

through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the final results is now May 7, 2018.⁵

Scope of the Orders

The merchandise covered by these orders is certain wind towers, whether or not tapered, and sections thereof. Certain wind towers are designed to support the nacelle and rotor blades in a wind turbine with a minimum rated electrical power generation capacity in excess of 100 kilowatts and with a minimum height of 50 meters measured from the base of the tower to the bottom of the nacelle (*i.e.*, where the top of the tower and nacelle are joined) when fully assembled.

A wind tower section consists of, at a minimum, multiple steel plates rolled into cylindrical or conical shapes and welded together (or otherwise attached) to form a steel shell, regardless of coating, end-finish, painting, treatment, or method of manufacture, and with or without flanges, doors, or internal or external components (*e.g.*, flooring/decking, ladders, lifts, electrical buss boxes, electrical cabling, conduit, cable harness for nacelle generator, interior lighting, tool and storage lockers) attached to the wind tower section. Several wind tower sections are normally required to form a completed wind tower.

Wind towers and sections thereof are included within the scope whether or not they are joined with nonsubject merchandise, such as nacelles or rotor blades, and whether or not they have internal or external components attached to the subject merchandise.

Specifically excluded from the scope are nacelles and rotor blades, regardless of whether they are attached to the wind tower. Also excluded are any internal or external components which are not attached to the wind towers or sections thereof.

Merchandise covered by the orders is currently classified in the Harmonized Tariff System of the United States (HTSUS) under subheadings

7308.20.0020⁶ or 8502.31.0000.⁷ Prior to 2011, merchandise covered by this review was classified in the HTSUS under subheading 7308.20.0000 and may continue to be to some degree. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the subject merchandise is dispositive.

Analysis of Comments Received

A complete discussion of all issues raised in these reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Orders* and the magnitude of the margins likely to prevail if the *Orders* were revoked, is provided in the accompanying Issues and Decision Memorandum, which is hereby adopted by this notice.⁸ A list of the topics discussed in the Issues and Decision Memorandum is attached to this notice as Appendix. The Issues and Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average margins up to 60.02 percent for China and up to 58.54 percent for Vietnam.

⁵ See Memorandum for The Record from Christian Marsh, Deputy Assistant Secretary for Enforcement and Compliance, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Shutdown of the Federal Government" (Tolling Memorandum), dated January 23, 2018. All deadlines in this segment of the proceeding have been extended by 3 days. In addition, because the deadline falls on a non-business day (*i.e.*, the weekend), pursuant to Commerce's practice, the deadline will become the next business day. The revised deadline is May 7, 2018.

⁶ Wind towers are classified under HTSUS 7308.20.0020 when imported as a tower or tower section(s) alone.

⁷ Wind towers may also be classified under HTSUS 8502.31.0000 when imported as part of a wind turbine (*i.e.*, accompanying nacelles and/or rotor blades).

Large Residential Washers From the Republic of Korea: Final Results of Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on large residential washers (washing machines) from the Republic of Korea (Korea) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable May 2, 2018.

FOR FURTHER INFORMATION CONTACT: Kaitlin Wojnar at (202) 482-3857, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the CVD order on washing machines from Korea on February 15, 2013.¹ On January 2, 2018, Commerce initiated this review, the first five-year (sunset) review of the *Order*, in accordance with section 751(c)(2) of the Tariff Act of 1930, as amended (the Act).² Whirlpool Corporation, a domestic producer of washing machines and the petitioner in the underlying CVD investigation, subsequently filed a timely notice of intent to participate.³

Commerce received an adequate and timely substantive response from the

petitioner on February 5, 2018.⁴ Neither the Government of Korea (GOK) nor any other respondent interested party to this proceeding submitted a substantive response. Therefore, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2), Commerce conducted an expedited sunset review of the *Order*. As a result of the tolling of deadlines for the closure of the Federal Government from January 20 through January 22, 2018, the deadline for this expedited sunset review was extended to May 7, 2018.⁵

Scope of the Order

The product covered by the *Order* is washing machines from Korea. For a complete description of the scope of the *Order*, see the Appendix to this notice.

Analysis of Comments Received

All issues raised in this review are addressed in the accompanying Issues and Decision Memorandum.⁶ These issues include the likelihood of continuation or recurrence of countervailable subsidies, the net countervailable subsidy rate likely to prevail upon revocation of the *Order*, and the nature of the subsidies.
