4. Data Exchange Request Form—20 CFR 401.100—0960-0802. SSA maintains approximately 3,000 data exchange agreements and regularly receives new requests from Federal, State, local, and foreign governments, as well as private organizations, to share data electronically. SSA engages in various forms of data exchanges from Social Security number verifications to

computer matches for benefit eligibility, depending on the requestor's business needs. Section 1106 of the Social Security Act requires we consider the requestor's legal authority to receive the data, our disclosure policies, systems' feasibility, systems' security, and costs before entering into a data exchange agreement. We use Form SSA-157, Data Exchange Request Form, for this

purpose. Requesting agencies, governments, or private organizations use the SSA-157 when voluntarily initiating a request for data exchange from SSA. Respondents are Federal, State, local, and foreign governments, as well as private organizations seeking to share data electronically with SSA.
