SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Bureau of Labor Statistics (BLS) Occupational Safety and Health Statistics Cooperative Agreement Application Package information collection. The BLS enters into cooperative agreements with States and their political subdivisions to assist them in developing and administering programs dealing with occupational safety and health statistics and to arrange through these agreements for research to further Occupational Safety and Health Act of 1970 (OSH Act) objectives. The BLS awards funds to a State through a Cooperative Agreement. The Cooperative Agreement package includes application instructions and materials as well as financial reporting, closeout, and other administrative requirements. This information collection has been classified as a revision, because of the addition of an Occupational Safety and Health Statistics Budget Variance form and the Occupational Safety and Health Statistics Financial Reconciliation Worksheet -B: AAMC (additional activities to maintain currency) form. BLS Authorizing Statute sections 1 and 2, OSH Act section 20, and Federal Grant and Cooperative Agreement Act of 1977 section 6 authorize this information collection. This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB

Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220–0149. The current approval is scheduled to expire on May 31, 2018; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 17, 2017 (82 FR 54416).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**.
