

United States Section of the NAFTA Secretariat on April 18, 2018, pursuant to NAFTA Article 1904. Panel Review was requested of the Department of Commerce's final antidumping duty determination regarding Large Residential Washers from Mexico. The final determination was published in the **Federal Register** on March 19, 2018 (83 FR 11,963). The NAFTA Secretariat has assigned case number USA-MEX-2018-1904-04 to this request.

FOR FURTHER INFORMATION CONTACT: Paul E. Morris, United States Secretary, NAFTA Secretariat, Room 2061, 1401 Constitution Avenue NW, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of Article 1904 of NAFTA provides a dispute settlement mechanism involving trade remedy determinations issued by the Government of the United States, the Government of Canada, and the Government of Mexico. Following a Request for Panel Review, a Binational Panel is composed to review the trade remedy determination being challenged and issue a binding Panel Decision. There are established NAFTA Rules of Procedure for Article 1904 Binational Panel Reviews, which were adopted by the three governments for panels requested pursuant to Article 1904(2) of NAFTA which requires Requests for Panel Review to be published in accordance with Rule 35. For the complete Rules, please see <https://www.nafta-sec-alena.org/Home/Texts-of-the-Agreement/Rules-of-Procedure/Article-1904>.

The Rules provide that:

(a) A Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is May 18, 2018);

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is June 4, 2018); and

(c) The panel review shall be limited to the allegations of error of fact or law, including challenges to the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and to the procedural and substantive defenses raised in the panel review.

Dated: April 26, 2018.

Paul E. Morris,

U.S. Secretary, NAFTA Secretariat.

Large Residential Washers From the Republic of Korea: Final Results of Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on large residential washers (washing machines) from the Republic of Korea (Korea) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable May 2, 2018.

FOR FURTHER INFORMATION CONTACT: Kaitlin Wojnar at (202) 482-3857, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the CVD order on washing machines from Korea on February 15, 2013.¹ On January 2, 2018, Commerce initiated this review, the first five-year (sunset) review of the *Order*, in accordance with section 751(c)(2) of the Tariff Act of 1930, as amended (the Act).² Whirlpool Corporation, a domestic producer of washing machines and the petitioner in the underlying CVD investigation, subsequently filed a timely notice of intent to participate.³

Commerce received an adequate and timely substantive response from the

petitioner on February 5, 2018.⁴ Neither the Government of Korea (GOK) nor any other respondent interested party to this proceeding submitted a substantive response. Therefore, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2), Commerce conducted an expedited sunset review of the *Order*. As a result of the tolling of deadlines for the closure of the Federal Government from January 20 through January 22, 2018, the deadline for this expedited sunset review was extended to May 7, 2018.⁵

Scope of the Order

The product covered by the *Order* is washing machines from Korea. For a complete description of the scope of the *Order*, see the Appendix to this notice.

Analysis of Comments Received

All issues raised in this review are addressed in the accompanying Issues and Decision Memorandum.⁶ These issues include the likelihood of continuation or recurrence of countervailable subsidies, the net countervailable subsidy rate likely to prevail upon revocation of the *Order*, and the nature of the subsidies. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit in Room B8024 of the main Commerce building. In addition, a complete electronic version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to sections 752(b)(1) and (3) of the Act, we determine that revocation of the *Order* would be likely to lead to continuation or recurrence of net

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Order

The products covered by this order are all large residential washers and certain subassemblies thereof from Korea.

For purposes of this order, the term “large residential washers” denotes all automatic clothes washing machines, regardless of the orientation of the rotational axis, except as noted below, with a cabinet width (measured from its widest point) of at least 24.5 inches (62.23 cm) and no more than 32.0 inches (81.28 cm).

Also covered are certain subassemblies used in large residential washers, namely: (1) All assembled cabinets designed for use in large residential washers which incorporate, at a minimum: (a) At least three of the six cabinet surfaces; and (b) a bracket; (2) all assembled tubs¹ designed for use in large residential washers which incorporate, at a minimum: (a) A tub; and (b) a seal; (3) all assembled baskets² designed for use in large residential washers which incorporate, at a minimum: (a) A side wrapper;³ (b) a base;

and (c) a drive hub;⁴ and (4) any combination of the foregoing subassemblies.

Excluded from the scope are stacked washer-dryers and commercial washers. The term “stacked washer-dryers” denotes distinct washing and drying machines that are built on a unitary frame and share a common console that controls both the washer and the dryer. The term “commercial washer” denotes an automatic clothes washing machine designed for the “pay per use” market meeting either of the following two definitions:

(1) (a) It contains payment system electronics;⁵ (b) it is configured with an externally mounted steel frame at least six inches high that is designed to house a coin/token operated payment system (whether or not the actual coin/token operated payment system is installed at the time of importation); (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners;⁶ or

(2) (a) it contains payment system electronics; (b) the payment system electronics are enabled (whether or not the payment acceptance device has been installed at the time of importation) such that, in normal operation,⁷ the unit cannot begin a wash cycle without first receiving a signal from a *bona fide* payment acceptance device such as an electronic credit card reader; (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners.

Also excluded from the scope are automatic clothes washing machines with a vertical rotational axis and a rated capacity of less than 3.70 cubic feet, as certified to the U.S. Department of Energy pursuant to 10 CFR 429.12 and 10 CFR 429.20, and in accordance with the test procedures established in 10 CFR part 430.

The products subject to this order are currently classifiable under subheading 8450.20.0090 of the Harmonized Tariff System of the United States (HTSUS). Products subject to this order may also enter

⁴ A “drive hub” is the hub at the center of the base that bears the load from the motor.

⁵ “Payment system electronics” denotes a circuit board designed to receive signals from a payment acceptance device and to display payment amount, selected settings, and cycle status. Such electronics also capture cycles and payment history and provide for transmission to a reader.

⁶ A “security fastener” is a screw with a non-standard head that requires a non-standard driver. Examples include those with a pin in the center of the head as a “center pin reject” feature to prevent standard Allen wrenches or Torx drivers from working.

⁷ “Normal operation” refers to the operating mode(s) available to end users (*i.e.*, not a mode designed for testing or repair by a technician).

under HTSUS subheadings 8450.11.0040, 8450.11.0080, 8450.90.2000, and 8450.90.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this scope is dispositive.
