DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0002; Internal Agency Docket No. FEMA-B-1820]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before July 24, 2018.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location https://www.fema.gov/preliminary_floodhazarddata and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-1820, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location https://www.fema.gov/preliminary_floodhazarddata and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by

the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online

through the FEMA Map Service Center at <https://msc.fema.gov> for comparison. (Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: April 3, 2018.
Roy E. Wright,
Deputy Associate Administrator for Insurance and Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7001-N-17]

30-Day Notice of Proposed Information Collection: Evaluation of the Office of Public and Indian Housing's (PIH) Energy Performance Contracting (EPC) Program

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 30 days of public comment.

DATES: *Comments Due Date:* May 25, 2018.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of

Management and Budget, New Executive Office Building, Washington, DC 20503; fax:202-395-5806, Email: OIRA.Submission@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Anna P. Guido, Reports Management Officer, QMAC, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Anna P. Guido at Anna.P.Guido@hud.gov or telephone 202-402-5535. This is not a toll-free number. Person with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339. Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on July 22, 2016 at 81 FR 47813.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the Office of Public and Indian Housing's (PIH) Energy Performance Contracting (EPC) Program.
OMB Approval Number: 2528—New.
Type of Request: New.
Form Number: N/A.

Description of the Need for the Information and Proposed Use: The information is being collected to explore and document the effectiveness and value of HUD's Energy Performance Contracting (EPC) program. EPCs are an innovative financing technique designed to provide Public Housing Authorities (PHAs) with cost-effective energy improvements that are installed with little or no up-front expenditures, wherein the costs of the improvements are typically borne by the performance contractor and repaid using a portion of the cost savings resulting from the improvements. Since this type of financing began in the 1980s, HUD has approved approximately 315 EPCs totaling nearly \$1.5 billion in investments. EPCs have been executed in all ten HUD regions in very small (less than 250 units) to very large (more than 6,599 units) PHAs; however, to date; no substantive review of the program's performance has been conducted. The proposed data collection instrument is a web-based survey that will be supported by follow-up telephone interviews to a subset of the study's participants.

Respondents (i.e., Affected Public): Employees of housing organizations receiving funding from HUD, specifically public housing authorities.

Estimated Number of Respondents/Estimated Number of Responses:

| Information collection | Number of respondents | Frequency of Response | Responses per annum | Burden hour per response | Annual burden hours | Hourly cost per response ¹ | Annual cost |
|------------------------|-----------------------|-----------------------|---------------------|--------------------------|---------------------|---------------------------------------|-------------|
| Base Period: | | | | | | | |
| Web | 299.00 | 1.00 | 299.00 | 0.33 | 98.67 | \$34.79 | \$3,432.73 |
| Telephone | 28.00 | 1.00 | 28.00 | 1.00 | 28.00 | 34.79 | 974.12 |
| Total | 327.00 | | 327.00 | | 126.67 | 34.79 | 4,406.85 |
| Option Period: | | | | | | | |
| Web | 136.00 | 1.00 | 136.00 | 0.33 | 44.88 | 34.79 | 1,561.38 |
| Telephone | 18.00 | 1.00 | 18.00 | 1.00 | 18.00 | 34.79 | 626.22 |
| Total | 154.00 | | | | 62.88 | 34.79 | 2,187.60 |
| Total | 481.00 | | | | 189.55 | 34.79 | 6,594.45 |

¹The Bureau of Labor Statistics National Compensation Survey reported estimates that in 2017, the average property manager made about \$34.79/hour (see https://www.bls.gov/oes/current/oes_nat.htm).
