SUPPLEMENTARY INFORMATION:

Title: Consumer Complaints.
OMB Control Number: 2127–0008.

Type of Request: Renewal of current information collection.

Summary: The purpose of this collection provides a benefit to NHTSA's Office of Defects Investigation (ODI). Consumer vehicle safety complaints submitted to ODI are analyzed to determine if a defect trend exists that may require an investigation or the initiation of a recall. An ODI investigator may respond to a consumer submitting a complaint if they require more information. Complaints are collected daily through NHTSA's Vehicle Safety Hotline, www.nhtsa.gov website, or through correspondence. The complaints contain a consumer's allegation of a safety defect that they experienced with their vehicle or vehicle equipment, including injuries, crashes, property damage, and death. All complaints are converted to a Vehicle Owner Questionnaire (VOQ) format and reviewed by ODI investigation/engineer staff. ODI staff determines if the collection of complaints/VOQs describing an unreasonable safety risk in a specific make, model and model year of a vehicle or vehicle equipment warrants further action by the agency.

Abstract: Chapter 301 of title 49 of the United States Code, the Secretary of Transportation is authorized to require manufacturers of motor vehicles and motor vehicle equipment to conduct owner notification and remedy, *i.e.*, a recall campaign, when it has been determined that a safety defect exists in the performance, construction, components, or materials in motor vehicles and motor vehicle equipment. To make this determination, the National Highway Traffic Safety Administration (NHTSA) solicits information from vehicle owners which is used to identify and evaluate possible safety-related defects and provide the necessary evidence of the existence of such a defect. Under the Authority of chapter 301 of Title 49 of the United States Code, the Secretary of Transportation is authorized to require manufacturers of motor vehicle and motor vehicle equipment which do not comply with the applicable motor vehicle safety standards or contains a defect that relates to motor vehicle safety to notify each owner that their vehicle contains a safety defect or noncompliance. Also, the manufacturer of each such motor vehicle item of replacement equipment presented for remedy pursuant to such notification shall cause such defect or noncompliance to be remedied without charge. In the case of a motor vehicle presented for remedy pursuant to such notification, the manufacturer shall
