Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an intervenor which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are in the Document-less Intervention Guide under the e-filing link on the Commission's website. Motions to intervene are more fully described at <http://www.ferc.gov/resources/guides/how-to/intervene.asp>.

On December 21, 2017, Sierrita Gas Pipeline LLC (Sierrita) filed an application in Docket No. CP18-37-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities. Additionally, in Docket No. CP18-38-000, Sierrita is requesting an amendment to its Section 3 authorization and its Presidential Permit. On January 5, 2018, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Applications for the Project. Issuance of EA—June 13, 2018
90-Day Federal Authorization Decision
