

Commerce published its preliminary determinations in the **Federal Register**.⁶

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct CBP to continue to suspend liquidation of all relevant entries of biodiesel from Argentina and Indonesia. These instructions suspending liquidation will remain in effect until further notice.

Commerce will also instruct CBP to require cash deposits for estimated antidumping duties equal to the estimated cash deposit rates indicated

below. Accordingly, effective the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on the subject merchandise, a cash deposit equal to the cash deposit rates listed below.⁷ The all-others rates apply to producers or exporters not specifically listed, as appropriate.

Critical Circumstances

With regard to the ITC's negative critical circumstances determination regarding imports of biodiesel from Argentina, Commerce will instruct CBP to lift suspension and refund any cash

deposits made to secure payment of estimated antidumping duties on subject merchandise entered, or withdrawn from warehouse, for consumption on or after August 2, 2017, (i.e., 90 days prior to the date of publication of the Argentina preliminary determination), but before October 31, 2017, (i.e., the date of publication of the Argentina preliminary determination).

Estimated Weighted-Average Dumping Margins

The estimated weighted-average AD margins and cash deposit rates are as follows:

Exporters/producers from Argentina	Estimated margin (percent)	Estimated cash deposit rate (adjusted for subsidy offset(s)) (percent)
LDC Argentina S.A	60.44	60.44
Vicentin S.A.I.C. ⁸	86.41	86.23
All Others	74.73	74.63
Exporters/producers from Indonesia	Estimated margin (percent) ⁹	
Wilmar Trading PTE Ltd	92.52	
PT Musim Mas	276.65	
All Others	92.52	

Notification to Interested Parties

This notice constitutes the AD orders with respect to biodiesel from Argentina and Indonesia, pursuant to section 736(a) of the Act. Interested parties can find a list of AD orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

These orders are issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: April 20, 2018.

P. Lee Smith,

Deputy Assistant Secretary for Policy and Negotiations.

Appendix

Scope of the Orders

The product covered by these orders is biodiesel, which is a fuel comprised of mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats, including biologically-based waste oils or greases, and other biologically-based oil or fat sources. These orders cover biodiesel in pure form (B100) as well as fuel mixtures containing at least 99 percent biodiesel by volume (B99). For fuel mixtures containing less than 99

percent biodiesel by volume, only the biodiesel component of the mixture is covered by the scope of these orders.

Biodiesel is generally produced to American Society for Testing and Materials International (ASTM) D6751 specifications, but it can also be made to other specifications. Biodiesel commonly has one of the following Chemical Abstracts Service (CAS) numbers, generally depending upon the feedstock used: 67784-80-9 (soybean oil methyl esters); 91051-34-2 (palm oil methyl esters); 91051-32-0 (palm kernel oil methyl esters); 73891-99-3 (rapeseed oil methyl esters); 61788-61-2 (tallow methyl esters); 68990-52-3 (vegetable oil methyl esters); 129828-16-6 (canola oil methyl esters); 67762-26-9 (unsaturated alkylcarboxylic acid methyl ester); or 68937-84-8 (fatty acids, C12-C18, methyl ester).

The B100 product subject to the orders is currently classifiable under subheading 3826.00.1000 of the Harmonized Tariff Schedule of the United States (HTSUS), while the B99 product is currently classifiable under HTSUS subheading 3826.00.3000. Although the HTSUS subheadings, ASTM specifications, and CAS numbers are provided for convenience and

customs purposes, the written description of the scope is dispositive.

ADDRESSES: The meeting will be held at the Gulf of Mexico Fishery Management Council Office, 2203 N Lois Avenue, Suite 1100, Tampa, FL 33607; telephone: (813) 348-1630.

FOR FURTHER INFORMATION CONTACT: Emily Muehlstein, Public Information Officer, Gulf of Mexico Fishery Management Council; emily.muehlstein@gulfcouncil.org; telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION:

Thursday, May 10, 2018; 8:30 a.m. until 4 p.m.

Agenda

The committee will begin with introductions and adoption of agenda, approval of the August 2017 meeting summary. The committee will review the Gulf Council's policy on the use of venting tools and descending devices and discuss an outreach plan to promote the policy.

The committee will review a Council effort to collect anecdotal data to supplement stock assessments and inform the Council and its Scientific and Statistical Committee.

Finally, the Committee will discuss the utility of improving the regulations APP.

Meeting Adjourns—

The meeting will be broadcast via webinar. You may listen in by registering for the webinar by visiting www.gulfcouncil.org and clicking on the Outreach & Education Technical Committee meeting on the calendar. <https://attendee.gotowebinar.com/register/3383291116212545537>. The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org as they become available.

Although other non-emergency issues not on the agenda may come before the Technical Committee for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Technical Committee will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other

auxiliary aids should be directed to Kathy Pereira at the Gulf Council Office (see **ADDRESSES**), at least 5 working days prior to the meeting.

Dated: April 23, 2018.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG191

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting (webinar).

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Salmon Technical Team (STT) will hold a planning session to discuss the development of salmon rebuilding plans. This meeting will be held via webinar and is open to the public. **DATES:** The webinar will be held Thursday, May 17, 2018, from 9 a.m. to 3 p.m., or until business has been completed.

ADDRESSES: The meeting will be held via webinar. A public listening station is available at the Pacific Council office (address below). To attend the webinar, use this link: <https://www.gotomeeting.com/webinar> (click "Join a Webinar" in top right corner of page). (1) Enter the Webinar ID: 457-307-347; (2) Enter your name and email address (required). You must use your telephone for the audio portion of the meeting by dialing this TOLL number 1-213-929-4232; (3) Enter the Attendee phone audio access code 421-973-026; (4) Enter your audio phone pin (shown after joining the webinar). **NOTE:** We have disabled Mic/Speakers as an option and require all participants to use a telephone or cell phone to participate. **Technical Information and System Requirements:** PC-based attendees are required to use Windows® 7, Vista, or XP; Mac®-based attendees are required to use Mac OS® X 10.5 or newer; Mobile attendees are required to use iPhone®, iPad®, Android™ phone or Android tablet (see <https://www.gotomeeting.com/webinar/ipad-iphone-android-webinar-apps>). You

may send an email to Mr. Kris Kleinschmidt at Kris.Kleinschmidt@noaa.gov or contact him at 503-820-2280, extension 411 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Robin Ehlke, Pacific Council; telephone: (503) 820-2410.

SUPPLEMENTARY INFORMATION: The purpose of this planning session is to discuss the schedule and workload associated with the development of five salmon rebuilding plans in 2018. The STT will discuss a tentative timeline and meeting schedule for completing the plans and contributions of entities outside the STT in the development of rebuilding plans. This webinar is intended to address the logistics of developing the plans; detailed discussions of actual content will occur at future meetings. A proposed agenda will be posted once available. If time and interest allows, additional pertinent topics may be discussed, including, but not limited to, future Council agenda items.

Three coho stocks (Queets coho, Strait of Juan de Fuca coho, and Snohomish coho) and two Chinook stocks (Sacramento River fall Chinook and Klamath River fall Chinook) were found to meet the criteria for being classified as overfished in the Pacific Council's *Review of 2017 Ocean Salmon Fisheries*, released in February 2018. Under the tenants of the Salmon Fishery Management Plan (FMP), a rebuilding plan is required for each of these stocks. Among other requirements stipulated in Chapter 3 of the FMP, the STT is to propose a rebuilding plan for Council consideration within one year.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The public listening station is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris
