## DEPARTMENT OF COMMERCE

### Bureau of the Census

[Docket Number 180319296-8296-01]

#### Final Content Design for the Prototype 2020 Census Redistricting Data File

**AGENCY:** Bureau of the Census, Department of Commerce.

**ACTION:** Notice.

**SUMMARY:** The Bureau of the Census (U.S. Census Bureau) hereby provides notification of the final design for the Prototype 2020 Census Redistricting Data File to be produced from the 2018 End-to-End Census Test. In addition, this notice contains a summary of the comments received in response to the November 8, 2017 **Federal Register** notice as well as the Census Bureau's responses to those comments. We are issuing this notice to inform the public of the expected data tables being produced from the 2018 End-to-End Census Test as part of Phase 3 (Data Delivery phase) of the 2020 Census Redistricting Data Program.

**DATES:** The Final Content Design for the Prototype 2020 Census Redistricting

Data File in this notice will be official May 31, 2018.

**FOR FURTHER INFORMATION CONTACT:**

James Whitehorne, Chief, Census Redistricting and Voting Rights Data Office, U.S. Census Bureau, 4600 Silver Hill Road, Room 4H057, Washington, DC 20233, telephone (301) 763-4039, or email [rdo@census.gov](mailto:rdo@census.gov).

**SUPPLEMENTARY INFORMATION:** Under the provisions of Public Law 94-171, as amended (Title 13, United States Code (U.S.C.), Section 141(c)), the Director of the Census Bureau is required to provide the "officers or public bodies with initial responsibility for legislative apportionment or districting of each state . . ." with the opportunity to specify small geographic areas (e.g., census blocks, voting districts, wards, and election precincts) for which they wish to receive decennial census population totals for the purpose of reapportionment and redistricting.

By April 1 of the year following the census, the Secretary of Commerce is required to furnish those state officials or their designees with population counts for counties, cities, census blocks, and state-specified congressional districts, legislative districts, and voting districts.

The 2020 Census Redistricting Data Program was initially announced on July 15, 2014, in the **Federal Register** (79 FR 41258). This notice described the program that the Census Bureau proposed to adopt for the 2020 Census. As seen in the 1990, 2000, and 2010 censuses, the 2020 Census Redistricting Data Program is partitioned into several phases. Phase 1, the Block Boundary Suggestion Project, was announced in a **Federal Register** notice on June 26, 2015 (80 FR 36765). This notice described the procedures for the states to provide the Census Bureau with their suggestions for the 2020 Census tabulation block inventory. Phase 2, the Voting District Project, was announced in a **Federal Register** notice on June 28, 2017 (82 FR 29276). This second phase specifically provides states the opportunity to provide the Census Bureau with their voting district boundaries (election precincts, wards, etc.). Phase 3 of the 2020 Redistricting Data Program is data delivery.

The 2020 Census Redistricting Data Program provides states the opportunity to specify the small geographic areas for which they wish to receive 2020 Census population totals for the purpose of reapportionment and redistricting. This notice pertains to Phase 3, the Data Delivery phase of the program, and the content of the Prototype 2020 Census Redistricting Data File that will be

produced from the 2018 End-to-End Census Test.

#### Summary of Comments Received in Response to the "Proposed Content for the Prototype 2020 Census Redistricting Data File"

On November 8, 2017, the Census Bureau published a notice in the **Federal Register** asking for public comment on the "Proposed Content for the Prototype 2020 Census Redistricting Data File" (82 FR 51805). The Census Bureau received three comments.

*Comment 1:* The comment expressed support for keeping separate questions on Hispanic origin and race.

*Response to Comment 1:* As this **Federal Register** notice pertains to data product format and not data collection methods, this comment is considered outside the scope of this notice.

*Comment 2:* The comment expressed support for including the group quarters tabulation as a part of the data product.

*Response to Comment 2:* The group quarters tabulation will be included as a part of the Prototype 2020 Redistricting Data File.

*Comment 3:* The comment expressed support for a Middle East North African race or ethnicity category for data collection.

*Response to Comment 3:* As this **Federal Register** notice pertains to data product format and not data collection methods, this comment is considered outside the scope of this notice.

The Census Bureau will continue to communicate with each state to ensure all are well informed of the benefits of working with the Census Bureau toward a successful 2020 Census. In addition, the Census Redistricting and Voting Rights Data Office will continue to work with each state to ensure that all are prepared to participate in every phase of the Redistricting Data Program. As required by Public Law 94-171, every state, regardless of its participation in Phase 1 or Phase 2, will receive the official redistricting data in Phase 3.

#### Final Content Design for the Prototype 2020 Census Redistricting Data File

This final content design takes into account that the Census Bureau has now determined that planned race and ethnicity questions for the 2020 Census will follow a two-question format. The decision to use separate questions is detailed in the 2020 Census Memorandum Series as Memorandum 2018.02. It is available at: [https://www.census.gov/programs-surveys/decennial-census/2020-census/planning-management/memo-series/2020-memo-2018\\_02.html](https://www.census.gov/programs-surveys/decennial-census/2020-census/planning-management/memo-series/2020-memo-2018_02.html).

