

is communicated discloses to others participating in effecting the order that it is for the account of a member; and (3) immediately before executing the order, a member (other than a specialist in such security) presenting any order for the account of a member on the exchange clearly announces or otherwise indicates to the specialist and to other members then present that he is presenting an order for the account of a member.

Without these requirements, it would not be possible for the Commission to monitor its mandate under the Exchange Act to promote fair and orderly markets and ensure that exchange members have, as the principle purpose of their exchange memberships, the conduct of a public securities business.

There are approximately 592 respondents that require an aggregate total of 17 hours to comply with this rule. Each of these approximately 592 respondents makes an estimated 20 annual responses, for an aggregate of 11,840 responses per year. Each response takes approximately 5 seconds to complete. Thus, the total compliance burden per year is 17 hours ($11,840 \times 5$ seconds/60 seconds per minute/60 minutes per hour = 17 hours). The approximate internal cost of compliance per hour is \$336, resulting in a total internal cost of compliance of \$5,712 (17 hours @ \$336).
