

are available on a first-come, first-served basis. All public meetings will be recorded and transcribed for internal NIST use only.

For participants attending the May 17 meeting at the USPTO Regional Office in San Jose, a government-issued photo ID is required for building access.

For participants attending the June 14 meeting at the NIST Gaithersburg campus, please note that NIST can only accept a state-issued driver's license or identification card for access to Federal facilities if such license or identification card is issued by a state that is compliant with the REAL ID Act of 2005 (Pub. L. 109–13), or by a state that has an extension for REAL ID compliance. NIST currently accepts other forms of Federal-issued identification in lieu of a state-issued driver's license. For detailed information please contact Mary Lou Norris at 301–975–2002 or visit: http://nist.gov/public_affairs/visitor/.

To request accommodation of a disability, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, no later than seven (7) calendar days prior to the selected meeting to allow as much time as possible to process your request.

III. Request for Information

Respondents are encouraged—but are not required—to respond to each question and to present their answers after each question. The following questions cover the major areas about which NIST seeks comment. Respondents may organize their submissions in response to this RFI in any manner. Responses may include estimates, which should be identified as such.

All responses that comply with the requirements listed in the **DATES** and **ADDRESSES** sections of this RFI will be considered.

NIST is interested in receiving responses to the following questions from the stakeholder community:

(1) What are the core Federal technology transfer principles and practices that should be protected, and those which should be adapted or changed?

(2) What are the issues that pose systemic challenges to the effective transfer of technology, knowledge, and capabilities resulting from Federal R&D? Please consider those identified in the RFI as well as others that may have inhibited collaborations with Federal laboratories, access to other federally funded R&D, or commercialization of technologies resulting from Federal R&D.

(3) What is the proposed solution for each issue that poses a systemic challenge to the effective transfer of technology, knowledge, and capabilities resulting from Federal R&D? Please consider the approaches identified in the RFI.

(4) What are other ways to significantly improve the transfer of technology, knowledge, and capabilities resulting from Federal R&D to benefit U.S. innovation and the economy? What changes would these proposed improvements require to Federal technology transfer practices, policies, regulations, and legislation?

Authority: 15 U.S.C. 3710(g); Department Organization Order 30–2A.

Phillip A. Singerman,

Associate Director for Innovation and Industry Services.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Renewal of the Advisory Committee on Commercial Remote Sensing

ACTION: Notice.

SUMMARY: The Secretary of Commerce has determined that the renewal of the Advisory Committee on Commercial Remote Sensing (ACCRES) is in the public interest in connection with the performance of duties imposed on the Department by law. ACCRES was renewed on March 8, 2018.

FOR FURTHER INFORMATION CONTACT:

Samira Patel, Commercial Remote Sensing Regulatory Affairs Office, NOAA Satellite and Information Services, 1335 East-West Highway, Room 8247, Silver Spring, Maryland 20910; telephone (301) 713–7077, email samira.patel@noaa.gov.

SUPPLEMENTARY INFORMATION: The Committee was first established in May 2002, to advise the Under Secretary of Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote-sensing industry and NOAA's activities to carry out the responsibilities of the Department of Commerce set forth in the National and Commercial Space Programs Act of 2010 (The Act) Title 51 U.S.C. 60101 *et seq.* (formally the Land Remote Sensing Policy Act of 1992 15 U.S.C. Secs. 5621–5625).

ACCRES will have a fairly balanced membership consisting of approximately 9 to 20 members serving

in a representative capacity. All members should have expertise in remote sensing, space commerce or a related field. Each candidate member shall be recommended by the Assistant Administrator and shall be appointed by the Under Secretary for a term of two years at the discretion of the Under Secretary.

The Committee will function solely as an advisory body, and in compliance with provisions of the Federal Advisory Committee Act. Copies of the Committee's revised Charter have been filed with the appropriate committees of the Congress and with the Library of Congress.

This renewal is in accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App 2, and the General Services Administration (GSA) rule on Federal Advisory Committee Management, 41 CFR part 101–6. The Secretary made the determination after consultation with GSA,

Stephen M. Volz,

Assistant Administrator for Satellite and Information Services.
