II. Description of the Proposed Rule Changes

As a “covered clearing agency,” ICE Clear Europe is required to, among other things, “establish, implement, maintain and enforce written policies and procedures reasonably designed to . . . maintain a sound risk management framework for comprehensively managing legal, credit, liquidity, operational, general business, investment, custody, and other risks that arise in or are borne by the covered clearing agency, which . . . includes plans for the recovery and orderly wind-down of the covered clearing agency necessitated by credit losses, liquidity shortfalls, losses from general business risk, or any other losses.” The Commission has previously clarified that it believes that such recovery and wind-down plans are “rules” within the meaning of Section 19(b) of the Exchange Act and Rule 19b–4 thereunder because such plans would constitute changes to a stated policy, practice, or interpretation of a covered clearing agency. Accordingly, a covered clearing agency, such as ICE Clear Europe, must file its recovery and wind-down plans with the Commission.

A. The Recovery Plan (ICEEU–2017–016)

On January 19, 2018, the Commission designated a longer period for Commission action on both proposed rule changes. To date, the Commission has not received any comments on the proposed rule changes. The Commission is publishing this order to institute proceedings pursuant to Section 19(b)(2)(B) of the Exchange Act to determine whether to approve or disapprove the proposed rule changes.

Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to the proposed rule changes, nor does it mean that the Commission will ultimately disapprove the proposed rule changes. Rather, as discussed below, the Commission seeks additional input on the proposed rule changes and issues presented by the proposed rule changes.
