**Overview of This Information Collection**

*Collection Title:* Recordkeeping Requirements of the Uniform Guidelines on Employee Selection Procedures, 29 CFR part 1607, 41 CFR part 60-3, 28 CFR part 50, 5 CFR part 300.

*OMB Number:* 3046-0017.

*Type of Respondent:* Businesses or other institutions; Federal Government; State or local governments and farms.

*North American Industry Classification System (NAICS) Code:* Multiple.

*Standard Industrial Classification Code (SIC):* Multiple.

*Description of Affected Public:* Any employer, Government contractor, labor organization, or employment agency covered by the Federal equal employment opportunity laws.

*Respondents:* 961,709.

*Responses:*<sup>2</sup> 961,709.

*Recordkeeping Hours:* 7,825,132 per year.

*Number of Forms:* None.

*Form Number:* None.

*Frequency of Report:* None.

*Abstract:* The Uniform Guidelines provide fundamental guidance for all Title VII-covered employers about the use of employment selection procedures. The records addressed by UGESP are used by respondents to ensure that they are complying with Title VII and Executive Order 11246; by the Federal agencies that enforce Title VII and Executive Order 11246 to investigate, conciliate, and litigate charges of employment discrimination; and by complainants to establish violations of Federal equal employment opportunity laws. While there is no data available to quantify these benefits, the collection of accurate applicant flow data enhances each employer's ability to address any deficiencies in recruitment and selection processes, including detecting barriers to equal employment opportunity.

On February 22, 2018, the Commission published a 60-Day Notice informing the public of its intent to request an extension without change of the information collection requirements from the Office of Management and Budget. 83 FR 7720 (February 22, 2018). No comments were received.

*Burden Statement:* There are no reporting requirements associated with UGESP. The burden being estimated is the cost of collecting and storing a job applicant's gender, race, and ethnicity data.

The only paperwork burden derives from this recordkeeping. Only employers covered under Title VII and Executive Order 11246 are subject to

UGESP. For the purposes of burden calculation, employers with 15 or more employees are counted. The number of such employers is estimated at 961,709 which combines estimates from private employment,<sup>1</sup> the public sector,<sup>2</sup> colleges and universities,<sup>3</sup> and referral unions.<sup>4</sup>

This burden assessment is based on an estimate of the number of job applications submitted to all Title VII-covered employers in one year, including paper-based and electronic applications. The total number of job applications submitted every year to covered employers is estimated to be 1,878,031,768, based on a National Organizations Survey<sup>5</sup> average of approximately 35 applications<sup>6</sup> for every hire and a Bureau of Labor Statistics data estimate of 62,719,000 annual hires.<sup>7</sup> This figure also includes 146,506 applicants for union membership reported on the EEO-3 form for 2016.

The employer burden associated with collecting and storing applicant demographic data is based on the following assumptions: Applicants would need to be asked to provide three pieces of information—sex, race/ethnicity, and an identification number (a total of approximately 13 keystrokes);

The number of government entities was adjusted to only include those with 15 or more employees.

<sup>5</sup> The National Organizations Survey is a survey of business organizations across the United States in which the unit of analysis is the actual workplace (<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/04074>).

<sup>6</sup> The number of applications provided by NOS is 35.225 and therefore calculations will not result in the same total amount due to rounding.

<sup>7</sup> Bureau of Labor Statistics Job Openings and Labor Turnover Survey, 2016 annual level data (Not seasonally adjusted), is the source of the original data (<http://www.bls.gov/jlt/data.htm>). Select "Multi-screen Data Search", then "Total Non-farm" and click "Next Form (after each of the following selections choose "next form" as well) Choose "Total US", then "Hires", then "Level-In Thousands", then "Not Seasonally Adjusted". Select "Retrieve Data". Add all monthly numbers for the year 2016. Please remember that counts are in thousands. The BLS figure (62,719,000) has been adjusted to only include hires by firms with 15 or more employees.

the employer would need to transfer information received to a database either manually or electronically; and the employer would need to store the 13 characters of information for each applicant. Recordkeeping costs and burden are assumed to be the time cost associated with entering 13 keystrokes.

Assuming that the required recordkeeping takes 30 seconds per record, and assuming a total of 1,878,031,768 paper and electronic applications per year (as calculated above), the resulting UGESP burden hours would be 7,825,132. Based on a wage rate of \$15.21 per hour for the individuals entering the data, the collection and storage of applicant demographic data would come to approximately \$119,020,258 per year for Title VII-covered employers. We expect that the foregoing assumptions are over-inclusive, because many employers have electronic job application processes that should be able to capture applicant flow data automatically.

However, the average burden per employer is relatively small. As stated above, we estimate that UGESP applies to 961,709 employers. Therefore, the cost per covered employer is less than \$124 each (\$119,020,258 divided by 961,709 is equal to \$123.76). Additionally, UGESP allows for simplified recordkeeping for employers with more than 15 but less than 100 employees.<sup>8</sup>

**SUPPLEMENTARY INFORMATION:**

*Proposal to renew the following currently approved collection of information:*

- Title:* Notice of Branch Closure.
- OMB Number:* 3064-0109.
- Form Number:* None.
- Affected Public:* Insured depository institutions.
- Burden Estimate:*

**SUMMARY OF ANNUAL BURDEN**

Adoption of Closure Policy .....	Recordkeeping .....	Mandatory .....	23	8	One time .....	184

<b>Total Estimated Annual Burden .....</b>						<b>1,550</b>

*General Description of Collection:* Section 42 of the Federal Deposit Insurance Act mandates that an insured depository institution closing a branch notify its primary federal regulator not later than 90 days prior to the closing. The statute also provides that a notice be posted on the premises of the branch for the 30-day period immediately prior to the closing and that the customers be notified in a mailing at least 90 days prior to the closing. Each insured depository institution that has one or

more branches is required to adopt a written policy for branch closings.

*Burden Estimate Methodology and Assumptions:* There are no changes in the methodology or substance of this information collection. FDIC believes that the existing estimate of the time required to develop a written branch closure policy and to provide the required branch closure notices is accurate. The number of branch closure notifications is closely related to the number of branches closed, while the

number of closure policy adoptions equals the number newly chartered branch banking institutions and the number of existing banking institutions that transition from having no branches to having at least one branch. To derive an estimate of average annual branch closure notifications, FDIC Risk Management Supervision (RMS) staff counted the number of full-service standalone and in-store branches that closed between 2015 and 2017. In addition, FDIC staff count the number of
