

(3) Surveying, maintaining, or improving waters within the regulated area.

(c) *Regulations.* (1) In accordance with the general regulations in § 100.801, no vessel shall loiter, anchor, stop, moor, remain or drift in any manner as to impede safe passage of another vessel to any launching ramp, marina, or fleeting area unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh (COTP) or a designated representative.

(2) No vessel shall loiter, anchor, stop, moor, remain or drift at any time more than 100 feet from any riverbank within the regulated area unless authorized by the COTP or a designated representative.

(3) Persons and vessels seeking entry into the regulated area must request permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Marine Safety Unit Pittsburgh. They may be contacted on VHF-FM Channel 16.

(4) Persons and vessels permitted to enter the regulated area must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative.

(d) *Effective period.* This section will be effective from 4 p.m. on June 1, 2018 through 3 p.m. on June 3, 2018.

(e) *Informational broadcasts.* The COTP or a designated representative will inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

Dated: April 13, 2018.

F.M. Smith,

*Lieutenant Commander, U.S. Coast Guard,
Acting Captain of the Port Marine Safety Unit
Pittsburgh.*

RIN 1625-AA00

Safety Zones; Annual Events in the Captain of the Port Buffalo Zone.

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend its safety zones regulation for Annual Events in the Captain of the Port Buffalo Zone. This proposed amendment updates 12 permanent safety zones and adds 12 new permanent safety zones. These amendments and additions are necessary to protect spectators, participants, and vessels from the hazards associated with annual maritime events, including fireworks displays, boat races, and air shows. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before May 21, 2018.

ADDRESSES: You may submit comments identified by docket number USCG-2017-1112 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email LT Michael Collet, Chief of Waterways Management, U.S. Coast Guard Sector Buffalo; telephone 716-843-9322, email D09-SMB-SECBuffalo-WWM@uscg.mil.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On June 18, 2008, the Coast Guard published a final rule entitled Safety Zones; Annual Fireworks Events in the Captain of the Port Buffalo Zone in the **Federal Register** (73 FR 28705). This final rule was published after the Coast Guard requested public comments in response to a preceding NPRM in the **Federal Register** (73 FR 18225, April 3, 2008). No public meeting was requested, and none was held.

The legal basis for this proposed rule is the Coast Guard's authority to establish safety zones: 33 U.S.C. 1231; 33 CFR 1.05-1, 160.5; Department of Homeland Security Delegation No. 0170.1.

The purpose of this rulemaking is to update the safety zones in § 165.939 to ensure accuracy of times, dates, and

dimensions for various triggering and marine events that are expected to be conducted within the Captain of the Port Buffalo Zone throughout the year. The purpose of the rulemaking is also to ensure vessels and persons are protected from the specific hazards related to the aforementioned events. These specific hazards include obstructions in the waterway that may cause marine casualties; collisions among vessels maneuvering at a high speed within a channel; the explosive dangers involved in pyrotechnics and hazardous cargo; and flaming/falling debris into the water that may cause injuries. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

This proposed rule amends 12 permanent safety zones found within table 165.939 of 33 CFR 165.939. These 12 amendments involve updating the location, size, and/or enforcement times.

Additionally, this proposed rule adds 12 new safety zones to table 165.939 within § 165.939 for annually-reoccurring events in the Captain of the Port Buffalo Zone. These 12 zones were approved and published in the **Federal Register** as temporary safety zones in 2017 and were added in order to protect the public from the safety hazards previously described. A list of specific changes and additions are available in the attachments within this Docket.

The Captain of the Port Buffalo has determined that the safety zones in this proposed rule are necessary to ensure the safety of vessels and people during annual marine or triggering events in the Captain of the Port Buffalo zone. Although this proposed rule will be effective year-round, the safety zones in this proposed rule will be enforced only immediately before, during, and after events that pose a hazard to the public and only upon notice by the Captain of the Port Buffalo.

The Captain of the Port Buffalo will notify the public that the zones in this proposal are or will be enforced by all appropriate means to the affected segments of the public, including publication in the **Federal Register**, as practicable, in accordance with 33 CFR 165.7(a). Such means of notification may also include, but are not limited to, Broadcast Notice to Mariners or Local Notice to Mariners.

All persons and vessels must comply with the instructions of the Coast Guard Captain of the Port Buffalo or his or her designated representative. Entry into, transiting, or anchoring within the safety zones is prohibited unless authorized by the Captain of the Port or

his or her designated representative. The Captain of the Port or his or her designated representative may be contacted via VHF Channel 16.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zones. The safety zones created by this rule will be relatively small and effective during the time to ensure safety of spectator and participants for the listed triggering or marine events. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of

their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment yearly triggering and marine events on and around Lake Erie, Lake Ontario, and the Saint Lawrence Seaway. Normally such actions are categorically excluded from further review under paragraph L[61] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person

in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Revise § 165. 939 to read as follows:

§ 165.939 Safety Zones; Annual Events in the Captain of the Port Buffalo Zone.

(a) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Buffalo or his designated on-scene representative.

(2) These safety zones are closed to all vessel traffic, except as may be permitted by the Captain of the Port Buffalo or his designated on-scene representative.

