General Description of Collection:
Upon the failure of an FDIC-insured depository institution, the FDIC must determine the total insured amount for each depositor. 12 U.S.C. 1821(f). To make this determination, the FDIC must ascertain the balances of all deposit accounts owned by the same depositor in the same ownership capacity at a failed institution as of the day of failure. The FDIC issued a regulation (12 CFR 360.9) to modernize the process of determining the insurance status of each depositor in the event of failure of a covered institution. The regulation requires covered institutions to adopt mechanisms that would, in the event of the institution’s failure (1) provide the FDIC with standard deposit account and

other customer information, and (2) allow the placement and release of holds on liability accounts, including deposits. The regulation applies only to covered institutions and imposes the following recordkeeping and reporting requirements:

Recordkeeping

360.9(c)(1) and (2)—*Posting and Removing Provisional Holds.* Covered institutions must have an automatic process for placing a provisional hold on deposit accounts within timeframes specified in FDIC regulations.

360.9(d)(1) and (2)—*Providing Standard Data Format for Deposit Account and Customer Information.* Covered institutions must produce

information in the specified standard data format.

Reporting

360.9(c)(3)—Covered institutions must notify the FDIC of the person(s) responsible for producing required standard data downloads and for administering provisional holds.

360.9(c)(9)—A covered institution may request an exemption from the provisional hold requirements for certain account systems servicing a relatively small number of accounts where manual application of provisional holds is feasible.

360.9(d)(3)—Upon request by the FDIC, a covered institution must submit the data required by 360.9(d)(1) .

360.9(e)(7)—A covered institution may request an extension of the deadline to comply with provisional hold and standard data format requirements.

360.9(f)—A covered institution may request an exemption from the provisional hold and standard data format requirements due to high concentration of deposits incidental to credit card operations.

360.9(h)—A covered institution’s compliance with the recordkeeping and

reporting requirements set forth in the rule will be tested by the FDIC.

Burden Estimate Methodology and Assumptions

The FDIC is revising its burden estimate because the number of covered institutions has decreased due to economic fluctuations and most covered institutions have already implemented the requirements of the regulation and will only face reduced ongoing compliance burdens. Based on FDIC Call Report data,¹ the regulation

currently applies to 145 institutions. The FDIC has determined that in the past, between 1 and 3 new institutions per quarter have become covered under the regulation. FDIC estimates that on average, 2 new institutions per quarter (8 new institutions per year) will become covered and be subject to initial implementation burden. The following table reflects the FDIC’s estimate of the breakdown of covered institutions facing implementation and ongoing burden during the next three years:

NUMBER OF INSTITUTIONS

	Year 1	Year 2	Year 3	Average
Implementation	8	8	8	8
Ongoing	145	153	161	153
Total	153	161	169	161

All covered institutions will be required to comply with the requirements of 360.9(h). FDIC estimates that half of the covered institutions will be tested for compliance each year. As a result, it is estimated that an average of 81 covered institutions will be affected by this reporting burden annually. No institutions have requested an extension under section 360.9(e)(7), or exemptions under sections 360.9(c)(9) or 360.9(f). The “Summary of Annual Burden” table above lists a respondent count of 1 for these requests as placeholders to preserve the burden estimates for these activities.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

FEDERAL RESERVE SYSTEM

Proposed Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Board of Governors of the Federal Reserve System (Board).
ACTION: Notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (PRA), the Board, the Federal Deposit Insurance Corporation (FDIC), and the Office of the Comptroller of the Currency (OCC) (collectively, the agencies) may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. On December 27, 2017, the Board, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), requested public comment for 60 days on a proposal to extend, with revision, the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (FFIEC 002) and the Report of Assets and Liabilities of a Non-U.S. Branch that is Managed or Controlled by a U.S. Branch or Agency of a Foreign (Non-U.S.) Bank (FFIEC 002S), which are currently approved collections of information. The Board

published this proposal on behalf of the agencies.

The proposed revisions to these reports align with corresponding changes made to the Consolidated Reports of Condition and Income (FFIEC 031, FFIEC 041, and FFIEC 051). The Consolidated Reports of Condition and Income are commonly referred to as the Call Report. The proposed revisions to the FFIEC 002 and the FFIEC 002S delete or consolidate certain items, establish certain reporting thresholds, account for changes in the accounting for equity investments, and make instructional clarifications consistent with those previously made to or currently proposed for the Call Report instructions. The proposed revisions would result in an overall reduction in burden.

The comment period for this proposal ended on February 26, 2018. The Board received two comments addressing the proposed changes. After considering the comments received on the proposal, the agencies will proceed with the proposed reporting revisions to the FFIEC 002 and FFIEC 002S, while incorporating one clarification in response to a comment. These reporting revisions would take effect as of the June 30, 2018, report date. The Board is giving notice that it is sending the collection to OMB for review.

DATES: Comments must be submitted on or before May 29, 2018.

ADDRESSES: Interested parties are invited to submit written comments to the agency listed below. All comments, which should refer to the OMB control
