP in next year's iteration to accommodate the continuing Perkins program close out.

Title of Collection: Extension Grants Funding Opportunity for FY 2011 and FY 2012 Promise Neighborhoods Implementation Grantees (84.215N).

OMB Control Number: 1855—New.

Type of Review: A new information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 12.

Total Estimated Number of Annual Burden Hours: 391.

Abstract: The Consolidated Appropriations Act 2018 (the Appropriations Act) Public Law 115-141 provides funding extension funds for Promise Neighborhoods (PN) grants funded in fiscal year (FY) 2011 and FY 2012. The Appropriations Act states that awards would be made on a competitive basis to FY 2011 and FY 2012 PN implementation grantees that have demonstrated the ability to collect, track, and report longitudinal data on performance indicators (established by the Department and required to be reported on annually as part of the initial implementation grant); have demonstrated the most positive and promising results during their initial implementation grant based on such indicators (emphasizing getting children

ready to learn); have demonstrated a commitment to operating in the most under-served and under-resourced, including rural areas; and propose continuing to pursue ambitious goals from the initial implementation during an extension of that grant.

Additional Information: An emergency clearance approval for the use of the system is described below due to the following conditions:

This is a request for emergency clearance of the funding announcement of the Promise Neighborhoods (PN) Extension Grant. The funding announcement is the instrument through which the Department will comply with the Consolidated Appropriations Act 2018 (the Appropriations Act) Public Law 115-141. The Appropriations Act directs the Department to make extension awards to fiscal year (FY) 2011 and FY 2012 Promise Neighborhoods (PN) implementation grantees. The Appropriations Act states that “. . . no later than June 1, 2018 (emphasis added), the Secretary shall award extension grants under such section on a competitive basis to implementation grantees that have demonstrated the ability to collect, track, and report longitudinal data on performance indicators established by the Department and required to be reported on annually as part of the initial implementation grant; demonstrated the most positive and promising results during their initial implementation grant based on such indicators, emphasizing getting children ready to learn; demonstrated a commitment to operating in the most under-served and under-resourced, including rural, areas; and propose continuing to pursue ambitious goals during an extension of that grant.” In order to comply with the Appropriations Act the Office of Innovation and Improvement will need to design a program specific instrument to conduct a competition for the PN extension funds. Pursuant to 5 CFR 1320.13, the Department requests that OMB review this information collection under its emergency procedures. This request for emergency clearance is based on missing a statutory deadline. The Appropriations Act requires that awards be made no later than June 1, 2018. The Appropriations Act became public law on March 23, 2018. There are 70 calendar days from March 23, 2018 to May 31, 2018. The June 1st date does not allow for a 30-day public comment period and 30-day OMB review period. Due to this shortened approval period we are also requesting no public comment period.