(3) The “on-scene representative” of the Captain of the Port Buffalo is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port Buffalo to act on his behalf.

(4) Vessel operators desiring to enter or operate within the safety zone must contact the Captain of the Port Buffalo or his on-scene representative to obtain permission to do so. The Captain of the Port Buffalo or his on-scene representative may be contacted via VHF Channel 16. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port Buffalo, or his on-scene representative.

(5) The enforcement dates and times for each of the safety zones listed in Table 165.939 are subject to change, but the duration of enforcement would remain the same or nearly the same total number of hours as stated in the table. In the event of a change, the Captain of the Port Buffalo will provide notice to the public by publishing a Notice of Enforcement in the **Federal Register**, as well as, issuing a Broadcast Notice to Mariners.

(b) *Definitions.* The following definitions apply to this section:

(1) Designated representative means any Coast Guard commissioned, warrant, or petty officers designated by the Captain of the Port Buffalo to monitor a safety zone, permit entry into a safety zone, give legally enforceable orders to persons or vessels within a safety zone, and take other actions authorized by the Captain of the Port Buffalo.

(2) Public vessel means a vessel that is owned, chartered, or operated by the United States, or by a State or political subdivision thereof.

(3) Rain date refers to an alternate date and/or time in which the safety zone would be enforced in the event of inclement weather.

(c) *Suspension of enforcement.* The Captain of the Port Buffalo may suspend enforcement of any of these zones earlier than listed in this section. Should the Captain of the Port suspend any of these zones earlier than the listed duration in this section, he or she may make the public aware of this suspension by Broadcast Notice to Mariners and/or on-scene notice by his or her designated representative.

(d) *Exemption.* Public vessels, as defined in paragraph (b) of this section, are exempt from the requirements in this section.

(e) *Waiver.* For any vessel, the Captain of the Port Buffalo or his or her designated representative may waive any of the requirements of this section upon finding that operational conditions or other circumstances are such that application of this section is unnecessary or impractical for the purposes of safety or security.

Safety Zones; Annual Events Requiring Safety Zones in the Captain of the Port Lake Michigan Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend its safety zones regulation for Annual Events in the Captain of the Port Lake Michigan zone. This amendment updates two permanent safety zones, adds three new permanent safety zones, and removes one old permanent safety zone. These amendments, additions, and removals are necessary to protect spectators, participants, and vessels from the hazards associated with annual maritime events, including sailing races, boat parades, swim events and air shows. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before May 21, 2018.

ADDRESSES: You may submit comments identified by docket number USCG-2018-0082 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

II. Background, Purpose, and Legal Basis

On May 9, 2016, the Coast Guard published a Final Rule entitled Safety Zones; Annual Events Requiring Safety Zones in the Captain of the Port Lake Michigan Zone in the **Federal Register** (81 FR 28024). This final rule published after the Coast Guard requested public comments in response to a preceding NPRM in the **Federal Register** (81 FR 3069, January 20, 2016). No public meeting was requested, and none was held.

The legal basis for this proposed rule is the Coast Guard's authority to establish safety zones: 33 U.S.C. 1231; 33 CFR 1.05-1, 160.5; Department of Homeland Security Delegation No. 0170.1.

The purpose of this rulemaking is to update the safety zones in 33 CFR 165.929 to ensure that they match the times, dates, and dimensions for various marine and triggering events that are expected to be conducted with the Captain of the Port Lake Michigan Zone throughout the year. The purpose of the rulemaking is also to ensure vessels and persons are protected from the specific hazards related to the aforementioned events.

These specific hazards include obstructions to the waterway that may cause marine casualties; collisions among vessels and collisions between vessels and people.

III. Discussion of Proposed Rule

This amendment updates two permanent safety zones, adds three new permanent safety zones, and removes one old permanent safety zone. This proposed rule amends two permanent safety zones found within Table 165.929 in 33 CFR 165.929. These two amendments involve updating the location, size, and/or enforcement times for: one air show in Milwaukee, WI and one sailing race in Chicago, Illinois.

Additionally, this proposed rule adds three new safety zones to Table 165.929 within 33 CFR 165.929 for annually-reoccurring events in the Captain of the Port Lake Michigan Zone. These three zones were added in order to protect the public from the safety hazards previously described. The three additions include two safety zones for boat parades in Milwaukee, WI, and one safety zone for a swim event in Milwaukee, WI. A list of specific changes and additions are available in the attachments within this Docket.

This proposed rule also removes one permanent safety zone found within Table 165.929 in 33 CFR 165.929. The safety zone being removed is the Lubbers Cup Regatta listed as item (b)(2) in Table 165.929. This safety zone is being removed because the Lubbers Cup Regatta marine event was determined to no longer need a safety zone.

The Captain of the Port Lake Michigan has determined that the safety zones in this proposed rule are necessary to ensure the safety of vessels and people during annual marine or triggering events in the Captain of the Port Lake Michigan zone. Although this proposed rule will be effective year-round, the safety zones in this proposed rule will be enforced only immediately before, during, and after events that pose a hazard to the public and only upon notice by the Captain of the Port Lake Michigan.

The Captain of the Port Lake Michigan will notify the public that the zones in this proposal are or will be enforced by all appropriate means to the
