For information pertaining to the status or publication schedules, contact the Regulatory Secretariat Division (MVCB), 1800 F Street NW, Washington, DC 20405, 202-501-4755. Please cite Notice MA-2018-02.

SUPPLEMENTARY INFORMATION: On March 23, 2018, the President signed HR 1625, "Consolidated Appropriations Act,

2018," which provided appropriations through fiscal year 2018. Section 608 of the law directs GSA to issue a notice for public comment regarding the inclusion of a communications facility installation under section 21 of the Federal Assets Sale and Transfer Act of 2016 (40 U.S.C. 1303 note) (FASTA).

The statute defines communications facility installation as any infrastructure, including any transmitting device, tower, or support structure, and any equipment, switches, wiring, cabling, power sources, shelters, or cabinets associated with the licensed or permitted unlicensed wireless or wireline transmission of writings, signs, signals, data, images, pictures, and sounds of any kind; and any antenna or apparatus that is designed for the purpose of emitting radio frequency; is designed to be operated, or is operating, from a fixed location pursuant to authorization by the Federal Communications Commission or is using duly authorized devices that do not require individual licenses; and is added to a tower, building, or other structure.

This Notice is requesting recommendations on (a) the criteria that make Federal real property capable of supporting communications facility installations; (b) the types of information related to the Federal real property that should be included in the Federal Real Property Profile (FRPP) database; (c) additional data related to installing a communication facility on Federal real property that should be considered, such as the types of real property best suited for a communication facility installation; and (d) locations that may be a higher priority based on market needs or gaps in various communication services, such as broadband or cellular services.

The FRPP is a centralized database containing descriptive information on Federal real property owned, leased or otherwise managed by executive branch agencies. Executive agencies submit real property data to the FRPP pursuant to section 21 of FASTA. A current list and associated definitions of FRPP data elements and reporting requirements are contained in the Federal Real Property Council Guidance on Real Property Inventory Reporting and can be found at: https://www.gsa.gov/cdnstatic/FY%202017%20FRPP%20DATA%20DICTIONARY%20V2_0.pdf.

Although the agency may not respond to each individual comment, GSA may

follow-up with respondents to clarify comments. GSA values public feedback and will consider all input that it receives.

Dated: May 2, 2018.

Alexander J. Kurien,

Deputy Associate Administrator, Office of Asset and Transportation Management, Office of Government-wide Policy.

Proposed Information Collection Activity; Comment Request

Proposed Projects

Title: Plan for Foster Care and Adoption Assistance: Title IV-E of the Social Security Act OMB No.: 0970-0433.

Description

A title IV-E plan is required by section 471, part IV-E of the Social Security Act (the Act) for each public child welfare agency requesting Federal funding for foster care, adoption assistance and guardianship assistance under the Act. Section 479B of the Act provides for an Indian tribe, tribal organization or tribal consortium (Tribe) to operate a title IV-E program in the same manner as a State with minimal exceptions. The Tribe must have an approved title IV-E Plan. The title IV-E plan provides assurances the programs will be administered in conformity with the specific requirements stipulated in title IV-E. The plan must include all applicable State or Tribal statutory, regulatory, or policy references and citations for each requirement as well as supporting documentation. A title IV-E agency may use the pre-print format prepared by the Children's Bureau of the Administration for Children and Families or a different format, on the condition that the format used includes all of the title IV-E plan requirements of the law.

Respondents: Title IV-E agencies administering or supervising the administration of the title IV-E programs.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Title IV–E Plan	17	1	16	272

Estimated Total Annual Burden Hours: 272.

In compliance with the requirements of the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chap 35), the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW, Washington DC 20201. Attn: ACF Reports Clearance Officer. Email address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Robert Sargis,

Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at paperwork@hhs.gov or call (301) 443–1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information request collection title for reference, in compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995.

Information Collection Request Title: Small Health Care Provider Quality Improvement Program, OMB No. 0915–0387—Revision.

Abstract: This program is authorized by Title III, Public Health Service Act, Section 330A(g) (42 U.S.C. 254c(g)), as

amended. This authority permits the Federal Office of Rural Health Policy (FORHP) to support grants that expand access to, coordinate, contain the cost of, and improve the quality of essential health care services, including preventive and emergency services, through the development of health care networks in rural and frontier areas and regions. The authority also allows HRSA to provide funds to rural and frontier communities to support the direct delivery of health care and related services, expand existing services, or enhance health service delivery through education, promotion, and prevention programs.

The purpose of the Small Health Care Provider Quality Improvement Grant (Rural Quality) Program is to provide support to rural primary care providers for implementation of quality improvement activities. The program promotes the development of an evidence-based culture and delivery of coordinated care in the primary care setting. Additional objectives of the program include improved health outcomes for patients, enhanced chronic disease management, and better engagement of patients and their caregivers. Organizations participating in the program are required to use an evidence-based quality improvement model; develop, implement and assess effectiveness of quality improvement initiatives; and use health information technology (HIT) to collect and report data. HIT may include an electronic patient registry or an electronic health record, and is a critical component for improving quality and patient outcomes. With HIT, it is possible to generate timely and meaningful data, which helps providers track and plan care.

Need and Proposed Use of the Information: FORHP collects this information to quantify the impact of grant funding on access to health care, quality of services, and improvement of health outcomes. FORHP uses the data for program improvement, and grantees use the data for performance tracking. The measures encompass access to care, population demographics, consortium/network, sustainability, quality improvement implementation strategies, clinical; and optional topic utilization.
