

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Labor Market Information (LMI) Cooperative Agreement information collection. The LMI Cooperative Agreement includes all information needed by a State Workforce Agency to apply for funds to assist it in operating one or more of the four BLS LMI programs and to report on the status of the obligation and expenditure of any such funds as well as to close out the Cooperative Agreement. BLS Authorizing Statute sections 1 and 2, Wagner-Peyser Act as Amended section 14, and Federal Grant and Cooperative Agreement Act of 1977 section 6 authorize this information collection. See 29 U.S.C. 1, 2, 49L-1; 31 U.S.C. 6305.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0079.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on May 31, 2018. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 17, 2017 (82 FR 54418).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1220-0079. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Coverage of Certain Preventive Services under the Affordable Care Act information collection requirements applicable to the private sector. A covered health insurance issuer or third-party administrator providing or arranging payments for contraceptive services for participants and beneficiaries in plans (or student enrollees and covered dependents in student health insurance coverage) of eligible organizations must generally provide a written notice to such plan participants and beneficiaries (or such student enrollees and covered dependents) informing them of the availability of such payments. To satisfy the notice requirement, issuers and third-party administrators may use the model language set forth in final regulations issued on October 13, 2017, or substantially similar language. See 78 FR 39893. To avoid contracting,

arranging, paying, or referring for contraceptive coverage, an organization seeking to be treated as an eligible organization under the final regulations may self-certify—by using EBSA Form 700—that the organization meets the definition of an eligible organization. This ICR has been classified as a revision for two reasons. First, the information collection requirements related to for-profit firms and not-for-profit institutions were previously approved under separate OMB Control Numbers (1210–0150 and 1210–0152). The Department is now combining the collections, as the requirements are identical for all private sector respondents. In addition, the clearance is being revised to align the approval with injunctive activity by suspending the information collection requirements related to the notice to enrollees about the availability of separate payments for contraceptive services and the notice of revocation of an accommodation. See *California v. Health and Human Services*, et al., 281 F. Supp. 3d 806, 813 (N.D. Cal. 2017); *Pennsylvania v. Trump*, 281 F. Supp. 3d 553, 561 (E.D. Pa. 2017). Employee Retirement Income Security Act of 1974 section 508 authorizes this information collection. See 29 U.S.C. 1059.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0150. The current approval is scheduled to expire on April 30, 2018; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 13, 2017 (82 FR 47769).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal**

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