While the decision to use separate questions means the final content design announced here differs from what was proposed in the previous notice, the possibility of using separate questions for race and ethnicity and its effect on the prototype file design was addressed in that notice. Using separate questions follows the most current race and ethnicity collection guidance set by the Office of Management and Budget, which remains unchanged since 1997.

In accordance with the provisions of Title 13, U.S.C., Section 141(c), and on behalf of the Secretary of Commerce, the U.S. Census Bureau Director previously requested comments on the proposed content of the required population counts being produced as part of Phase 3 of the 2020 Census Redistricting Data Program.

The proposed content stated that should the Census Bureau use separate questions on race and ethnicity, then the prototype file would revert to the same design as that used for the 2010 Census. In addition, the proposed content stated that regardless of whether a separate or combined question format is used in the 2020 Census, a group quarters table will be added to assist those states that reallocate populations before redistricting. This table will include the group quarters categories of: Institutionalized populations (correctional facilities for adults, juvenile facilities, nursing facilities/skilled nursing facilities, and other institutional facilities) and noninstitutionalized populations (college/university student housing, military quarters, and other non-institutionalized facilities). The group quarters table will include state, county, county subdivision, voting district, tract, and block geographic levels for the total population in the group quarters count. Thus, the final design of the Prototype 2020 Census Redistricting Data File will be the same design as that used for the 2010 Census Redistricting Data File, with the addition of a group quarters table.

A schematic of the tables planned for the Prototype 2020 Census Redistricting File is available at the Census Bureau's FTP site at: [https://www2.census.gov/programs-surveys/decennial/rdo/about/2020-census-program/Phase3/Phase3\\_prototype\\_schematic\\_final.pdf](https://www2.census.gov/programs-surveys/decennial/rdo/about/2020-census-program/Phase3/Phase3_prototype_schematic_final.pdf).

Dated: April 24, 2018.

**Ron S. Jarmin,**

*Associate Director for Economic Programs Performing the Non-Exclusive Functions and Duties of the Director Bureau of the Census.*

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* International Trade Administration.

*Title:* Export Trade Certificate of Review.

*OMB Control Number:* 0625-0125.

*Form Number(s):* ITA-4093P.

*Type of Request:* Regular Submission.

*Number of Respondents:* 9.

*Average Hours per Response:* 32 hours (application); 2 hours (annual report).

*Burden Hours:* 440 hours.

*Needs and Uses:* The collection of information is necessary for both the Departments of Commerce and Justice to conduct an analysis, in order to determine whether the applicant and its members are eligible to receive the protection of an Export Trade Certificate of Review and whether the applicant's proposed export-related conduct meets the standards in Section 303(a) of the Act. The collection of information constitutes the essential basis of the statutory determinations to be made by the Secretary of Commerce and the Attorney General.

*Affected Public:* Business or other for profit organizations; not-for-profit institutions, and state, local or tribal government.

*Frequency:* Submission of an application form is required each time an entity of the affected public applies for a new or amended Export Trade Certificate of Review. Completion of an annual report is required one time per year from existing Certificate holders.

*Respondent's Obligation:* Voluntary.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax to (202) 395-5806.

**Sheleen Dumas,**

*Departmental Lead PRA Officer, Office of the Chief Information Officer.*

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* International Trade Administration.

*Title:* Survey of International Air Travelers (SIAT).

*OMB Control Number:* 0625-0227.

*Form Number(s):* None.

*Type of Request:* Regular submission (extension and revision of a currently approved information collection).

*Number of Respondents:* 300,000.

*Average Hours per Response:* 15 minutes.

*Burden Hours:* 75,000.

*Needs and Uses:* The Survey of International Air Travelers (SIAT) program, administered by the National Travel and Tourism Office (NTTO) of the International Trade Administration provides source data required to: (1) Estimate international travel and passenger fare exports, imports and the trade balance for the United States, (2) comply with the U.S. Travel Promotion Act of 2009 (Pub. L. 111-145), collect, analyze and report information to the Corporation for Travel Promotion (CTP), and support the National Export Initiative (NEI-NEXT) to double U.S. exports, (3) comply with the 1945, 1961, 1981, and 1996 travel and tourism related acts to collect and publish comprehensive international travel and tourism statistics and other marketing information, and (4) support the continuation of the Travel & Tourism Satellite Accounts for the United States, which provide the only spending and employment figures for the industry. The SIAT program contains the core data that is analyzed and communicated by NTTO with other government agencies, associations and businesses that share the same objective of increasing U.S. international travel exports.

The SIAT assists NTTO in assessing the economic impact of international travel on state and local economies, providing visitation estimates, key market intelligence, and identifying traveler and trip characteristics. The U.S. Department of Commerce assists travel industry enterprises to increase international travel and passenger fare exports for the country as well as outbound travel on U.S. carriers. The Survey program provides the only
