

on collections of energy information conducted by or in conjunction with EIA. Also, EIA will later seek approval for this collection by OMB under Section 3507(a) of the Paperwork Reduction Act of 1995.

The Nuclear Waste Policy Act of 1982 (42 U.S.C. 10101 *et seq.*) required that DOE enter into Standard Contracts with all generators or owners of spent nuclear fuel and high-level radioactive waste of domestic origin. Form NWPA-830G Appendix G—Standard Remittance Advice for Payment of Fees, including Annex A to Appendix G, is an Appendix to this Standard Contract. Appendix G and Annex A to Appendix G are commonly referred to as Remittance Advice (RA) forms. RA forms must be submitted quarterly by generators and owners of spent nuclear fuel and high-level radioactive waste of domestic origin who signed the Standard Contract. Appendix G is designed to serve as the source document for entries into DOE accounting records to transmit data to DOE concerning payment of fees into the Nuclear Waste Fund for spent nuclear fuel and high-level waste disposal. Annex A to Appendix G is used to provide data on the amount of net electricity generated and sold, upon which these fees are based.

Please refer to the proposed forms and instructions for more information about the purpose, who must report, when to report, where to submit, the elements to be reported, detailed instructions, provisions for confidentiality, and uses (including possible non-statistical uses) of the information. For instructions on obtaining materials, see the **FOR FURTHER INFORMATION CONTACT** section.
